The Blood of Emmett Till Penguin

Traveling to the New World in 1606 as the page to Captain John Smith, twelve-year-old orphan Samuel Collier settles in the new colony of James Town, where he must quickly learn to distinguish between friend and foe.

Captain Blood Scholastic Inc.

Bright white teeth. Straight leg bones. Awkwardly contorted arm bones. On a hot summer day in 2005, Dr. Douglas Owsley of the Smithsonian Institution peered into an excavated grave, carefully examining the fragile skeleton that had been buried there for four hundred years. "He was about fifteen years old when he died. And he was European," Owsley concluded. But how did he know? Just as forensic scientists use their knowledge of human remains to help solve crimes, they use similar skills to solve the mysteries of the long-ago past. Join author Sally M. Walker as she works alongside the scientists investigating colonial-era graves near Jamestown, Virginia, as well as other sites in Maryland. As you follow their investigations, she'll introduce you to what scientists believe are the lives of a teenage boy, a ship's captain, an indentured servant, a colonial official and his family, and an enslaved African girl. All are reaching beyond the grave to tell us their stories, which are written in bone.

James Town 1607 Human Kinetics

Greg makes fascinating discoveries about things he finds at home when he looks at them through his new microscope. 'An accurate and entertaining book for beginning independent readers.' 'BL.

Innocent Blood Harper Collins

Presents the adventures of international explorer John Smith, a soldier who made several daring escapes from Turks and American Indians, helped save Jamestown, the first English colony, and wrote stories of colonial America.

Blood on the River Anchor

Traveling to the New World in 1606 as the page to Captain John Smith, twelve-year-old orphan Samuel Collier settles in the new colony of James Town, where he must quickly learn to distinguish between friend and foe. Reprint.

Pedometer Power Yearling

Sickly Astor Wood is sent to his grandmother's for the summer where he will, no doubt, be miserable, friendless, and bored. He unexpectedly finds a magical portal to other worlds within his granny's attic and is soon whisked away to adventure and mystery. He's faced with the choice of being a healthy, heroic universal traveler or returning to his home and family on Earth. It seems the choice is made for him when he can't find the portal back to his grandmother's attic.

Victorian Naturalist Yale University Press UK Sr

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall,

the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Liars' Room Blood on the River James Town 1607

Twelve-year-old Samuel Collier is a lowly commoner on the streets of London. So when he becomes the page of Captain John Smith and boards the Susan Constant, bound for the New World, he can't believe his good fortune. He's heard that gold washes ashore with every tide. But beginning with the stormy journey and his first contact with the native people, he realizes that the New World is nothing like he imagined. The lush Virginia shore where they establish the colony of James Town is both beautiful and forbidding, and it's hard to know who's a friend or foe. As he learns the language of the Algonquian Indians and observes Captain Smith's wise diplomacy, Samuel begins to see that he can be whomever he wants to be in this new land.

Air Facts and Feats The New Press

Brisbane 1999. It's hot. Stormy. Dangerous. The waters of the Brisbane River are rising. The rains won't stop. People's nerves are on edge. And then . . . A body is found. And then another. And another. A string of seemingly ritualised but gruesome murders. All the victims are men. Affluent. Guys with nice houses, wives and kids at private schools. All have had their throats cut. Tabloid headlines shout, THE VAMPIRE KILLER STRIKES AGAIN! Detective Constable Lara Ocean knows the look. The 'my-life-will-never-be-the-same-again look'. She's seen it too many times on too many faces. Telling a wife her husband won't be coming home. Ever again. Telling her the brutal way he was murdered. That's a look you never get used to. Telling a mother you need her daughter to come to the station for questioning. That's another look she doesn't want to see again. And staring into the eyes of a murderer, yet doubting you've got it right. That's the worst look of all - the one you see in the mirror. Get it right, you're a hero and the city is a safer place. Get it wrong and you destroy a life. And a killer remains free. Twenty years down the track, Lara Ocean will know the truth.

Jump Dragonfly Books

"An eye-opening and riveting account of how guns make it into the black market and into the hands of criminals and drug lords." -Adam Winkler The gun control debate is revived with every mass shooting. But far more people die from gun deaths on the street corners of inner city America and across the border as Mexico's powerful cartels battle to control the drug trade. Guns and drugs aren't often connected in our heated discussions of gun control-but they should be. In Ioan Grillo's groundbreaking new work of investigative journalism, he shows us this connection by following the market for guns in the Americas and how it has made the continent the most murderous on earth. Grillo travels to gun manufacturers, strolls the aisles of gun shows and gun shops, talks to FBI agents who have infiltrated biker gangs, hangs out on Baltimore street corners, and visits the ATF gun tracing center in West Virginia. Along the way, he details the many ways that legal guns can cross over into the black market and into the hands of criminals, fueling violence here and south of the border. Simple legislative measures would help close these loopholes, but America's powerful gun lobby is uncompromising in its defense of the hallowed Second Amendment. Perhaps, however, if guns were seen not as symbols of freedom, but as key accessories in our epidemics of addiction, the conversation would shift. Blood Gun Money is that conversation shifter.

