begins
Marjorie Hillis'
archly funny,

manifesto for single women. Though it was 1936 when the Vogue editor first shared her wisdom with her fellow singletons, the tome has been passed lovingly through the generations, and is even more apt today than when it was first published. Hillis, a true bon vivant, was sick and tired of hearing single women carping about their living arrangements and lonely lives; this

book is her invaluable wake-up call for single women to take control and enjoy their circumstances . Hillis takes readers through the fundamentals of living alone, including the importance of creating a hospitable environment at home, cultivating hobbies that keep her there ("for no woman can accept an invitation every night without coming to grief"), the question of

whether single ladies may entertain men at home (the answer may surprise you!), and many more. With engaging chapter titles like "A Lady and Her Liquor" and "The Pleasures of a Single Bed," along with a new preface by author Laurie Graff (You Have to Kiss A Lot of Frogs), LIVE ALONE AND LIKE IT is sure to appeal to live-aloners and many other readers alike. A foreign film importer, Giyeong is a family man with a wife and daughter. An aficionado

of Heineken, soccer, and sushi, he is also a North Korean spy who has been living among his enemies for twenty-one years. Suddenly he receives a mysterious email, a directive seemingly from the home office. He has one day to return to headquarters. He hasn't heard from anyone in over ten years. Why is he being called back now? Is this message really from

Pyongyang? Is he returning to receive new orders or to be executed for a lack of diligence? Has someone in the South discovered his secret identity? Is this a trap? Spanning the course of one day, *Your Republic Is Calling You* is an emotionally taut, psychologically astute, haunting novel that reveals the depth of one particularly gripping family secret and the way in which we sometimes

never really know the people we love. Confronting moral questions on small and large scales, it mines the political and cultural transformations that have transformed South Korea since the 1980s. A lament for the fate of a certain kind of man and a certain kind of manhood, it is ultimately a searing study of the long and insidious effects of dividing a nation in two. **Hiroshima**

justice? "A riveting tale of suspense set against a background of fascinating historical context."

boy to the world's finest ocean liner, the Titanic, and can't wait for the history-making voyage across the sea to America. As part of his duties Jim is in charge of the ship's cat, a beautiful tortoiseshell that also appears happy to be on board. He calls the cat by the ship's construction number, 4-0-1, certain that she will bring him good luck. And he's delighted when 4-0-1 shortly gives

birth to a litter of kittens. But once the ship's trial runs are completed and it's ready to launch to sea, Jim notices that 4-0-1 is nowhere to be found. He's got to find her-the Titanic can't cast off without her lucky cat. Jim is faced with a decision that will affect the rest of his life. No crime in the twentieth century has so deeply shocked mankind as the Holocaust. And none has so stubbornly resisted every

attempt to explain it. More than six million people were murdered, and countless more endured horrific suffering. Guido Knopp's disturbing account is the most complete history of the Holocaust to date. It reveals the appalling truth using the most recent historical research, including minutes of daily briefings by Joseph Goebbels, private papers of the SS Einsatzgruppe

n in charge of mass murder, and East German State Security documents detailing the deportation of Jews. The book relives the agony of the victims and investigations the motive of the perpetrators. Survivors talk for the first time about their horrifying torture and their eventual escape from Nazi persecution. The persecutors now at last confront the atrocities they

committed. This is not an attempt to rewrite the history of the Holocaust, but a searing account of the greatest crime of the twentieth century - if not of all time - using the latest research on the subject. [How a Radio Broadcast and the War of the Worlds Sparked the 1938 Invasion of America](#) Houghton Mifflin Harcourt From the Foreword: Friends of Moon and Winds-so were

the Japanese poets called who wrote the tiny poems that comprise the greater part of this book.

Dewdrops of smallest compass are they, yet mirroring in vivid flashes the whole of Japanese life. In few words of primitive, childlike simplicity these old sages sang, for the little hokku poems are gems of only three lines comprising no more than seventeen syllables, the tiniest poems

in the world. These minute gems, however, usher one into that atmosphere of tender sympathy with all that has life, that world of benign serenity where dwelt the ancient poets of Japan. Cricket, butterfly, bee, and frog, stars, flowers, winds-these were the things of which they sang. What could be more simple or within the understanding of the smallest child? Yet here is real poetry,

and not mere doggerel, the finest poetry of Japan. -- Provided by publisher. Houghton Mifflin Harcourt Margaret loves her parents and hanging out with her best friend, Maizon. Then it happens, like a one-two punch, during the summer she turns eleven: first, Margaret's father dies of a heart attack, and then Maizon is accepted at an expensive boarding school, far away from the

city they call home. For the first time in her life, Margaret has to turn to someone who isn't Maizon, who doesn't know her heart and her dreams. . . .

"Ms. Woodson writes with a sure understanding of the thoughts of young people, offering a poetic, eloquent narrative that is not simply a story of nearly adolescent children, but a mature exploration of grown-up issues: death, racism,

independence, the nurturing of the gifted black child and, most important, self-discovery."(The New York Times) *Tornado* Open Road Media From Newbery Medal-winning author Betsy Byars comes a sweet, entertaining story that will touch the heart of dog lovers at any age. A tornado appears in the distance, and the family quickly gathers into the storm cellar. The storm rages outside, but

Pete, the farmhand, knows this is the perfect time to tell his stories about a dog named Tornado. Blown into their lives by a twister when Pete was a boy, Tornado was no ordinary dog—he played card tricks, saved a turtle's life, and had a rivalry with the family cat. Forgetting their fear, the family hangs on every word of Pete's stories—both happy and sad—of this remarkable dog.
