*Hilarious Books For Teens: Fart Monster Funny Jokes* Baen Books Leaving the Terran Empire's POW camp, they thought they found their way home. Home, however, is taking a different route than these cyborgs expect. Most Wanted Alien Brides Book 1 When the Intergalactic Dating Agency mistakes a prison ship for their new clients looking for mates, cyborg Kolvin jumps at the opportunity. A new life, with the bonus of a ready-made wife? How can this go badly? But when Kolvin meets his mate, she winds up not being what he expects. She drives him crazy. She's not even from his dimension. His Craving, however, wants what it wants, and he finds himself at the mercy of it. Tina Craige, an astronomer from Earth, is pretty sure she's dead. After all, one does not walk through an arch and wind up in another dimension. Especially not in one where a giant cyborg humanoid wants her as a mate. When she discovers that he's traumatized from being held prisoner of war, she can't bring herself to abandon him. She has thirty days to accept this giant cyborg as her mate, PTSD and all, or return to her dimension and Earth, as if she'd never left. And never see, or remember, him again. Will she be able to give up everything for her cyborg mate?

The last place Christopher Jacobs, aka X, thought he'd find himself

was behind bars. Ten years later, the boy he used to be is gone. In his place is the shell of a man with murder under his belt. Any emotion he once had was left under the gavel when he was given life in prison. That is until the new nurse in the infirmary joins the block. Putting your hands on a prison employee will get you the hole, but some things are worth their punishment, and something tells him Lyla will be worth more than he bargained for. Lyla Evans isn't sure about her new job at a maximum security prison, but showing uncertainty and weakness isn't an option. Taking care of murders and rapist isn't ideal, but survival is key. She's warned ahead of time about a prisoner named X, but when she's attacked, it's the dangerous X that saves her. Fraternizing with the prisoners is forbidden, but sometimes the most forbidden things are the sweetest. **\*\*WARNING\*\*** This book is NOT for the faint of heart. If you have issues reading about abuse (physical or mental) then please DO NOT read this book. 18+ for sexual content, language, and violence. "HOLY MOTHER OF ALL THINGS HOLY! What on earth did Tabatha do to my heart?! She ripped it out, stomped all over it, and shoved the broken thing back in... and I loved every minute of it. I think." ~Heather, Give Me Books "I just cannot put into words how much I loved Slammer!!! Be prepared for a ride of a lifetime with X and Lyla!" ~ Kara, Give Me Books "A haunting, unconventional love story I will never forget." ~Ella James, USA TODAY bestselling author of Sloth "If you're looking for a mushy sweet romance, this is not the book for you. If you want to read something that is unlike anything else out there and that will surprise you and leave you in complete shock, then READ THIS BOOK. Without a doubt the best book I've read in a long time. It's dark, twisted, violent, but it's unique and shocking and unpredictable." ~ Author Amy McClung "I hope you're ready for the best mind fuck of your life, because this book is going to give it to you and give it good!" ~ Michele, Devilishly Delicious Book Reviews

Before Walter Simonson's work with Marvel and DC, there was Star Slammers, a series first devised by Simonson during his college days. The Slammers would later be resurrected as a Marvel graphic novel, and then a miniseries. Simonson describes it thus: "Once upon a time, there was a race of men who could out-shoot, out-fight, and out-kill anybody. They were paid fabulous sums to act as mercenaries. The practice became so lucrative, they decided to go into business. They became the most successful businessmen in history, and they called themselves... The Star Slammers!" The collected Star Slammers also features-published here for the very first time-Simonson's earliest version of the Slammers created for his college thesis at the Rhode Island School of Design. These stories predate his first professional comics work but strongly show the artist's keen sense of composition and design. The first printing of this book will contain a bound-in signature plate, signed by Walter Simonson! Included in every copy of the book at no extra charge, and strictly limited to the first printing!

The American prison system has gone off the rails. Originally started in the country by King George III, the pre-American Revolutionary prisons were inhuman and savage petri houses of filth and diseases. The first post-Revolutionary prisons were not much better; in fact, the Civil War prisons rivaled the inhumanity of pre-Revolutionary ones. It was not until Reconstruction when the stark realities of American prisons were viewed by highly educated overseers as shameful and repugnant. A new language referenced the need to view conceptually a new type of prison: a reformative one that would prepare the prisoner for post-incarceration life. However, throughout the near century and a half, the politicians in charge of legislation have done little to change the culture of prison warehousing. This story will concentrate on the facts that keep the unfortunate in miserable sardine cans without any provable consideration for change. Our politicians are the nation's lifeline for change, and yet many should be switching places with the incarcerated. If there is ever going to be a sincere change in the warehousing of human beings, there has to be a will for compassion and the election of politicians who do more than mouth false promises. A country is only as good as its least fortunate. Providing an atmosphere to allow for self-actualization rather than big government handouts

starts with health, the family unit, and especially education. Recidivism is the default issue. Only a minority get out with a sense of pride and the ability to reconstruct a decent life, and there is often a latent prejudice against former prisoners. Finding a "second chance" vocational opportunity or an avenue back to school for youth is an absolute must. Prisons provide training in some areas, but nowhere meeting the needs of the large prison populations. This a generational issue which has never been fully remediated. The book takes on the central issues underpinning the ever continuum of prison expansion.

Excerpt: The Rickey is a category of mixed drinks closely resembling a highball made from a base spirit, half of a lime squeezed and dropped in the glass, and carbonated water. Little or no sugar is added to the Rickey. Originally created with bourbon whiskey in Washington, D.C. at

Shoomaker's bar by bartender George A. Williamson in the 1880s, purportedly in collaboration with Democratic lobbyist Colonel Joe Rickey, it became a worldwide sensation when mixed with gin a decade later. Since 2008 the Rickey has enjoyed a resurgence with the revival of classic cocktails and a group of Washington D.C.-based bartenders, known as the DC Craft Bartenders Guild establishing July as Rickey month. It was also featured with Bourbon by political commentator and amateur mixologist Rachel Maddow on the Martha Stewart show for election night, 2008. Rickeys made with gin (typically referred to simply as gin rickeys) are among the most favored of the varieties of the drink with alcohol included. The...

A finely observed and lovingly detailed portrait of a woman attempting to find a community and understand her own troubled history After spending two decades in jails, psych wards, and halfway houses for her peripheral involvement in a radical students' bombing plot, thirty-six-year-old Carol Smith winds up squatting in a tattered space in Spanish Harlem. She spends the majority of her vagrant days socializing with her homeless neighbors, arguing with a testy social worker, and wandering the streets with Alphonse, a wayward South African wino and self-professed actor. Alphonse proves to be an inspiring force, and soon Carol is weaning herself off antidepressants as the sifting of her memories—mostly of her upbringing by two aunts in Massachusetts—creates a chance for redemption.
