## **FARMER ALINA**

---

Administrative Law Cavendish Publishing  
 This concise yet comprehensive book covers the entire range of topics on administrative law prescribed for undergraduate students of Law (LL.B./B.A., LL.B.) and presents them with great clarity and commendable insight. The book begins by describing the reasons for the rapid growth and tremendous development of administrative law in modern times and goes on to discuss delegated legislation, principles of natural justice, contractual and tortious liability of the State, and remedies available to the individual against the State with relevant

case laws. Comparison with the systems prevailing in other countries puts the topics in the right perspective. Recent developments including legitimate expectation, proportionality, and misfeasance in public office are discussed at appropriate places. The most remarkable feature of the book is that it has transformed the complex subject of administrative law into an easily understandable subject within the grasp of even an average student. The compact size of the book and simple treatment of the subject make this text the best introduction to administrative law.

**Administrative Law** Palala Press  
 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we

know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. **Administrative Law** Delhi : Metropolitan Book Company

In this pioneering book, Nayak analyses all the adjudicating bodies in existence at the State level. Using the State of Orissa as a case study, he considers their powers, organisation and functions and classifies these adjudicating bodies along new and logical lines. Highlighting the day-to-day functioning of administrative tribunals, he warns that the purpose of creating tribunals as substitutes for regular courts is fast being defeated by their tendency to be equally expensive and slow.
