The Myth of Lasgush
Skyhorse

This book, first published in 1987, differs from many other 'dictionaries of criticism' in concentrating less on time-honoured rhetorical terms and more on conceptually flexible, powerful terms. Each entry consists of not simply a dictionary definition but an essay exploring the history and full significance of the term, and its possibilities in critical discourse. This title is an ideal basic reference text for literature students of all levels.

Arabic Rhetoric Red Globe Press

The new book from the winner of the inaugural International Man Booker Prize is a modern-day love story of powerful obsession set against the

background of dark political intrigue. On the autobahn in Vienna a taxi leaves the carriageway and strikes the crash barrier, flinging its male and female passengers out of its back doors as it spins through the air. The driver cannot explain why he lost control; he only says that the mysterious couple in the back seat seemed to be about to kiss . . . Set against the tumultuous backdrop of war and its aftermath in the Balkans, *The Accident* intimately documents an affair between two people caught in each other's webs. The investigation into their deaths uncovers a mutually destructive obsession that mirrors the conflicts of the region. A destabilizing

mixture of vivid hallucination and cold reality, Ismail Kadare's new novel is a bold and fascinating departure. Anthology of Modern Albanian Poetry Walter de Gruyter
An invaluable glossary of significant language and linguistic terms and concepts designed for students of English Language and Linguistics. The book also provides a very useful overview of the subject as well as covering principal figures in linguistic criticism and their contribution to the subject. Organized into the core subject areas of language and linguistics, it enables the reader to contextualize each particular definition and gain a wider understanding of each topic. This edition has

been updated to include more extensive coverage, particularly of language terms. *Indo-European and the Indo-Europeans* Routledge
"Gamkrelidze and Ivanov's wide-ranging and interdisciplinary work, superbly translated from Russian, is a must for every student of Indo-European prehistory. Its erudition is unsurpassed, and its unorthodox conclusions are a continuing challenge." Prof. Dr. Martin Haspelmath, Max-Planck-Institut für Evolutionäre Anthropologie

Metaphor and Metonymy at the Crossroads is a collection of essays, most of them written

from a cognitive linguistics standpoint by leading specialists in the fields of conceptual metaphor and metonymy, and conceptual integration (blending). The book has two main goals. One of them is to discuss in new, provocative ways the nature of these conceptual mappings in English and their interaction. The other goal is to explore by means of several detailed case studies the central role of these mappings in English. The studies are, thus, concerned with the operation of metaphor and metonymy in discourse, including literary discourse or with the effect of metaphorical and/or metonymic mappings on some aspects of

linguistic structure, be it polysemy or grammar. The book is of interest to students and researchers in English and linguistics, English literature, cognitive psychology and cognitive science. A Dictionary of Modern Critical Terms BoD - Books on Demand June 28, 1389: Six hundred years before Serbian leader Slobodan Milosevic called for the repression of the Albanian majority in Kosovo, there took place, on the Field of the Blackbirds, a battle shrouded in legend. A coalition of Serbs, Albanian Catholics, Bosnians, and Romanians confronted and were defeated by the invading Ottoman army of the Sultan Murad. This battle established the Muslim

foothold in Europe and became the centerpiece of Serbian nationalist ideology, justifying the campaign of ethnic cleansing of Albanian Kosovars that the world witnessed with horror at the end of the past century. In this eloquent and timely reflection on war, memory, and the destiny of two peoples, Ismail Kadare explores in fiction the legend and the consequences of that defeat. *Elegy for Kosovo* is a heartfelt yet clear-eyed lament for a land riven by hatreds as old as the Homeric epics and as young as the latest news broadcast. *Elegy for Kosovo* Walter de Gruyter This book, first published in 1987, differs from many other 'dictionaries of criticism' in

It was impossible to get on with him as you did with others. The moment you were at him, or rather, the moment you knocked at his door, suddenly

all became another thing. There was another logic, another code, other words, wrapped up in another meaning. .when you went to Lasgush's, it was more than going abroad. You believed you dropped somewhere beyond our time, beyond the everyday way of looking at things. One more step and it looked as if you would cross the borders of life and would find yourself in Dante's nothingness. .He was unpredictable, corrosive like acid, creepy, startling. His laugh was like as if beyond our life, mirthless, and his sadness had no grief. As for his anger, it was such as well, luxurious, cold, whereas his contempt was radiating from afar, as if adorned with silver.' (Kadare, In

My Studio. pp 207, 208, 209. My translation) -All this Saussurean lava of meaning has its own matchless 'crater' from where it erupts and reaches us time and again, endlessly. Lasgush's Word has its own individual suspension, chiselled by the hand of a true master. It is breathlessly succinct and, in all probability, on a par with the best ever created. Lasgush says that his Word is: 'Mystery that burns in a thread of lightning.' (My Fiery Tongue)

Interdiction in Southern Laos, 1960-1968

Arabic Rhetoric explores the history, disciplines, order and pragmatic functions of Arabic speech acts. It offers a new understanding of

Arabic rhetoric and employs examples from modern standard Arabic as well as providing a glossary of over 448 rhetorical expressions listed in English with their translations, which make the book more accessible to the modern day reader. Hussein's study of Arabic rhetoric bridges the gap between learning and research, whilst also meeting the academic needs of our present time. This up-to-date text provides a valuable source for undergraduate students learning Arabic as a foreign language, and is also an essential text for researchers in Arabic, Islamic studies, and students of linguistics and academics.

Key Concepts in Language and

Linguistics

Throughout the War in Southeast Asia, Communist forces from North Vietnam infiltrated the isolated, neutral state of Laos. Men and supplies crossed the mountain passes and travelled along an intricate web of roads and jungle paths known as the Ho Chi Minh Trail to the Viet Cong insurgents in South Vietnam. American involvement in Laos began with photo-reconnaissance missions and, as the war in Vietnam intensified, expanded to a series of air-ground operations from bases in Vietnam and Thailand against fixed targets and infiltration routes in southern Laos. U.S. Air Force leaders and aircrews flying interdiction missions over Laotian

territory faced a unique set of challenges. Their efforts were plagued by political controversies, daunting weather, rugged terrain, a tenacious foe, and above all a bewildering array of rules of engagement limiting the effectiveness of air operations. Interdiction in Southern Laos, 1960-1968 examines this complex operational environment. Many of these issues- particularly those

relevant to conducting a politically sensitive, limited war from foreign bases, with a commitment to minimizing civilian casualties-are still relevant today and for the foreseeable future as the modern Air Force meets its responsibilities in an ever-changing global environment.
