What are Christian ethics? A Christian's ethics should originate within the boundaries of Christianity, and likewise, the sole basis for ethical practices and behaviors should be built upon the theological threshold of God, the Lordship of Christ his Son, and the hope of glory in habituating the new kingdom. Ministerial Ethics in the 21st Century answers fundamental questions about Christian ethics, explaining what it means to be ethical in ministry. Author Antwon C. Lewis also helps us understand what constitutes a healthy character and what role discernment plays in various ethical situations. Christian leaders will especially benefit from this study, as they can have their moral principles be influenced by scriptural standards—and not determine right or wrong based on their own value system. A crisis in today's society does indeed exist—and our present world is challenged with a need for ministerial ethics. Therefore, thorough research and investigation are needed, and Ministerial Ethics in the 21st Century will help ameliorate continued hypocrisy and poor ministerial integrity in the church.

Motivating Ministers to Morality Routledge

In this outstanding book, Dag Heward-Mills examines real life situations in ministry today. He addresses practical issues like finances, politics, relating with the opposite sex, and ministerial interactions. A common sense guide to the principled practice of your calling, this book is a must for every Christian leader. It is highly recommended for Bible schools and clergy in general.

This title was first published in 2002: By means of a number of case studies, this book provides a discussion of ministerial ethics. Countries covered include Canada, New Zealand, Australia, Scotland, the UK and Germany and the areas covered range from a consideration of illegal party financing in Germany, to a discussion of the role of the media in motivating ministers to ethical behaviour.

Ministerial Ethics Westminster John Knox Press

This one-of-a-kind resource in professional ethics helps today's Christian leaders maintain a high moral character and lifestyle and sharpen their personal and professional decision-making skills. Two experienced teachers and pastors address both current and perennial ethical issues and offer guidance for developing a personal code of ethics to maintain integrity in the work of ministry. The authors address the nature of ethical decision making as well as practical areas where integrity can be compromised, including issues raised by the use of smartphones and social media.

Appendixes include codes of ethics from various denominations.

Behind all the issues of ministerial conduct and character lies a simple reality. The heart of ministerial ethics and integrity, argues Barbara Blodgett, is trust - trust expected, trust earned, trust practiced. In *Lives Entrusted*, Blodgett shows how trust is not an emotion or intention but a transaction.

People entrust each other with things they value, and that interaction endows a relationship, which in turn helps to create community. Trust, however, is undermined by a number of trust-busters common in the church, including secrecy, auditing, gossip, and b.s. By focusing on crucial practices of trust-identified in terms of risk, vulnerability, and power-Blodgett shows us how we may practice better trust and thus create a unique new framework for ministerial identity and ethics.

Ministerial Ethics Fortress Press

The practice of ministry requires pastors and Christian leaders to serve as moral theologians in their communities. Ministers must preach about morally challenging texts, teach about moral issues and conflicts, offer moral counsel, and serve as an example regarding the shape of faithful Christian life. Grounding pastoral ethics in spiritual formation and spiritual disciplines, this book provides tools for facing the day-to-day demands and seizing the opportunities of being a moral teacher. An essential text for practical ministry courses.

Karen Lebacqz here offers a logical yet eminently human framework for ethical decision making. Quoting and clarifying the thoughts of the field's top authorities, Dr. Lebacqz summarizes the issues and questions that have, until now, served as the boundaries of debate. Then she moves beyond that; formulating new questions, demonstrating why the answers to those questions are critical, laying the groundwork for what eventually emerges--a new way of perceiving and resolving complex ethical questions. *Professional Ethics: Power and Paradox* utilizes the "praxis" method of analysis. An actual ethical dilemma is offered, then treated theoretically throughout the text in order to demonstrate how a professional decision involving the dilemma might be reached. Central to the ethical framework offered here is the focus on three steps toward a decision: action (what are the available alternatives?); character (what does it mean to be a professional in relation to the question?); and structure (how do structures limit or modify the alternatives?). The resolution of these and related, subordinate questions, Dr. Lebacqz asserts, is the foundation of a new framework for ethical decision making.

Ministerial Ethics

Right and wrong conduct by Christian pastors has an enormous impact on churches and society. Ken Bickel and Kevin Vanderground say, "when ministry leaders grievously fail, the ripple effects often extend well beyond what any one person can comprehend." Practical case studies are sprinkled throughout, providing conversation starters for church boards, groups of pastors, or individuals who care about integrity in the ministry. Useful to pastors and students alike, the guidelines proposed here will help application of scripture's principles to practical dilemmas pastors face. Writing from a context of information about legal trends and information, the authors here proposed a ministerial code of conduct that covers many situations never envisioned by those young in the ministry.
