In *Unlocking the Healing Code*, Dr. Bruce Forcica introduces a groundbreaking mind/body/spirit system for tapping into the information exchange at the root of all healing and maximizing its beneficial force. Dr. Forcica presents seven keys to unlocking unlimited healing power that integrate ideas from physics, molecular biology, conventional medicine, and information theory. Self-Healing Practices for Bodymind Health Kotarim International Publi

This is the first book to explicitly link healing and wellness practices with critical pedagogy. Bringing together scholars from Brazil, Canada, Malta and the USA, the chapters combine critical pedagogy and social justice education to reorient the

conversation around wellness in teaching and learning. Working against white Eurocentric narratives of wellness in schools which focus on the symptoms, not the causes, of society's sickness, the authors argues for a "soul revival" of education which tackles, head on, the causes of dis-ease in society, from institutional racism, colonialism, xenophobia and patriarchy. The contributors provide fresh perspectives that address short-term goals of wellness alongside long-term goals of healing in schools and society by attending to underlying causes of social sickness. The chapters bridge theory and practice, bringing diverse historical and contemporary philosophical discussions around wellness into contact with concrete examples of the interconnections between wellness, education, and social justice. Examples of topics covered include: Buddhist practices for

healing, Black liberation theology, hip hop pedagogy, anxiety and vulnerability, art therapy and story-telling. Soul Mind Body Science System New York : Funk & Wagnalls
