case study analysis of how experimental economics can help us figure out what motivates people and how to use that information to improve economic efficiency. The book is very reminiscent of Freakonomics but with the added focus of using controlled experiments on sample groups to determine policy and actions for the investigating parties. The Why Axis: Hidden Motives and the Undiscovered ... And help us understand their hidden motives for why they do what they do in everyday life? Uri Gneezy and John List are revolutionaries. Their ideas and methods for revealing what really works in addressing big social, business, and

economic problems gives us new understanding of the motives underlying human behavior. The Why Axis: Hidden Motives and the Undiscovered ... The Why Axis: Hidden Motives and the Undiscovered Economics of Everyday Life. May 25, 2018 8:11 am May 23, 2018 8:12 am. The Why Axis is a colourful examination of why people do what they do - and how effective incentives can spur people to change their behaviour and achieve more. Uri Gneezy and John List are a little like the anthropologists who spend months in the field studying people in their native environments. The Why Axis: Hidden Motives and the Undiscovered ...
