SUTTON OCONNOR

Ghostbelly Standard Ebooks

The third and final book in the bestselling CALL THE MIDWIFE trilogy, now a major BBC TV series starring Miranda Hart and Jessica Raine. The hit BBC TV series CALL THE MIDWIFE is based on the memoirs of Jennifer Worth, chronicling her life as a midwife in London in the 1950s. FAREWELL TO THE EAST END is the third book in the trilogy.

Following on from the bestselling CALL THE MIDWIFE and SHADOWS OF THE WORKHOUSE, Jennifer brings her story to a conclusion. Post-war life could be a struggle - the devastating effects of TB, dangerous backstreet abortions, people driven to extremes by poverty - but there was also warmth and humour. Like Megan's mave, the identical twins who share the same browbeaten husband; the eccentric Sister Monica Joan; and gauche debutante Chummy, who wants to be a missionary. FAREWELL TO THE EAST END shines a light on the

lives, culture and stories of a bygone era, and is both moving and heartwarming in equal measure.

Hard Pushed Simon and Schuster

The stories and secrets behind BBC television's most-loved show. The official companion to series 1 and 2, as well as the forthcoming Christmas special.

Midwife: A Calling Vintage NATIONAL BESTSELLER •

This modern classic from the author of *The Flight Attendant* is a compulsively readable novel that explores questions of human responsibility that are as fundamental to our society now as they were when the book was first published. A selection of Oprah's original Book Club that has sold more than two million copies. On an icy winter night in an isolated house in rural Vermont, a seasoned midwife named Sibyl Danforth takes desperate measures to save a baby's life. She performs an emergency cesarean section on a mother she believes has died of stroke. But what if—as Sibyl's assistant later charges—the patient wasn't already dead? The

ensuing trial bears the earmarks of a witch hunt, forcing Sibyl to face the antagonism of the law, the hostility of traditional doctors, and the accusations of her own conscience. Exploring the complex and emotional decisions surrounding childbirth, *Midwives* engages, moves, and transfixes us as only the very best novels ever do. Look for Chris Bohjalian's new novel, *The Lioness!*

Midwives Penguin

From the author of *BABY CATCHER*. When Peggy Vincent first found herself holding a naked baby in her bare hands as a student nurse in 1962, she never dreamed the path her life would take as a result of that accidental catch. Countless births followed. Hippies, lawyers, teenagers, welfare moms, marijuana growers, smugglers, spiritualists, Orthodox Jews, neurologists, Christian Scientists, Muslims, the rich and the poor...this list scratches only the surface of her diverse clientele. Told with warmth, humor, and sincerity, these tales will resonate with all those who remain as enchanted as Peggy by the unique art of giving birth.

The Dead Ladies

Project Hachette UK
The first major collection of Ambrose Bierce's short stories, *In the Midst of Life: Tales of Soldiers and Civilians* went through multiple editions and titles, with Bierce adding, removing, and revising the stories each time. The version of the stories as collected here follows the final selection and revisions made by Bierce for his *Collected Works*, Volume 2, published in 1909, and is broken up into two sections, "Soldiers" and "Civilians." Bierce fought for the Union in the American Civil War from the very first organized action at Philippi. He went on to fight in some of the deadliest battles of the war, at Shiloh and Chickamauga. He joined Sherman's army on its march to Atlanta, and was grievously wounded in the head at Kennesaw Mountain. These locations serve as backdrops in his gritty and realist short stories in the "Soldiers" collection, most especially in the surreal story "Chickamauga." While these stories are set in the war, Bierce covers a wide range of themes, from the fear of death in "Parker Adderson, Philosopher," the

requirements of duty for a soldier in "A Horseman in the Sky," and what one might do for love in "Killed at Resaca." Perhaps the most well-known story in "Soldiers" is "An Occurrence at Owl Creek Bridge." Kurt Vonnegut called it "the greatest American short story," saying "It is a flawless example of American genius, like 'Sophisticated Lady' by Duke Ellington or the Franklin stove." Bierce, much like Edgar Allan Poe and H. P. Lovecraft, was an American pioneer in what he called his "tall tales"—psychological, supernatural, grotesque, and horror fiction. Many stories in "Civilians," such as "The Man and the Snake," "A Holy Terror," and "The Suitable Surroundings," foreshadow his later and darker works as studies in psychological horror. "The Eyes of the Panther" is a tragic, near-supernatural (though the reader is left guessing) tale of a woman of "feline beauty" and the man seeking her hand. Other stories found in the collection are satirical and ironic, like "The Famous Gilson Bequest" and "The Applicant." Bierce's writing earned him the title "Bitter Bierce" from his contemporaries, as

one finds precious little hope and compassion in his stories, with death—often cruel—a recurring theme. A very rare exception can be found in "A Lady from Redhorse," an epistolary romance. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Farewell to the East End

