BENTLEY HORTON

Prophecy of Hope
Braveship Books
This riveting New York
Times bestseller tells of
the shocking true story of
a rogue Soviet submarine
poised for a nuclear strike
on the United States,

“reveal[ing] the explosive
facts about one of the
best-kept secrets of the
Cold War” (The Flint
Journal). On March 7,
1968, several hundred
miles northwest of Hawaii,
the nuclear-armed K-129
surfaced and sunk, taking
its crewmen and officers
with it to perish at sea.
Who was commanding the
rogue Russian sub? What
was its target? How did it

infiltrate American waters
undetected? Drawing
from recently declassified
documents and extensive
confidential interviews,
Navy veteran Kenneth
Sewell exposes the
stunning truth behind an
operation calculated to
provoke war between the
United States and China.
With full, authoritative
detail and sixteen pages
of exclusive photographs,

Red Star Rogue illuminates this history-shaping event and rings with chilling relevance in light of today's terrorist threats.

Prophecy of Eden: A Supernatural Psychic Thriller Braveship Books

The first book in the classic vigilante action series from a "writer who spawned a genre" (The New York Times).

Overseas, Mack Bolan was dubbed "Sgt. Mercy" for the compassion he showed the innocent. On the home front, they're calling him the

Executioner for what he's doing to the guilty. In the jungles of Southeast Asia, American sniper Mack Bolan honed his skills. After twelve years, with ninety-five confirmed hits, he returns home to Massachusetts. But it's not to reunite with his family, it's to bury them—victims in a mass murder/suicide. Even though Bolan's own father pulled the trigger, he knows the old man was no killer. He was driven to madness by Mafia thugs who have turned his idyllic hometown into a

new kind of war zone. Duty calls . . . Introducing an action hero "who would make Jack Reacher think twice," this is the first book in the iconic series of vigilante justice that has become a publishing phenomenon (Empireonline.com). With more than two hundred million Executioner books sold since its debut, the series continues to stimulate. Gerry Conway, cocreator of Marvel Comics' The Punisher, credits the Executioner as "my inspiration . . . that's what gave me the idea for

the lone, slightly psychotic avenger.” The series is also now in development as a major motion picture. *War Against the Mafia* is the 1st book in the Executioner series, but you may enjoy reading the series in any order. *Rogue Poseidon Braveship Books*
An “infuriating, fast-paced” (The Washington Post) account of the Navy SEALs of Alpha platoon, the startling accusations against their chief, Eddie Gallagher, and the courtroom battle that

exposed the dark underbelly of America’s special forces—from a Pulitzer Prize-winning reporter WINNER OF THE COLORADO BOOK AWARD • “Nearly impossible to put down.”—Jon Krakauer, New York Times bestselling author of *Where Men Win Glory* and *Into the Wild* In this “brilliantly written” (The New York Times Book Review) and startling account, Pulitzer Prize-winning New York Times correspondent David Philipps reveals a powerful moral crucible,

one that would define the American military during the years of combat that became known as “the forever war.” When the Navy SEALs of Alpha platoon returned from their 2017 deployment to Iraq, a group of them reported their chief, Eddie Gallagher, for war crimes, alleging that he’d stabbed a prisoner in cold blood and taken lethal sniper shots at unarmed civilians. The story of Alpha’s war, both in Iraq and in the shocking trial that followed the men’s accusations, would

complicate the SEALs' post-9/11 hero narrative, turning brothers-in-arms against one another and bringing into stark relief the choice that elite soldiers face between loyalty to their unit and to their country. One of the great stories written about American special forces, Alpha is by turns a battlefield drama, a courtroom thriller, and a compelling examination of how soldiers define themselves and live with the decisions in the heat of combat.

Rogue Crusader Braveship

Books

A rookie empath battles superior psychics-and more demons. Can life get harder for Diane? Aided by a secret order of wraith hunters and an angel, she defeated a line of immortal killers and their possessing demon. Now, as she tries to leave behind the unwanted battles, she's thrust into the maelstrom of a raging psychic war. A new enemy is leaving a bloody trail, casting a widening shadow of death, and only Diane has the skill to stop it. Though still learning

her powers, she's the strongest empath on our side. She'd rather walk away, marry a charming hunter, and live normal life, but she can't. We need a champion, and she's all we've got.

