What is cryptography? The Caesar cipher. Caesar Cipher Exploration. This is the currently selected item. Frequency Fingerprint Exploration . Polyalphabetic cipher. Polyalphabetic Exploration. The one-time pad. Perfect Secrecy Exploration. Frequency stability property short film.Caesar Cipher Exploration | Ancient cryptography ...In cryptography, encryption is the process of encoding information. This process converts the original representation of the information, known as plaintext, into an alternative form known as ciphertext. Ideally, only authorized parties can decipher a ciphertext back to plaintext and access the original information. Encryption does not itself prevent interference but denies the intelligible content to a would-be interceptor. For technical reasons, an encryption scheme usually uses ...Encryption - WikipediaCRYPTOGRAPHY IN ANCIENT EGYPTIAN This is a study on cryptographic writings in the ancient Egyptian civilization.