Project Hachette UK
In the 1950s Jennifer Worth was a district midwife in the Docklands of East London where the aftermath of the war meant many lived in shocking conditions. She worked with the Nursing Sisters of St John the Divine, nurses and midwives whose vocation was to work amongst the poorest of the poor. Despite the official closure of the workhouses in 1930, there was nowhere else for many inmates to go so they changed their names and carried on much as before. In 'Shadows of the Workhouse', Jennifer tells the stories of the men and women she met who began their lives in the workhouse.
Call the Nurse
HarperCollins UK
The highest-rated drama in BBC history, *Call the Midwife* will delight fans of

Downton Abbey Viewers everywhere have fallen in love with this candid look at post-war London. In the 1950s, twenty-two-year-old Jenny Lee leaves her comfortable home to move into a convent and become a midwife in London's East End slums. While delivering babies all over the city, Jenny encounters a colorful cast of women—from the plucky, warm-hearted nuns with whom she lives, to the woman with twenty-four children who can't speak English, to the prostitutes of the city's seedier side. An unforgettable story of motherhood, the bravery of a community, and the strength of remarkable and inspiring women, *Call the Midwife* is the true story behind the beloved PBS series, which will soon return for its sixth season.

Shadows of the Workhouse Random House

Call The Midwife is the BBC's most popular drama ever - that is what viewing figures tell us with over ten million viewers per episode. The Christmas edition is always reviewed as a 'must see' event, just as important to some families as the Queen's Speech. All the principal

actors are now household names and one in particular over the past two seasons has dramatically come to the front of the show - Doctor Turner, played by Stephen McGann. He is now seen as the lynchpin of the series, not only overseeing the many childbirths across episodes, but also dealing with a multitude of diseases that strike the young, as accurately portrayed by the show's writer Heidi Thomas. Polio, meningitis, measles, scarlet fever and thalidomide have all been meticulously depicted on the show. This new book, will now reveal how a local doctor - such as Dr Turner - not only dealt with such cases, but also how he worked within the newly created National Health Service, as well as lived alongside his East End community. It will be a facsimile as well as a fictionalised diary from the character, all conceived and written by the show's writer Heidi Thomas. Stephen McGann will also contribute his own narrative having studied for an MA in medical science. Beautifully designed, it will make a lovely present for any fan of the series, as well as those wishing

to find out more about the history of what life was really like in this period.

Shadows of the Workhouse Ecco

The last book in the trilogy begun by Jennifer Worth's New York Times bestseller and the basis for the PBS series *Call the Midwife* When twenty-two-year-old Jennifer Worth, from a comfortable middle-class upbringing, went to work as a midwife in the poorest section of postwar London, she not only delivered hundreds of babies and touched many lives, she also became the neighborhood's most vivid chronicler. *Call the Midwife: Farewell to the East End* is the last book in Worth's memoir trilogy, which the Times Literary Supplement described as "powerful stories with sweet charm and controlled outrage" in the face of dire circumstances. Here, at last, is the full story of Chummy's delightful courtship and wedding. We also meet Megan'mave, identical twins who share a browbeaten husband, and return to Sister Monica Joan, who is in top eccentric form. As in Worth's first two books, *Call the Midwife: A Memoir of Birth, Joy, and*

Hard Times and Call the Midwife: Shadows of the Workhouse, the vividly portrayed denizens of a postwar East End contend with the trials of extreme poverty—unsanitary conditions, hunger, and disease—and find surprising ways to thrive in their tightly knit community. A rich portrait of a bygone era of comradeship and midwifery populated by unforgettable characters, Call the Midwife: Farewell to the East End will appeal to readers of Frank McCourt, Katherine Boo, and James Herriot, as well as to the fans of the acclaimed PBS show based on the trilogy.

Outback Midwife Isis
Call the Midwife: The Official Cookbook includes more than 100 beautiful photographs of featured recipes and stills from the show and dozens of memorable quotes from many of the series characters that viewers have come to know. Fans and food historians alike will appreciate not only the detailed references to the place each dish holds in the show's storyline but also its greater contribution within England's culinary history. From timeless classics of British cuisine like Treacle Sponge, Scones, and Toad

in the Hole to such Call the Midwife-inspired dishes as Coconut Layer Cake, Iced Buns, and Gingerbread Not Men, these recipes capture both the quintessential dishes of midcentury Britain and the heart of this beloved show.
The Secret Midwife Orenda Books
A fascinating slice of social history - Jennifer Worth's tales of being a midwife in 1950s London, now a major BBC TV series. Jennifer Worth came from a sheltered background when she became a midwife in the Docklands in the 1950s. The conditions in which many women gave birth just half a century ago were horrifying, not only because of their grimly impoverished surroundings, but also because of what they were expected to endure. But while Jennifer witnessed brutality and tragedy, she also met with amazing kindness and understanding, tempered by a great deal of Cockney humour. She also earned the confidences of some whose lives were truly stranger, more poignant and more terrifying than could ever be recounted in fiction. Attached to an order of nuns who had

been working in the slums since the 1870s, Jennifer tells the story not only of the women she treated, but also of the community of nuns (including one who was accused of stealing jewels from Hatton Garden) and the camaraderie of the midwives with whom she trained. Funny, disturbing and incredibly moving, Jennifer's stories bring to life the colourful world of the East End in the 1950s.
Call the Midwife Vintage
No woman could read this book without feeling the pain - and the joy. No man could read it without being truly moved. Jennifer Worth was just twenty-two when she volunteered to spend her early years of midwifery training in the heart of London's East End in the 1950s. Coming from a sheltered background there were tough lessons to be learned. The conditions in which many women gave birth just half a century ago were horrifying. Jennifer worked with an order of nuns who were nurses and midwives, and who had been working in slum conditions since the 1870s. She dealt with her patients with amazing kindness and understanding - and a great deal of Cockney

humour. Jennifer also earned the confidences of some whose lives were truly stranger, more poignant and more terrifying than fiction.

