Spend a day in the life of a livestock

guardian dog! Jax the Great Pyrenees has a big job. After the Texas sun goes down, it's up to him and two other LGDs to protect their ranch from predators. But when the lead dog gets hurt, Jax and a young pup are the only ones left to protect the flock through the night. Told from the dog's perspective, this story also includes back matter about the breed and role of the working dog.

How can dogs that sniff for excrement, urine, vomit, and mucus help protect

animals from extinction? In the race to save endangered animals, finding solutions now is critical. Scat-detection dogs like Wicket, Tucker, and Orbee are conservation heroes and pioneers in a cutting-edge field of science. Canine detectives use their super sense of smell to locate the scat of target animals. From loose bear dung to gooey whale poop, scat can tell scientists valuable information about an animal's sex, age, diet, and health—all without harming the animal or endangering the researcher. *The Real Pet Detective* Penguin

Can you drink a glass of balderdash? What do you call the part of a dog's back it can't scratch? And if, serendipitously, you find yourself in Serendip, then where exactly are you? The answers to all of these questions -- and a great many

more -- can be found in the pages of the Oxford English Dictionary, the definitive record of the English language. And there is no better guide to the dictionary's many wonderments than the former chief editor of the OED, John Simpson. Simpson spent almost four decades of his life immersed in the intricacies of our language, and guides us through its history with charmingly laconic wit. In *The Word Detective*, an intensely personal memoir and a joyful celebration of English, he weaves a story of how words come into being (and sometimes disappear), how culture shapes the language we use, and how technology has transformed not only the way we speak and write but also how words are made. Throughout, he enlivens his narrative with lively

excavations and investigations of individual words -- from deadline to online and back to 101 (yes, it's a word) -- all the while reminding us that the seemingly mundane words (can you name the four different meanings of ma?) are often the most interesting ones. But Simpson also reminds us of the limitations of language: spending his days in the OED's house of words, his family at home is forced to confront the challenges of wordlessness. A brilliant and deeply humane expedition through the world of words, *The Word Detective* will delight and inspire any lover of language.

**Dog Detectives** Simon and Schuster  
The girls are vacationing in a pirate's home, and Sam convinces them to look of buried treasure.

*The Dogs that Follow Their Detective Dreams. Adventure No. 1: Find a New Home* Albert Whitman & Company  
A rollicking rhyming picture book from bestselling author Julia Donaldson about a dog who uses her amazing sense of smell to solve mysteries. When Detective Dog Nell puts her nose to the task, there's no mystery she can't solve. Whether she's tracking the missing shoe of her human, Peter, or locating some lost honeycomb, all Nell has to do is sniff, sniff, sniff and she's hot on the trail. Besides solving mysteries, there's something else Nell loves—listening to children read. Every Monday, Peter takes her to school where children tell her stories. One day, Nell and Peter arrive to find that all the books are gone. Who could have taken them? And why?

There's only one dog for the job, and Detective Dog Nell is ready to sniff out the thief!

The Dog Who Knew Too Much Henry Holt and Company (BYR)

Fox's rabbit is lost and Detective Dog searches everywhere.

Detective Dog and the Search for Cat Thorndike Press Large Print

The Dog Detectives are on their adventures, exploring the sites of London.

The Curious Incident of the Dog in the Night-Time Hachette UK

Martha the talking dog volunteers to help patrol the streets as a K-9 officer, and she must convince her partner Officer O'Reilly something is fishy when she suspects food is being smuggled into Wagstaff City.

Molly Turtleback

If you've read the first book of "The Dogs that Follow their Detective Dreams," you'll enjoy this one. After the eight dogs find a new home, they have to solve a mystery for the first time. While California's famous sleuths are away on vacation, it's up to these puppies to step up and save the county. Their town's local museum has been robbed. But not long ago, the museum was robbed of some valuables and restored by the Feline & K9 Companions. It is about time that these eight dogs learn more about the past of the museum's first robbery before dealing with the second. But trouble awaits and these pups are about to take some pretty dangerous risks. Without a doubt, hopefully they will solve safely and save the county. Or will

these plans interfere? Learn how a first experience may lead you more than where you expect to go.

