Make Anything Happen Adams Media

Everyone wants to accomplish their goals and live the life of which they dream. But in today's busy age, how do we make that happen? This interactive book helps readers live an intentional life by determining their priorities and tapping into their creativity to create beautiful and functional vision boards and manageable action plans to achieve their goals. Through guided worksheets, vision board templates and samples, and planning pages, author Carrie Lindsey inspires readers to get clear on what they really want and then make it happen. Getting your life in order has never been so much fun! What would happen if you set aside a little time to write down what makes you excited and what drags you down? What if you took it a step further and set specific goals for living your best life? What if that process could be creative, exciting, and lead to actual change? Use the guided worksheets to establish your priorities Create vision boards that make your goals concrete and attainable Discover strategies to

manifest the life of your dreams Change is hard, but it's worth it. And with this book, it's also a heck of a lot of fun. Readers also have access to a private Facebook group full of members who are working towards living their dreams.

The Complete Idiot's Guide to Vision Boards Atria Books/Beyond Words

Can you succeed in business when your strength is more about sensitivity than swagger? If you're moved by meaning, more than manipulation? In other words: Can you succeed while still being you? Christine Kane is living proof that the answer is yes. Far too many of us have swallowed the notion that business owners have to be a certain way to be successful—strategy-obsessed, data-driven, and relentlessly aggressive. Bookstore shelves are lined with guides for entrepreneurs that urge them to "Crush it! "10X It!" or "Unf**k it!" Those who aren't crushers or unf**kers of anything are left wondering if something's wrong with them. Like, maybe they're just not cut out for business. A former songwriter and performer, and then founder of Uplevel YOU—a multi-million-dollar business coaching company—Christine Kane shows a new class of entrepreneurs another way. It's time to connect, not crush. In *The Soul-Sourced Entrepreneur*, Kane

shares the insights that have helped thousands find success without losing themselves. In these pages, readers will find a practical plan to:

- Toss out ineffective, old-school goal-setting models.
- Reframe your intuition and sensitivity as valuable assets, not as flaws to hide.
- Examine old patterns for clues as to what's been holding you back.
- Clean up the spaces and distractions draining your energy and power.
- Learn to confidently trust in your own wisdom.
- Break free from fear-based decision-making that plagues most businesses.

Throughout the book, you'll hear stories from other soul-sourced entrepreneurs, who employ their own reliable, unique set of best practices based as much in intuition and self-awareness as on specific skills and strategies. Forget business as usual. Your business is personal, and in this new era, authenticity, creativity, and sensitivity are what set businesses apart. The Soul-Sourced Entrepreneur is your unconventional plan to build the business of your dreams, and being wildly successful by being you.

Vision Board Kit for Adults Simon and Schuster

Vision Boards (or Dream Boards) are popular with a wide variety of demographics and have been endorsed by numerous celebrities including Oprah. Group workshops and classes on developing dream boards are also popular. Traditionally, vision boards are collaged from aspirational magazine images that reflect the creator's goals. You could encourage readers to collage and stick images onto it or draw in their visions. As these boards are intended to help the creator visualize a better life for themselves, they tend to be popular with entrepreneurs, high achievers and people interested in self-improvement. They are especially popular with people who follow 'Law of Attraction' philosophy (also known as The Secret or Manifesting). There are many ways to use vision boards in your book. A simple option is to have a book full of vision boards for people to draw in (maybe 52, one for each week of the year). A better option may be to include it in a planner, for example by including a vision board at the start of each month or week or to mix it with journal pages/ Vision boards can also be tailored and customized to specific events or demographics, particularly for people who are going through transitions in life. For example pregnant women (or expectant fathers) may visualize a new life with their baby. People going through a divorce may look forward to better times ahead, or people may want to visualize beating an illness or addiction. You could even niche further, for example teens may want to visualize a special event, like a sports match, dance recital or big social event. We encourage you to design your own vision board frameworks and have fun with the concept!

The Vision Board Harrison House

A vision board is a powerful tool that anyone can use to shape an ideal future through the power of intention and visualization. Learning how to vividly imagine your desired results--attracting your perfect soul mate, radiant health, abundant career opportunities, or building personal and community relationships to give back--is the first step on the path to making them happen. Break through unconscious, limiting beliefs and get ready to transform your future now. If you can envision it, you're halfway there! This book will explain and walk you through exactly how to create a vision board in conjunction with how to retrain your brain to actually start believing that you can achieve all your goals and dreams. Then, the universe will work its magic! This is a great personal gift and one your friends and family will love.

I-M-ABLE, or the Individualized Meaning-Centered Approach to Braille Literacy Education, is an innovative, individualized, student-centered method for teaching braille and making it exciting for children who have difficulties learning braille. In this teaching approach, instruction is centered on continuously analyzing the strengths and needs of students, placing particular emphasis on engaging them using key vocabulary words and phrases based on their experiences and interests. This comprehensive practice guide provides detailed direction on how to implement the components of the approach. Teachers will find this resource invaluable for helping students with mild to moderate cognitive impairments or other difficulties make progress in braille reading and writing, and all the skills that it encompasses.

Metamorphic Manifesto American Foundation for the Blind

This book was first projected in 2004, when Author Hannah

Fairbairn was teaching interpersonal skills at the Carroll Center for the Blind in Newton, Massachusetts. The experiences of her adult students—and her own experience of sight lost—convinced her that everyone losing vision needs access to good information about the process of adjustment to losing sight and practical ways to use assertive speech. *When You Can't Believe Your Eyes* is intended for anyone going through vision loss, their friends, and families. It will inform readers how to get expert professional help, face the trauma of loss, and navigate the world using speech more than sight. Each of the twelve chapters in the book contain many short sections and bullet-point lists, intended to facilitate access to the right information. It begins where you begin—at the doctor's office or the hospital. Since vision loss takes many forms, there are suggestions for questions you might ask to get a clear diagnosis and the best treatment. Part One also has a description of legal blindness and possible prevention, advice about your job, and tips for life at home. Part Two is about believing in yourself as you deal with the loss, the anger, and the fear before you come up for air and consider training. Parts Three and Four describe using assertive speech and action in all kinds of settings as your independence and confidence increase. Part Five gives detailed information about everything from dating, and caring for babies to senior living, volunteering, and retaining your job. It is hoped that by reading and trying out the suggestions, the reader will recover full confidence, become a positive, assertive communicator, and lead a satisfying life. Because vision loss happens mostly in older years, the book is written with seniors particularly in mind. Professionals will also find it to be a useful resource for their patients.