Call the Midwife:

Illustrated Edition The Feminist Press at CUNY

'Our childhood came to an end when our parents parted and from then on Jennifer was placed in the impossible position of having to be a parent to me, her sister. I shall always be grateful for her protection . . .' Millions have fallen in love with Jennifer Worth and her experiences in the East End as chronicled in *Call the Midwife*, but little is known about her life outside this period. Now, in this moving and evocative memoir, Jennifer's sister Christine takes us from their early idyllic years to the cruelty and neglect they suffered after their parents divorced, from Jennifer being forced to leave home at fourteen to their training as nurses. After leaving nursing Jennifer took up a career in music, her first love, and Christine became a sculptor, but through marriages and children, joy and heartbreak, their lives remained intertwined. Absorbing and emotional, *The*

Midwife's Sister by Christine Lee is testimony to an enduring bond between two extraordinary women.

The Midwife John Blake *Ghostbelly* is Elizabeth Heineman's personal account of a home birth that goes tragically wrong—ending in a stillbirth—and the harrowing process of grief and questioning that follows. It's also Heineman's unexpected tale of the loss of a newborn: before burial, she brings the baby home for overnight stays. Does this sound unsettling? Of course. We're not supposed to hold and caress dead bodies. But then again, babies aren't supposed to die. In this courageous and deeply intimate memoir, Heineman examines the home-birth and maternal health-care industry, the isolation of midwives, and the scripting of her own grief. With no resolution to sadness, Heineman and her partner learn to live in a new world: a world in which they face each day with the understanding of the fragility of the present.

The Midwife's Sister

Simon and Schuster *Life on the NHS* front line, working within a system at breaking point, is more

extreme than you could ever imagine. From the bloody to the beautiful, from moments of utter vulnerability to remarkable displays of strength, from camaraderie to raw desperation, from heart-wrenching grief to the pure, perfect joy of a newborn baby, midwife Leah Hazard has seen it all *The Memoir Midwife: Nine Steps to Self-Publishing Your Book* Weidenfeld & Nicolson

Call the Midwife meets *In the Middle of Nowhere* in this heartwarming memoir of an adventurous Aussie midwife's life 'catching babies'. *Outback Midwife* is the story of Beth McRae's 40 years as a midwife, from her terrifying first day witnessing a birth as a naïve student nurse to her training as a midwife – the days when the words 'birth plan' were unheard of and what women wanted was a long way from being part of any plan – to the outback. Beth's career of catching babies takes her from the city to the bush, bonding with people from all walks of life at one of the most important moments in their lives. But there was one more frontier she was determined to conquer. At a time when most people

are thinking about slowing down, Beth decides to move to a remote Aboriginal community in Arnhem Land to embark on a whole other adventure.

The Life and Times of Call the Midwife: The Official Companion to Series One and Two Lulu.com

Life in London's East End in the 1950s was tough. The brothels of Cable Street, the Kray brothers and gang warfare, the meths drinkers in the bombsites - this was the world Jennifer Worth entered when she became a midwife at the age of twenty-two.

Call the Midwife George Weidenfeld & Nicholson Midwife.

Letters to the Midwife Pan Macmillan

Letters to the Midwife is a wonderful collection of correspondence received by Jennifer Worth, offering a fascinating glimpse into a long-lost world. Along

with readers' responses and personal histories, it is filled with all sorts of heart-warming gems. There are stories from other midwives, lorry drivers, even a seamstress, all with tales to tell. Containing previously unpublished material describing her time spent in Paris and some journal entries, this is also a portrait of Jennifer herself, complete with a moving introduction by her family about the woman they knew and loved.

Call the Midwife the Official Cookbook

Penguin

When the CALL THE MIDWIFE books became bestsellers, Jennifer Worth was inundated with correspondence. People felt moved to write to her because the books had touched them, and because they wanted to share memories of the world her books

described, the East End of London in the late 1940s and early 1950s. LETTERS TO THE MIDWIFE is a collection of the correspondence she received offering a fascinating glimpse into a long-lost world. Along with readers' responses and personal histories, it is filled with heartwarming gems such as letters and drawings sent by one of the nuns featured in Call the Midwife and a curious list of the things Jennifer would need to become a missionary. There are stories from other midwives, lorry drivers, even a seamstress, all with tales to tell. Containing previously unpublished material describing her time spent in Paris, and some journal entries, this is also a portrait of Jennifer herself, complete with a moving introduction by her family about the Jennifer Worth they knew and loved.
