Writing from the Center is about one very fine writer's quest for a meaningful and moral life. The center he seeks and describes is geographical, emotional, artistic, and spiritual - and it is rooted in place. The geography is midwestern, the impulses are universal. Where and how do we find meaning? Where does a writer find inspiration? How can personal, artistic, family, and community needs be blended to create a harmonious life? What aids exist in such a "located" life against despair? How should a writer relate to and represent his place? Twelve interrelated essays probe these questions from different perspectives. "Buckeye" examines the resonance of objects and the mysteries of relationships and death. "Imagining the Midwest" surveys how other writers have seen and related to their region. "The Common Life" makes an eloquent case for community values. "Sanctuary" is an eloquent and painful consideration of environmental degradation. "Writing from the Center" and "Letter to a Reader" deal with Sanders's decisions to locate in the Midwest, to know his place, and to write about it in both fiction and nonfiction. When Addie Baum's 22-year old granddaughter asks her about her childhood, Addie realizes the moment has come to relive the full history that shaped her. Addie Baum was a Boston Girl, born in 1900 to immigrant Jewish parents who lived a very modest life. But Addie's intelligence and curiosity propelled her to a more modern path. Addie wanted to finish high school and to go to college. She wanted a career, to find true love. She wanted to escape the confines of her family. And she did. Told against the backdrop of World War I, and written with the same immense emotional impact that has made Diamant's previous novels bestsellers, *The Boston Girl* is a moving portrait of one woman's complicated life in the early 20th Century, and a window into the lives of all women seeking to understand the world around them.

In *Educating the Enemy*, Jonna Perrillo not only tells this fascinating story of Cold War educational policy, she draws an important comparison to another population of children in the El Paso public schools who received dramatically different treatment: Mexican Americans. Like everywhere else in the Southwest, Mexican children in El Paso were segregated into "Mexican" schools, as opposed to the "American" schools the German students attended. In these "Mexican" schools, children were penalized for speaking Spanish, which, because of residential segregation, was the only language all but a few spoke. They also prepared students for menial jobs that would keep them ensconced in Mexican American enclaves. .

Walking his two young children to school every morning, Thad Carhart passes an unassuming little storefront in his Paris neighborhood. Intrigued by its simple sign—Desforges Pianos—he enters, only to have his way barred by the shop's imperious owner. Unable to stifle his curiosity, he finally lands the proper introduction, and a world previously hidden is brought into view. Luc, the atelier's master, proves an indispensable guide to the history and

art of the piano. Intertwined with the story of a musical friendship are reflections on how pianos work, their glorious history, and stories of the people who care for them, from amateur pianists to the craftsmen who make the mechanism sing. The Piano Shop on the Left Bank is at once a beguiling portrait of a Paris not found on any map and a tender account of the awakening of a lost childhood passion. Praise for *The Piano Shop on the Left Bank*: "[Carhart's] writing is fluid and lovely enough to lure the rustiest plunker back to the piano bench and the most jaded traveler back to Paris." –San Francisco Chronicle "Captivating . . . [Carhart] joins the tiny company of foreigners who have written of the French as verbs. . . . What he tries to capture is not the sight of them, but what they see." –The New York Times "Thoroughly engaging . . . In part it is a book about that most unpredictable and pleasurable of human experiences, serendipity. . . . The book is also about something more difficult to pin down, friendship and community." –The Washington Post "Carhart writes with a sensuousness enhanced by patience and grounded by the humble acquisition of new insight into music, his childhood, and his relationship to the city of Paris." –The New Yorker **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST BOOK WORLD**