**Detective Dog and the Chase for the Car Thief** Dogwise Publishing

When someone steals an old boot, Jack doesn't care. Then someone steals his squeaker bone. And his blanket. And Red's ball. Now Jack does care. Who is the thief of Doggeroo? How will Jack solve the case of the Dog Den Mystery?

**Dotty Detective (Dotty Detective, Book 1)** Penguin

Explore the adventures that arrive in the first book of this series when two small puppies, Mario Marco and Syleria Susae, are eager to run away from an animal shelter to embark on a quest to find a new home with canine-loving owners. On their mission, they face many challenges

and obstacles that are determined to stop them from reaching their goals. From failing escape plans to critical thinking, these pups are still up to face difficult challenges. But as Syleria and Mario meet new puppy friends that aid them along the way, these dogs are willing to use teamwork, friendship, and cooperation that will help them find a new home together!

*Poop Detectives* Lulu.com

Repetitive, predictable story lines and illustrations that match the text provide maximum support to the emergent reader. Engaging stories promote reading comprehension, and easy and fun activities on the inside back covers extend learning. Great for Reading First, Fluency, Vocabulary, Text Comprehension, and ESL/ELL!

**Lost in London** Soho Press

From the #1 New York Times bestselling author of the Elvis Cole and Joe Pike series comes a thrilling novel featuring LAPD K-9 Officer Scott James and his German shepherd, Maggie. Nine months ago, a shocking assault by unidentified men killed Scott James' partner, Stephanie, nearly killed him, and left him enraged, ashamed, and ready to explode. He is unfit for duty—until he meets his new partner. Maggie is not doing so well, either. A German shepherd who survived two tours in Afghanistan sniffing explosives before losing her handler, her PTSD is as bad as Scott's. They are each other's last chance. And they're about to investigate the one case no one wants them to touch: identifying the men who

murdered Stephanie. But what they find could ultimately break them both. One of Booklist's 10 Best Crime Fiction Books of the Year

**The Word Detective** Kane/Miller Book Publishers, Inc.

A TIMELESS TALE when a beautiful sailboat suddenly appears at the local shipyard. Upton and his "human" father, Hank, are asked to find the owner. Their efforts are interrupted by a Navy admiral, with a keen interest in "Sweet Pea" and her builder, August Mayer, a brilliant, but reclusive scientist. The mystery is complicated because the boat appears to be brand new, but almost 100 years old...at the same time. Upton, who is a Bichon Frise (that's "BEE-shon free-ZEY"), a little white dog, searches for the answers in this Time Tale.

Cam Jansen: The Mystery of the  
Television Dog #4 Houghton Mifflin

A dog's nose is 300 times more powerful than a human nose, so it's no wonder that dogs use their incredibly advanced sense of smell to do some very important jobs. Dorothy Hinshaw Patent explores the various ways specific dogs have put their super sniffing ability to use: from bedbug sniffers to explosive detectors to life-saving allergy detectors . . . and more. This dynamic photo-essay includes first-hand accounts from the people who work closely with these amazing dogs.

**Strange Neighbors** Anchor Canada  
Jack and Max think a ghost has taken their kitten. Of course, Detective Dog knows there is no such thing as a ghost, but he must go look in a creepy old

house. And that's when his rib-tickling problems begin!

**Super Sniffers** HarperCollins UK  
A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he

finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the

freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

*The Detective Dog* Kids Can Press Ltd  
"Run. Keep running. You're doing the right thing. Lay low. Head down. Don't look back. Just keep running. And whatever you do, don't tread on the cracks..." Leo's world has been turned upside down. Her parents are gone and her bird-loving uncle is getting too close for comfort. She is only sure of one thing...she must get out. In a desperate bid to find the grandparents she never knew, Leo jumps on a train to Glasgow, penniless and stealing food to survive. A nationwide hunt for her begins. Will she track down her grandparents, or will her uncle get to her first?