The River Where Blood Is Born Bibliotech Press

A factual account of the author's experiences of life in the bush and on farms in Australia and New Zealand during the nineteenth century.

A River of Royal Blood Penguin

In this classic novel, James A. Michener brings his grand epic tradition to bear on the four-hundred-year saga of America's Eastern Shore, from its Native American roots to the modern age. In the early 1600s, young Edmund Steed is desperate to escape religious persecution in England. After joining Captain John Smith on a harrowing journey across the Atlantic, Steed makes a life for himself in the New World, establishing a remarkable dynasty that parallels the emergence of America. Through the extraordinary tale of one man's dream, Michener tells intertwining stories of family and national heritage, introducing us along the way to Quakers, pirates, planters, slaves, abolitionists, and notorious politicians, all making their way through American history in the common pursuit of freedom. BONUS: This edition includes an excerpt from James A. Michener's Hawaii. Praise for Chesapeake "Another of James Michener's great mines of narrative, character and lore."—The Wall Street Journal "[A] marvelous panorama of history seen in the lives of symbolic people of the ages . . . An emotionally and intellectually appealing book."—The Atlanta Journal-Constitution "Michener's most ambitious work of fiction in theme and scope."—The Philadelphia Inquirer "Magnificently written . . . one of those rare novels that is enthusiastically passed from friend to friend."—Associated Press

Blood River Vintage Classic

It's 1838, and James has made a secret plan to escape Master Graham's farm—and slavery. James tells his dog Zeus he has to stay behind: he's simply too noisy to bring along on a dangerous nighttime journey. But when two white men capture James soon after he runs, he's grateful his faithful hunting dog didn't obey. Zeus has followed behind, and the scrappy hound rescues James from his captors. An author's note describes the real life inspiration behind the book: James Smith, a slave who escaped with the help of his dog and went on to become a farmer and Baptist minister. Bloomsbury Publishing USA

This astonishing novel takes us on a journey along the river of one family's history, carving a course across two centuries and three continents, from ancient Africa into today's America. Here, through the lives of Mother Africa's many daughters, we come to understand the real meaning of roots: the captive Proud Mary, who has been savagely punished for refusing to relinquish her child to slavery; Earlene, who witnesses her father's murder at the hands of the Ku Klux Klan; Big Momma, a modern-day matriarch who can make a woman of a girl; proud and sassy Cinnamon Brown, whose wild abandon hides a bitter loss; and smart, ambitious Alma, who is torn between the love of a man and the song of her soul. In *The River Where Blood Is Born*, the seen and unseen worlds are seamlessly joined—the spirit realms where the great river goddess and ancestor mothers watch over the lives of their descendants, both the living and those not yet born. Stringing beads of destiny, they work to lead one daughter back to her source. But what must Alma sacrifice to honor the River Mother's call? [Vintage Voyages](#) Hachette Australia

When a terrorist bomb devastates an exclusive junior school in Hollywood, killing the sons and daughters of many famous TV and movie actors and producers, all hell breaks loose. Among the

many dead is Danny Bell, the son of successful comedy writer Frank Bell. Responsibility for the blast is claimed by a group who say that they want to put the decadent Western media out of business for good.