Red Star Rogue

Braveship Books

Saudi Arabia, the world's leading producer of oil, is on the brink of revolution. Inside the opulent palaces and lavish mansions, the royal family is ransacking the country's dwindling coffers while the desert kingdom seethes with unrest. Appalled at his

family's extravagant lifestyle, Crown Prince Nasir vows to end the careless and destructive rule, and sets in motion a top-secret operation to destroy the Saudi oil industry and bankrupt the monarch. To do so, he must enlist the help of an ally, a naval power willing to help in return for a share of the wealth. Nasir turns to France, with its fleet of lethal Hunter Killer submarines, capable of inflicting devastating damage on the massive oil installations along the shores of the Red Sea and

in the Persian Gulf. Objective: To shift the power structure of the world's oil giant. Under the command of the mysterious and lethally effective Colonel Jacques Gamoudi -- nicknamed "Le Chasseur," or "The Hunter" -- the ferocious battle for the desert kingdom begins. As the world's oil markets plunge into chaos, Admiral Arnold Morgan, former Security Adviser to the President, and Lieutenant Commander Jimmy Ramshawe are summoned to the White House,

where they learn that Gamoudi has been joined by none other than Morgan's archenemy, Hamas General Ravi Rashood, in the battle for the capital city of Riyadh. Now Le Chasseur becomes the hunted, by both French and American Special Forces -- one trying to assassinate and silence him forever, the other desperate to take him alive and to force a public confession of France's subversive actions. Rogue State Braveship Books

The story the Navy wanted to block. How far would a father go to save the life of his daughter? Facing the vicious terrorists who are holding Caroline, thousands of miles across the ocean in the dangerous waters of the South China Sea, he is prepared for battle... He is ready to bring his daughter home. ONCE YOU START THIS BOOK, YOU CANNOT STOP *The Damocles Agenda* Braveship Books ENEMIES WITHIN, ENEMIES WITHOUT... Israel wages war on its

neighbors-and on itself. While Palestine, Syria, and paramilitary extremists gear up for battle, internal dissent turns the turbulent country into a roiling cauldron of chaos. Naval blockades escalate, tank divisions mobilize, and sleeper cells prepare to extract bloody revenge. Enter global arms runner, Pierre Renard, and his mercenary submarine fleet. Led by expelled U.S. naval officer Jake Slate, Renard's brilliant band of misfits ambush an Israeli war machine that is divided, but still

unbelievably lethal. Facing incalculable odds against an overpowering force, these so-called heroes must trust their wits and one another-even when victory seems impossible. As the battle rushes toward its devastating climax, they can only hope they're fighting on the side of justice. Book 10 of the Rogue Submarine Series... Rogue Avenger (2005), Rogue Betrayal (2007), Rogue Crusader (2010), Rogue Defender (2013), Rogue Enforcer (2014), Rogue Fortress (2015),

Rogue Defender

Braveship Books
Book 8 of the Rogue
Submarine Series. Rogue
Avenger ('05), Rogue
Betrayer ('07), Rogue
Crusader ('10), Rogue
Defender ('13), Rogue
Enforcer ('14), Rogue
Fortress ('15), Rogue
Goliath ('15), Rogue
Hunter ('16). A nation
under siege... It's been
more than four years
since the annexation of
Crimea and UN has
decided to take covert
military action to loosen
the stranglehold of the
Russian invaders. The
targets are a strategic

bridge and underwater
pipelines which supply the
occupied peninsula with
natural gas, electrical
power, and
telecommunications from
mainland Russia. If these
critical lifelines can be
severed, Ukrainian
resistance fighters might
have a chance at
reclaiming independence.
To make this possible,
former U.S. naval officer
Jake Slate and
international arms dealer
Pierre Renard must wage
a clandestine war against
the Russian navy. Their
enemies are aided by

weaponized dolphins, who know the ocean environment far better than any human possibly can. If this is not a suicide mission, it's pretty damned close...

Rogue Neptune Harper Collins
 Battling for Ravaged Lands...After threatening both the Turkish and American fleets, the naval mercenaries set course for Yemen in hopes of righting countless wrongs.What they get instead is resistance from five power-hungry nation-states.When the

mercenaries reopen the lifeline of humanitarian aid to ravaged lands, the Emirates, Saudis, Iranians, Houthi rebels, and Separatists retaliate in force.Fighting a multi-front war, the mercenaries learn to fight dirty. With enemies countering their every move, they must again use ugly tactics to survive.Can they save themselves-and thousands of lives-or will they die trying?Read this two-book mission (Rogue Neptune, Rogue Outlaws) to find out...

