Kinesics And Context By RayRay L.
Birdwhistell, in this study of human body

motion (a study he terms kinesics), advances the theory that human communication needs and uses all the senses, that the information conveyed by human gestures and movements is coded and patterned differently in various

cultures, and that these codes can be discovered by skilled scrutiny of particular movements within a social context. Ray L. Birdwhistell, an anthropologist and expert on how people communicate with body motions, retired in 1988 ...Kinesics and
