Hailed as a superstar in an era ruled by macho men and one that literally offered actresses crumbs, Sridevi tamed Bollywood like no other. Beginning her affair with the camera when she was four, this doe-eyed beauty conquered Tamil, Telugu, Malayalam and Kannada industries with performances etched in gold. Taking Hindi cinema by storm with Himmatwala in 1983, Sridevi emerged as one of the most iconic screen goddesses of India, playing characters that became cultural touchstones. Besides reigning as Queen Bee for the longest spell among Bollywood heroines, she also remains the only actress who was, at the same time, No.1 in Tamil and Telugu cinema too. Such was Sridevi's pan-India stardom that in a patriarchal industry, she emerged as the 'hero' at the box-office, towering above her male co-actors. After a hiatus of fifteen years, she shattered the rules again by becoming the only Bollywood diva to make a glorious comeback in 2012 with English Vinglish. A supremely gifted actor-her comedy peerless, her dances legendary, her histrionics awe-inspiring-she offered a study in contrast in real life. If her life played out forever in the limelight, so did her sudden demise in 2018. Charting five decades of her larger-than-life magic, Sridevi: The Eternal Screen Goddess celebrates both the phenomenon and the person. With exclusive access to her family, friends and co-stars in the film fraternity, Satyarth Nayak tracks Sridevi's journey from child star to prima donna who redefined the heroine to be regarded as a legend of Indian cinema.

 The classical tradition in Telugu, the mellifluous language of Andhra Pradesh in southern India, is one of the richest yet least explored of all South Asian literatures. In this volume, Velcheru Narayana Rao and David Shulman have brought together mythological, religious, and secular texts by twenty major poets who wrote between the eleventh and nineteenth centuries, providing an authoritative volume overview of one of the world's most creative poetic traditions. An informative, engaging introduction fleshes out the history of Telugu literature, situating its poets in relation to significant literary themes and historical developments and discussing the relationship between Telugu and the classical literature and poetry of Sanskrit.

Astrology is not a complex science as it is often made out to be and, in the hands of the world-famous 'human computer', Shakuntala Devi, it becomes yet simpler and easier to understand and practise. The present book discusses zodiacs, planets, asterisms, the rising signs, Bhavas, Yogas, Dasas and their effects and transits. It enables the reader to cast a horoscope, and also read one. There are tables of correction for various cities and for sidereal time, Nakshatra divisions and Vimshottari Dasa, Navamsas, etc. It is a complete book that leaves nothing to become an amateur astrologer.

Bollywood Nation charts the evolution of Indian cinema from its mythological films in the early 20th century to its world-class gangster and terrorist melodramas of today. In doing so, the book investigates why and how our films have become so deeply embedded in the nation's popular imagination. Is it merely that cinema is the only common form of mass national culture in a country that does not have either a common language or a common religion—or is it entwined with greater social, cultural and spiritual aspirations? By narrating the story of India through the stories that our films tell us, Vamsee Juluri posits cinema as the voice of the nation and examines how it has shaped our understanding of our place in the world.

From the author of *The Treasons Cycle*, *The Gods Within*, and *The Dead Among Us* series comes a stand-alone science fiction novel for fans of David Weber, B.V. Larson, Lois McMaster Bujold, and more! When Commander Charlie Cass, the bastard son of the Duke de Maris, returns from five years in a squalid Sydonese POW camp, he finds that little has changed in the Realm. As always, the King and the nine Dukes are conspiring against each other, but now some of them are plotting with Charlie's old enemy—and as interstellar war looms, they certainly don't need Charlie Cass messing up their delicate plans. Unfortunately for them, that's what he's best at. Which means he'll likely face the headsman's axe. Spanning the galaxy, *The Thirteenth Man* blends

the best traditions of space opera and military sci-fi into a non-stop adventure that's as much Patrick O'Brien as it is John Scalzi.

The Image Trap analyses the phenomenon of M.G. Ramachandran (MGR), the legendary film star-cum-politician of Tamil Nadu, as a modern-day political myth. This book offers fascinating details about the extent to which MGR was successful in creating a stereotypical cinematic persona, and what repercussions it had on

Tamil Nadu. Delineating the cultural elements that were meticulously mobilised to constitute MGR's on-screen image, it analyses the popularity he enjoyed among the poor whose interests he constantly violated. This is done by means of what Pandian termed as constructed biographies which are popular narratives that ingeniously present the cinematic as real. It brings out the interface and interplay between the media and political processes. A blend of essay writing, political rhetoric and scholarship, the book features the complete filmography of MGR and is a must for understanding the contemporary politics of the state.

This book deals with the fundamentals of Horoscope matching. Today "Horoscope matching" has become the indispensable part of Hindu marriage. But it has not been mentioned in any old Jataka scripture of Astrology. However, it has been described in the Muhurta scriptures of the same. In Ramayan, marriage of Rama, Bharata, Lakshmana and Shatrughna has been described elaborately. But, in this great epic also Horoscope matching has not been mentioned. Likewise, in Mahabharata, too, it has not been cited. Therefore, it can be said that Horoscope matching in Astrology was not in practice a few centuries ago. But, the community accepted and made it an indispensable part keeping its usefulness in view. Different systems of Horoscope matching are in practice in different parts of India. In North India, Ashtakuta matching is in practice whereas in South Dasakuta matching is in fashion. But Ashtakuta matching is in vogue in most part of India. This is why the All India Federation of Astrologers' Societies has accepted and prescribed this system of Ashtakuta matching for the courses of its students. The book has been written keeping in view the courses introduced by the All India Federation of Astrologers' Societies, Delhi. The students are advised to study "Kundali Milana-Sukhi Dampatya Jeevana Ka Adhar" because prediction of a happy married life cannot be made by Ashtakuta matching only. This shows only the amity, love and mutual understanding between the two. But to determine the age, health and ups and downs in life of the couple some other aspects such as Period-sub-period, Dosha Samya etc. are also essential to be analyzed. An analysis of long conjugal life is essential for its stability. So, apart from Ashtakuta matching, we should keep in

view other aspects also. To know all this, "Kundali Milan - Sukhi Dampatya Jeevana Ka Adhara" is prescribed.

This book documents the history of Tamil cinema, one of the most colossal film industries in the world, and studies the major studios of Madras, the largest outside classical Hollywood in the private sector. It engages with five major studios of Madras—Modern Theatres, AVM, Gemini, Vijaya-Vauhini, and Prasad— through the origins of their founders, and explicates how their history influenced the narratives, genre, and ideology of the canonical films made in Madras studios, arguing for their lasting influence on Tamil cinema. Based on rare primary and secondary materials, and oral history, this book engages with Tamil cinema at the intersection of its industrial, cultural, and socio-political history to argue for its specificity in terms of its aesthetics and its belief in the potential of the medium to mobilize audiences for ideology, politics, and reflexivity.
