Rise up and fight against injustice. This resource aligns perfectly with the novel and is a great source to gauge what students are comprehending.

Predict whether Luke will stay hidden after the woods are cut down, based on what you know of him so far. Detail the difference between Luke's bread and his mother's.

Identify statements

about Jen's life as either true or false. Write a journal entry from Jen's point of view detailing her preparations for the rally. Match the synonyms to key vocabulary words found in the novel. Perform a tableau of your favorite scene from the story. Create a coat of arms detailing one theme from the novel. Aligned to your State Standards and written to Bloom's Taxonomy, our worksheets incorporate a variety of scaffolding strategies along with additional crossword, word search, comprehension quiz and answer key.

About the Novel: Among the Hidden focuses on the dystopian world of Luke Garner, where having more than two

children is illegal. Unfortunately for Luke, he's the youngest of three brothers. Therefore, he must stay hidden to avoid detection from the US government. At some point in the past, the US government enacted a Population Law to help fight against food shortages. However, some believe that this is simply the government's way of controlling its citizens. One of these people is Luke's neighbor, who's also a third child. Jen comes from a well-off family. She has access to the Internet and books, something Luke does not. Jen explains to Luke that she wants to start a revolution. She's in communication with other third children, and is organizing a rally to be held outside

the Whitehouse. When things go wrong, Luke finds himself in danger and must make a choice: risk being found, or assume a new identity and leave his home.

This book is for anyone who is enrolled in a G.E.D., intermediate or advanced ESL, home school, remedial, or developmental program as well as for anyone who has ever had trouble mastering English grammar. If you were left behind somewhere along the way toward mastering the basics of our language, this book is for you! This book is entirely self-paced and self-grading. You can take as much or as little time as you need to understand and master the rules. You are the boss! You can grade yourself as you go along by simply dividing the number you got right on an

exercise by the Possible Score. This will give you Your Score. Correct answers are found after the review section of each Foundation. If you find that your score isn't as good as you would like for an exercise, go back and review the rules and see what you didn't understand. Then try the next exercise. Continue this until you are satisfied with yourself. Then try the Application.