Rogue Outlaws Braveship Books

Master your powers or become the next sacrifice. Magical daggers. Books of ancient secrets. Wraith hunters. Human tributes... Dianne uses her prophetic powers to pay the rent with tarot readings, but when telepathic shocks, ghostly warnings, and cryptic cautions from a secret book burst into her life, she needs to embrace her full abilities-fast. An immortal savage is seeking her as a sacrifice, leading her to partner with strange men who use

modern technology and ancient magic to hunt her potential murderer.

Racing against time and learning her powers while defending herself, Dianne must battle a relentless enemy, guide the efforts of her protectors, and prove her inner strength and empathic competency to survive.

Rogue Hunter Braveship Books

This is the untold story of a covert submarine espionage operation against the Soviet Union during the Cold War as experienced by the

commanding officer of an active submarine. b&w photo insert.

Rogue Captain Braveship Books

NEW YORK TIMES BESTSELLER • NOW A NETFLIX FILM STARRING COLIN FIRTH • The “brilliant and almost absurdly entertaining” (Malcolm Gladwell, *The New Yorker*) true story of the most successful—and certainly the strangest—deception carried out in World War II, from the acclaimed author of *The Spy* and the *Traitor* “Pure catnip to

fans of World War II thrillers and a lot of fun for everyone else.”—Joseph Kanon, *The Washington Post Book World* Near the end of World War II, two British naval officers came up with a brilliant and slightly mad scheme to mislead the Nazi armies about where the Allies would attack southern Europe. To carry out the plan, they would have to rely on the most unlikely of secret agents: a dead man. Ben Macintyre’s dazzling, critically acclaimed bestseller

chronicles the extraordinary story of what happened after British officials planted this dead body—outfitted in a British military uniform with a briefcase containing false intelligence documents—in Nazi territory, and how this secret mission fooled Hitler into changing military positioning, paving the way for the Allies' drive to victory.

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES

Red Star Rogue Simon

and Schuster

Discover the secret history of America's submarine warfare in this fast-paced and deeply researched chronicle of adventure and intrigue during the Cold War that reads like a spy thriller. *Blind Man's Bluff* is an exciting, epic story of adventure, ingenuity, courage, and disaster beneath the sea. This New York Times bestseller reveals previously unknown dramas, such as: The mission to send submarines wired with self-destruct charges into

the heart of Soviet seas to tap crucial underwater telephone cables. How the Navy's own negligence may have been responsible for the loss of the USS *Scorpion*, a submarine that disappeared, all hands lost, in 1968. The bitter war between the CIA and the Navy and how it threatened to sabotage one of America's most important undersea missions. The audacious attempt to steal a Soviet submarine with the help of eccentric billionaire Howard Hughes, and how

it was doomed from the start. A magnificent achievement in investigative reporting, *Blind Man's Bluff* reads like a spy thriller, but with one important difference - everything in it is true. *Hunter Killer* Braveship Books
America's most wanted...
... are America's best hope. Jake survived stealing a Trident missile submarine. Now, things get hard. A Chinese blockade of Taiwan. A betrayed CIA operative who doubts her loyalties. A rogue Pakistani

submarine commander bent on nuclear destruction. The stage is set for genocide and global catastrophe. We need a hero. Jake, a wanted traitor, is all the world's got. He partners with an international arms dealer and a crew of mercenary submarine sailors to catch a madman before he can trigger a nuclear war. Will he come out of hiding? Can he earn redemption? Blinded by rage and unsure of his future, he finds himself at the center of a high-stakes plot. Can he slow

the encroaching Chinese hostility and stop a Pakistani madman? Can he earn freedom, forgiveness, and respect? You'll love this military thriller, because everyone loves a journey of salvation. GET IT NOW [Alpha Zed Books](#)
Civilization had an off switch... The Russians call it Lunnaya Pesnya. Moon Song. They bring the device aboard the International Space Station disguised as an experimental electromagnetic propulsion system. Just a

harmless EmDrive prototype, ferried into space for testing in microgravity. But the device is not what it appears to be and it's far from harmless. When military cosmonauts hijack the ISS, Russia's plans of global conquest are revealed. Moon Song is a game-changing electromagnetic pulse weapon, capable of attacking any location on Earth from orbit. The first target is Kennedy Space Center. Uncounted kiloteslas of electromagnetic force

