[Batman Secret Files: The Gardener \(2021\) #1](#) Psychology Press
 This volume examines the phenomenon of fake news by bringing together leading experts from different fields within psychology and related areas, and explores what has become a prominent feature of public discourse since the first Brexit referendum and the 2016 US election campaign. Dealing with misinformation is important in many areas of daily life, including politics, the marketplace, health communication, journalism, education, and science. In a general climate where facts and misinformation blur, and are intentionally blurred, this book asks what determines

whether people accept and share (mis)information, and what can be done to counter misinformation? All three of these aspects need to be understood in the context of online social networks, which have fundamentally changed the way information is produced, consumed, and transmitted. The contributions within this volume summarize the most up-to-date empirical findings, theories, and applications and discuss cutting-edge ideas and future directions of interventions to counter fake news. Also providing guidance on how to handle misinformation in an age of "alternative facts", this is a fascinating and vital reading for students and academics in psychology, communication, and political science and for professionals including policy makers and journalists.

Ark Angel Houghton Mifflin Harcourt Americans have brewed beers using native ingredients since pre-Columbian times, and a new wave of brewers has always been at the forefront of the locavore movement. Brewers use locally-grown, traditional ingredients as well as cultivated and foraged flora to produce beers that capture the essence of the place they were made. In *Brewing Local*, Stan Hieronymus examines the history of how distinctly American beers came about, visits farm breweries, and goes foraging for both plants and yeast to discover how brewers are using novel ingredients to create unique beers. The book introduces brewers and drinkers to the ways herbs, flowers, plants, trees, and shrubs flavor distinctive beers. A catalog of over 170 different ingredients describes the aroma and flavor influence they have on beer. *Brewing Local* includes 22 recipes from nationally recognized craft brewers and homebrewers.

special features inside. Join the Random House Reader's Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft.

Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. George Orwell was a much-respected English novelist, who wrote some of the finest pieces in literary criticism, fiction. Orwell’s work is known for its simplicity and wit. He wrote with smartness on subjects such as anti-fascism, democratic socialism etc. His best works include *ANIMAL FARM*. It’s an allegorical novella. It got published in August 1945. The fiction based on Farm animals, the author has named them too. Such as Major (a majestic-looking pig), 3-dogs (Bluebell, Jessie, and Pincher), many hens, pigeons, ducklings, sheeps and cows. Two horses, Boxer and Clover. Amongst them, Major is their leader. He wanted to speak on “the nature of life on this earth” and “How any animal is now living”. The author has nicely elaborated through these Characters about the animals’ misery and slavery. Animals complain that despite their hard labour, why then do they continue in the miserable condition? They also complain about human beings that they use to steal nearly the whole of their produce. Their main enemy is - Man. So, remove Man from the scene and the root cause of hunger and overwork will be abolished for ever. The book narrates about the agony of ill-treated farm animals. Then what decision they take and how this Animal Farm born, everything has become very interesting. The ultimate satire on fascism.
