A 1st grader would
already know colors and

numbers, so why not
merge those concepts
into an amazing activity
that benefits learning?

This activity book requires
your children to follow
instructions and to color
only those defined by
their numbers. To
complete this would be a
challenge in their

In four lessons, this
workbook for beginners
shows you how to do
shamanic journeying,
search for a spirit animal

and a spirit teacher. You will learn how to do spirit animal dancing and trance dancing and how to find your own personal spirit song. There is additional information about shamanism and a detailed appendix with recommendable books, music and more. Included is a link to five downloadable mp3 audiofiles (guided shamanic journeys and others) which are recommended to work with when using this book. These files can be downloaded with no extra

costs. No previous knowledge is required. What is the benefit of shamanic journeying? For spiritual self-awareness To find answers on important questions of life and to make decisions for more inner strength, self-esteem and clarity, also in difficult situations to strengthen the trust in oneself and one's abilities To find out about one's needs and wishes To find out what one is destined to or wants to achieve in life To feel connected (again) to the big picture" Advantages of this

workbook You can learn the shamanic journey in your own rooms and do not need to drive or go to another place. You can find out if shamanic journeying resonates with you and learn at your own pace. Included is a link to five audio files. There are four with guided journeys that help you to get started. When you are more experienced you can also listen to the drum and rattle file without text, a drumming music of your choice. Or drum yourself, if you like. You save quite a bit,

because you don't have to participate in a whole weekend workshop or extensive course. This workbook is based on methods of Core-Shamanism which the author learned at the Foundation for Shamanic Studies, Europe. The workbook is divided into four lessons. It's recommended that you take at least one week and up to circa one month of time for each of the lessons. If you need a bit longer, no problem. Try to do every exercise two or three times a week, or

more if you wish. The exercises last about half an hour yet you can also extend them a bit. Please note: This workbook is for your self-awareness and entertainment. You have to be 18 or older. The author does not give any promises of healing effects. Working with this book cannot replace a thorough shamanic education, shamanic healing sessions, a therapy or an appointment with a academic doctor. If you have a severe mental or neurologic illness (like

clinical depression, epilepsy or schizophrenia) this workbook is NOT suited for you."

Whether it's your daily dealings at work or a pervasive concern for your physical safety, the stress you regularly experience may actually be more harmful than the threat that triggered it.

Not only can it lead to isolation and an erosion of happiness, stress can be biologically harmful, bringing about health issues, such as heart disease, high blood pressure, ulcers, and strokes. In short, successfully managing stress could be nothing less than a life-or-death situation. Now, professional biofeedback practitioner Harry L. Campbell presents "What Stress Can Do," his unprecedented guide to the importance of minimizing everyday

stress in order to short-circuit its many serious side effects. What's more, his easy-to-implement recommendations enable you to do so without use of any drugs. Recent data on the prevalence of stress documents that as much as 90 percent of all doctors' office visits are related to stress. However, with the right skills and perspective, you can preempt the physical fallout from the tolls of daily life, and gain new mastery over your mind. The time is right to take a step back, breathe easy,

and once and for all address all that ails you. *First Step* Prentice Hall This workbook is a companion volume to First Step, the elementary Chinese textbook. A Missionary in Taiwan's White Terror Mereobook

Books, mereobook, mereobooks

Four experienced teachers of beginning Chinese have developed this introductory textbook. A pilot edition has been tested widely in classrooms and refined over a period of years. Among its salient features are lessons that are lively, amusing, and relevant to everyday life: concentrated training of ear and tongue in the sound system of Chinese; extensive grammar notes, clearly presented, with attention to mistakes

English-speakers are likely to make; a carefully sequenced character workbook embodying a new and effective approach to the learning of Chinese characters; and audiovisual reinforcement via a complete set of audiotapes and two videotapes, one of which offers entertaining dramatizations of the lesson dialogues. The Chinese Primer is available in two versions, one using the GR system of romanization, which employs different

spellings instead of diacritical marks for different tones, the other using Pinyin romanization. The contents of the four volumes are as follows: (1) Blue Book [Lessons]: Introduction; foundation work on pronunciation; lesson dialogues in romanized Chinese and English; appendices; glossary-index. (2) Red Book [Notes and Exercises]: Vocabularies; grammar notes and culture notes keyed to the lessons; exercises. (3) Yellow Book [Character Workbook]: workbook. (4)

Green Book [Pinyin Character Text]: Texts of the lessons in both traditional and simplified Chinese characters, and a Chinese introduction for teachers. The first three volumes: Blue Book, Red Book, and Yellow Book are sold as a set (GR Set or Pinyin Set). In addition, the GR Blue Book [Lessons], GR Red Book [Notes and Exercises], and GR Yellow Book [Character Workbook] , along with the Pinyin Green Book [Pinyin Character Text], along with the Pinyin Green

Book [Pinyin Character Text] are sold separately. The GR Audio and video materials are available from the Chinese Linguistics Project at Princeton University for use with this text. These worksheets have been developed to supplement English-as-a-Second-Language textbooks and curriculum-not to replace them. They are meant to enhance and bring variety

to an already-existing school English language teaching program. The worksheets are designed to be duplicated and distributed to students. The worksheets can be used at home, school, or in any other independent setting. They can also be used to make overhead transparencies or be projected onto a whiteboard or smart board on which students can see the worksheet and write directly onto the projected image. Each worksheet is accompanied by a detailed step-by-step

lesson plan and suggested teaching techniques to assist the instructor in providing an interesting and successful lesson. The lessons can also provide a useful resource for substitute teachers and tutors. *Chinese Link - Intermediate Chinese* Createspace Independent Publishing Platform CHINESE LINK: Zhongwen Tiandi Level 2 provides a practical, learner-centered, and enjoyable language and culture learning experience for intermediate level

Chinese learners, as well as an efficient and comprehensive teaching resource for instructors. The intermediate level in the Chinese Link: program, this series systematically emphasizes and integrates the "5Cs" principles of the National Standards for Foreign Language Education--Communication, Cultures, Comparisons, Connections, and Communities--throughout the program. While learners of Chinese at the intermediate level need to

continue to build their mastery of commonly used vocabulary and grammatical structures, they also need to begin to train for advanced level language usage: Chinese Link Level 2 supports these two needs. Chinese Link Level 2 continues to systematically build learners' abilities in the four skills of listening, speaking, reading, and writing so that they can reach the intermediate level of competence. The content and exercises in the intermediate level program build upon what

has been studied in the introductory level program, gradually adding more sophisticated vocabulary and grammatical structures. Frequent consolidation and review exercises are included. Chinese Link Level 2 also helps learners get ready for advanced Chinese study by introducing formal and written expressions and increasing students' "media literacy." This is accomplished by providing exposure to common Chinese idioms

and the stories behind them, and by including texts written in the style of newspaper, magazines, and Internet news articles. Chinese Link Level 2 / Part 1 is comprised of 10 lessons, presenting traditional and simplified character versions side-by-side, allowing students to focus on one or the other, or to see the variations between the characters. Chinese Link Level 2 Parts 1 and 2 are designed to be completed in an academic year of college-level study.
