 Dopo aver raccontato ne I viaggi di Jupiter il suo straordinario giro del mondo compiuto nel 1973 - testo divenuto classico della letteratura di viaggio e riconosciuto unanimemente come la bibbia di ogni motocicletta - Ted Simon nel 2001, all'età di sessantanove anni, ha ripercorso, questa volta in sella a una motocicletta BMW gs 2 valvole, lo stesso itinerario, attraversando quarantotto paesi e sopravvivendo miracolosamente a due gravissimi incidenti. In due anni e mezzo ha rivisitato gli stessi luoghi, riscoperto la bellezza spirituale di viaggiare da soli, riabbracciato i vecchi amici e finalmente incontrato l'amore della sua vita. Sognando Jupiter è un diario di viaggio che si legge come un romanzo d'avventura, ricco di azione e rischio, in cui ogni lettore scoprirà che il desiderio di libertà, se autentico, ci porta ad affrontare l'ignoto senza paura, a vincere gli ostacoli e a raggiungere la nostra meta. Si può arrivare ovunque, sembra dirci Ted Simon, a patto però che si trovi il coraggio di mettersi sempre in discussione, anche a settant'anni. Perché per sognare l'impossibile, non si è mai troppo vecchi. Buon viaggio.

 This book argues that Paradiso - Dante's vision of Heaven - is not simply affirmative. It posits that Paradiso compensates for disappointment rather than fulfils hopes, and where it moves into joy and vision, this also rationalises the experience of exile and the failure of all Dante's political hopes. The book highlights and addresses a fundamental problem in reading Dante: the

assumption that he writes as a Catholic Christian, which can be off-putting and induces an overly theological and partisan reading in some commentary. Accordingly, the study argues that Dante must be read now in a post-Christian modernity. It discusses Dante's Christianity fully, and takes its details as a source of wonder and beauty which need communicating to a modern reader. Yet, the study also argues that we must read for the alterity of Dante's world from ours.

"Motorcycle Messengers" is a collection of travel stories from some of the leading writers in the genre . . . plus a few people you've never heard of. Consider it a sample pack of authors. Stuff a copy into your saddlebag, read a story by the fire, and discover your new favourite motorcycle travel writer. Lois Pryce exploits her dead grandmother and an imaginary husband to access the Congo. Neil Peart finds his rhythm through the curves of North Carolina. Geoff Hill breaks a Royal Enfield, falls in love, and becomes a hookah hooligan in Iran. Mark Richardson puts his foot up and makes connections in Rwanda. Christopher P. Baker nearly crashes as he crushes crustaceans in Cuba. Ted Simon ponders humanity while observing a rescue at sea off the coast of Malaysia.

*The Undivine Comedy* Mitchell Beazley

Ted Simon is the author of the classic travel book JUPITER'S TRAVELS. It documents his four-year journey round the world by motorbike, travelling through Europe, Africa, South and North America, and Asia. A number one bestseller in the late 1970s, it is still regarded as one of the greatest motorcycle books - indeed, one of the greatest travel books - ever written. In 2001, at the age of 69, Ted Simon decided to retrace his journey, and DREAMING OF JUPITER is the result. It took him two and a half years - during which time he revisited all the countries he had travelled through in the 1970s. He found much had changed, and he reflects upon the increased poverty, political upheavals, environmental issues and indeed the changes in himself. But ultimately, DREAMING OF JUPITER is a hugely inspiring read with a positive message at its heart - that even at the age of 70 you can still set off on an adventure, and be surprised and excited by what life throws at you along the way.

Over the years, startling evidence has been unearthed, challenging established notions of the origins of Earth and life on it, and suggesting the existence of a superior race of beings who once inhabited our world. The product of thirty years of intensive research, The 12th Planet is the first book in Zecharia Sitchin's prophetic Earth Chronicles series--a revolutionary body of work that offers indisputable documentary proof of humanity's extraterrestrial forefathers. Travelers from the stars, they arrived eons ago, and planted the genetic seed that would ultimately blossom into a remarkable species...called Man. The 12th Planet brings to life the Sumerian civilization, presenting millennia-old evidence of the existence of Nibiru, the home planet of the Anunnaki, and of the landings of the Anunnaki on Earth every 3,600 years, and reveals a complete history of the solar system as told by these early visitors from another planet. Zecharia Sitchin's Earth Chronicles series, with millions of copies sold worldwide, deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. The series is offered here, for the first time, in highly readable, hardbound collector's editions with enhanced maps and diagrams.

Ptolemy, considered a proto-Humanist by some, combined the principles of Northern Italian republicanism with Aristotelian theory in his *De Regimine Principum*, a book that influenced much of the political thought of the later Middle Ages, the Renaissance, and the early modern period. He was the first to attack kingship as despotism and to draw parallels between ancient Greek models of mixed constitution and the Roman Republic, biblical rule, the Church, and medieval government. In addition to his translation of this important and radical medieval political

treatise, written around 1300, James M. Blythe includes a sixty-page introduction to the work and provides over 1200 footnotes that trace Ptolemy's sources, explain his references, and comment on the text, the translation, the context, and the significance.

The purpose of risk assessment is to support science-based decisions about how to solve complex societal problems. *Binding the Ghost* is both manifesto and example of a new variety of reading that centers a theological perspective in considering what literature actually does. Neither dogmatic nor apologetic, sectarian or denominational, this mode of reading acknowledges the inherently charged strangeness of writing and fiction, whereby authors have the ability to seemingly create entire universes from words alone. Ed Simon considers the theological depth, resonance, and mystery of the acts of reading and writing. His lyrical, incisive essays cover subjects such as the incarnational poetics of reading a physical book as opposed to reading online, the historical relationship between monotheism and the development of the alphabet, how the novel and Protestantism developed interiority within people, the occult significance of punctuation, and the functional similarities between poetry and prayer. *Binding the Ghost* presents a humane sacralization of reading and writing that takes into account the wonder, enchantment, and mystery of the very idea of poetry and fiction.