[Blood on the River](#) Penguin

From the renowned and best-selling author of *A History of God*, a sweeping exploration of religion and the history of human violence. For the first time, religious self-identification is on the decline in American. Some analysts have cited as cause a post-9/11 perception: that faith in general is a source of aggression, intolerance, and divisiveness—something bad for society. But how accurate is that view? With deep learning and sympathetic understanding, Karen Armstrong sets out to discover the truth about religion and violence in each of the world's great traditions, taking us on an astonishing journey from prehistoric times to the present. While many historians have looked at violence in connection with particular religious manifestations (jihad in Islam or Christianity's Crusades), Armstrong looks at each faith—not only Christianity and Islam, but also Buddhism, Hinduism, Confucianism, Daoism, and Judaism—in its totality over time. As she describes, each arose in an agrarian society with plenty powerful landowners brutalizing peasants while also warring among themselves over land, then the only real source of wealth. In this world, religion was not the discrete and personal matter it would become for us but rather something that permeated all aspects of society. And so it was that agrarian aggression, and the warrior ethos it begot, became bound up with observances of the sacred. In each tradition, however, a counterbalance to the warrior code also developed. Around sages, prophets, and mystics there grew up communities protesting the injustice and bloodshed endemic to agrarian society, the violence to which religion had become heir. And so by the time the great confessional faiths came of age, all understood themselves as ultimately devoted to peace, equality, and reconciliation, whatever the acts of violence perpetrated in their name. Industrialization and modernity have ushered in an epoch of spectacular and unexampled violence, although, as Armstrong explains, relatively little of it can be ascribed directly to religion. Nevertheless, she shows us how and in what measure religions, in their relative maturity, came to absorb modern belligerence—and what hope there might be for peace among believers of different creeds in our time. At a moment of rising geopolitical chaos, the imperative of mutual understanding between nations and faith communities has never been more urgent, the dangers of action based on misunderstanding never greater. Informed by Armstrong's sweeping erudition and personal commitment to the promotion of compassion, *Fields of Blood* makes vividly clear that religion is not the problem.

[Including a Critical Edition of the Text of Dante's "Eclogae Latinae" and of the Poetic Remains of Giovanni Del Virgilio](#) One World

The fascinating companion title to the award-winning historical novel *Blood on the River: James Town 1607*. After the colony of James Town is founded in 1607. After Captain John Smith establishes trade with the Native Americans. After Pocahontas befriends the colonists. After early settlers both thrive and die in this new world . . . a girl is born. Virginia. Virginia Laydon, an infant at the end of *Blood on the River*, has now grown up in a colony that is teetering dangerously on the precipice of conflict with the native Algonquins. Virginia has the gift, or the curse, of the knowing—an ability that could help save the colony, and is equally likely to land her at the burning stake as an accused

witch. Virginia struggles to make sense of her own inner world against the backdrop of pivotal years in the Jamestown colony. The first representative government is established, the first enslaved Africans arrive, and the self-righteousness of the colony's leaders angers the Algonquin. When Virginia's mother first learns of her gift, she is terrified. Kill it, her mother says, or they will kill you. When accusations and danger threaten, Virginia learns that she is on her own; her mother must protect her young sisters rather than stand up for her. So begins a journey of self-realization and increasing strength, as Virginia goes from being a self-protective young girl to someone who knows she must live her own truth even if it will be the end of her.

[Or the Evening Redness in the West](#) Penguin

Winner of the Cundill History Prize Winner of the Frederick Douglass Book Prize Named One of the Best Books of the Year by NPR A breathtakingly original work of history that uncovers a massive enslaved persons' revolt that almost changed the face of the Americas On Sunday, February 27, 1763, thousands of slaves in the Dutch colony of Berbice—in present-day Guyana—launched a massive rebellion which came amazingly close to succeeding. Surrounded by jungle and savannah, the revolutionaries (many of them African-born) and Europeans struck and parried for an entire year. In the end, the Dutch prevailed because of one unique advantage—their ability to get soldiers and supplies from neighboring colonies and from Europe. *Blood on the River* is the explosive story of this little-known revolution, one that almost changed the face of the Americas. Drawing on nine hundred interrogation transcripts collected by the Dutch when the Berbice rebellion finally collapsed, and which were subsequently buried in Dutch archives, historian Marjoleine Kars reconstructs an extraordinarily rich day-by-day account of this pivotal event. *Blood on the River* provides a rare in-depth look at the political vision of enslaved people at the dawn of the Age of Revolution and

introduces us to a set of real characters, vividly drawn against the exotic tableau of a riverine world of plantations, rainforest, and Carib allies who controlled a vast South American hinterland. An astonishing original work of history, *Blood on the River* will change our understanding of revolutions, slavery, and of the story of freedom in the New World.

Blood Meridian Scholastic Inc.

Twelve-year-old Ann Maria Weems works from sunup to sundown, wraps rags around her feet in the winter, and must do whatever her master or mistress orders—but she has something that many plantation slaves don't have. She has her wonderful family around her. To Ann, her teasing brothers, her older sister, and her protective and loving parents are everything. And then one day, they are gone. Separated from her family by her master and shipped off as a housemaid, Ann learns something about independence and about love before the opportunity for escape arrives. A white man risks his life for Ann, cuts her hair short, dresses her like a boy, and launches her on her journey on the Underground Railroad to Canada, her family, and finally to freedom. Until she was a teenager, Ann Maria Weems lived in the mid-1800s near the author's home in Maryland. This fictionalized account of her extraordinary life is ideal for students, teachers, and parents hungry for interesting and informative reading in African-American history and the Underground Railroad.