slash through the atmosphere like an unseen sword—wiping out microchips, transistors, digital storage devices, and electronic circuits of all kinds. In an instant, Cape Canaveral—and the surrounding areas of Cocoa Beach, Rockledge, Titusville, and Patrick Air Force Base—are stripped of every necessity of modern existence. Throughout the target zone, microchips are fried; credit cards are slicked; hard drives are erased. Electronic systems of all kinds suffer catastrophic

failure, taking out cell phones, landlines, radios, vehicles, aircraft, and every electrical component within the footprint of the EMP beam. A single pulse of energy has driven the U.S. manned space program into the dark ages. Now, Russia holds the high ground. From orbit, they can detect and neutralize any attempt to attack the ISS. The destruction of Canaveral shows what will happen to any nation that challenges Russian supremacy. With the world literally held

hostage, there's no way to fight back. Or is there?

Rogue Invader Braveship

Books

Warriors who take

cybernetic control of

predatory animals. A wounded soldier-turned alcoholic exorcist. A child who attacks with his mind. As Nate Clark leads his brothers out of a broken childhood, he discovers his supernatural ability to wield eagles, wolves, and leopards as weapons. His journey to establish his self-worth by protecting good people from evil attracts Father Mark Bannen, who suspects demonic manipulation as the source of Nate's apparently benevolent powers. Questioning if his

ends justify his means, Nate must decide if he can marry the woman he loves, draw vengeful blood, and protect his life's work from the exorcist who threatens to expel its source. The occult clashes with Christianity; a priest battles demons; and an epic journey of dark versus light explores the limits of mankind's understanding of nature's conflicting forces.

Blind Man's Bluff Open Road Media

This book reads like a Tom Clancy novel, but it is

all true. Today our greatest fear is that terrorists may someday acquire a nuclear weapon and use it against us. In fact, they have already tried. In 1968 a Soviet submarine sank off Hawaii, hundreds of miles closer to American shores than it should have been. Evidence strongly suggests that the sub sank while attempting to fire a nuclear missile, most likely at Pearl Harbor. We now know that the Soviets had lost track of the sub; it had become a rogue. While the Soviets

searched, U.S. intelligence was able to recover the sunken sub, and it became clear that the rogue was attempting to mimic a Chinese submarine, almost certainly with the intention of provoking a war between the U.S. and China. Could the information gleaned from the sunken sub have been a decisive factor shaping the new policies of détente between the Americans and the Soviets, and opening China to the West?--From publisher description.

Prophecy of Grace
Braveship Books
One nation's piracy is another's act of war...It begins with a series of torpedo attacks against unarmed commercial tankers. Like the supernatural apparitions they're named for, the mercenary submarines Wraith and Specter glide invisibly beneath the waves of the Arabian and Aegean seas, slowly choking off the flow of fuel from the Middle East to Greece. After decades of spiraling corruption and economic failure, a cabal

of Europe's leaders are secretly determined to force the failing nation out of the European Union, even if it means fanning the smoldering hatred between Greece and Turkey into all-out war. While Greek warships scramble to locate the submarine provocateurs, international arms dealer Pierre Renard and former U.S. naval officer Jake Slate are in the thick of the fight, risking life and freedom to carry out an insane mission with unforeseeable consequences. The ocean

battlespace is a crucible of unmanned drones, weaponized sea life, and lethal cutting-edge technologies. It's a new kind of warfare, and nobody knows the rules...

Rogue Raiders Wraith Hunter Chronicles

The tables have turned...

It begins with a daring commando raid to capture a highly-specialized warship. But this time, global arms runner Pierre

Renard is not the mastermind behind the crime. He's the victim and the hijacked vessel is his hybrid combat/salvage submarine, the Goliath. In addition to its vital role in his plans, the lost sub is a stab at Renard's heart, a reminder that even his Machiavellian schemes cannot guarantee protection against clever enemies. For the first time, he's reacting rather than taking control,

dancing on the puppet strings instead of pulling them. Leading the chase to recapture the Goliath is disgraced former U.S. naval officer Jake Slate, once again in command of Renard's mercenary fleet. Pitted against a crafty and deadly adversary, Slate knows that he can't continue to defy the odds indefinitely. Sooner or later, his luck is going to run out.
