### EFRAIN TOBY

#### Hospitality Services CRC Press

This new textbook, *Hospitality Revenue Management: Concepts and Practices*, provides a comprehensive, in-depth introduction to the basic concepts and best practices of hospitality revenue management. With a real-world, hands-on approach, the book places students in the role of a revenue manager striving to succeed in an ever-changing hospitality business environment. The book takes a unique multi-author, collaborative approach, with chapters from outstanding industry leaders who share their experience and provide the information necessary to arm students with the most up-to-date tools and methods they to be effective in the hospitality revenue management field. The chapters cover the important topics in hospitality revenue management, including hotel pricing, hotel segmentation, distribution channels, competitive analysis, hotel forecasting, performance analysis, market data, supply and demand management,

and more.

*Custom Pub for George Brown College* Hospitality Management Accounting

This thoroughly updated and extended eighth edition of the long-running bestseller *Research Methods in Education* covers the whole range of methods employed by educational research at all stages. Its five main parts cover: the context of educational research; research design; methodologies for educational research; methods of data collection; and data analysis and reporting. It continues to be the go-to text for students, academics and researchers who are undertaking, understanding and using educational research, and has been translated into several languages. It offers plentiful and rich practical advice, underpinned by clear theoretical foundations, research evidence and up-to-date references, and it raises key issues and questions for researchers planning, conducting, reporting and evaluating research. This edition contains new chapters on: Mixed methods research The role of theory in educational research Ethics in Internet research Research questions and hypotheses Internet surveys Virtual worlds, social network software and netography in educational research Using secondary data in educational research Statistical significance, effect size and statistical power Beyond mixed methods: using Qualitative

Comparative Analysis (QCA) to integrate cross-case and within-case analyses. *Research Methods in Education* is essential reading for both the professional researcher and anyone involved in educational and social research. The book is supported by a wealth of online materials, including PowerPoint slides, useful weblinks, practice data sets, downloadable tables and figures from the book, and a virtual, interactive, self-paced training programme in research methods. These resources can be found at: [www.routledge.com/cw/cohen](http://www.routledge.com/cw/cohen).

"Portions of this book were previously published under the title *Introduction to hospitality management*"--T.p. verso.

[A Contemporary Perspective](#) Routledge

As the hospitality industry continues to grow and the business environment become ever more competitive, it must become increasingly profit and cost-conscious in order to maximize revenue and minimize costs, all while maintaining the level of service necessary for a successful operation. There is no other hospitality management accounting book on the market that combines essential information, illustrative examples, and useful problems and exercises.

McGraw-Hill Europe

This book is about leadership in organizations. The primary focus is on managerial leadership, as opposed to parliamentary leadership, leadership of social movements, or informal leadership in peer groups. The book presents a broad survey of theory and research on leadership in formal organizations. The topic of leadership effectiveness is of special interest.

**Introduction to Hospitality** Routledge

This new Southern African edition of Kim Langfield-Smith and Helen Thorne's best-selling Australian Management Accounting text explains the contemporary role of management accounting in organisations - supporting a company's quest for enhancing shareholder and customer value. The effective management of resources, both financial and non-financial, is essential to creating value. Retaining the strategic approach and comprehensive coverage but thoroughly adapted for Southern Africa, Management Accounting Southern African edition is suitable for the one- or two-semester undergraduate course, and is ideal for use over two years of study.

**The Politics of Gun Control** Wiley

Folland, Goodman, and Stano's bestselling The Economics of Health and Health Care text offers the market-leading overview of all aspects of Health Economics, teaching through core economic themes, rather than concepts unique to the health care economy. The Eighth Edition of this key textbook has been revised and updated throughout, and reflects changes since the implementation of the Affordable Care Act (ACA). In addition to its revised treatment of health insurance, the text also introduces the key literature on social capital as it applies to individual and public health, as well as looking at public health initiatives relating to population health and economic equity, and comparing numerous policies across Western countries, China, and the developing world. It provides up-to-date discussions on current issues, as well as a comprehensive bibliography with over 1,100 references. Extra material and teaching resources are now also available through the brand new companion website, which provides full sets of discussion questions, exercises, presentation slides, and a test bank. This book demonstrates the multiplicity of ways in which economists analyze the health care system, and is suitable for courses in Health Economics, Health Policy/Systems, or Public Health, taken by health services students or practitioners.

**Managerial Accounting for the Hospitality Industry, 2nd Edition** Routledge

Laytime and Demurrage is the leading authority for all queries pertaining to this vital aspect of maritime law. It has continued to offer reliable, authoritative, and in-depth analysis since the first edition published in 1986. Praised for its unrivalled coverage and lucid writing style, this book provides a comprehensive overview of all aspects of laytime and demurrage, tracing the development of the law from its origins in the nineteenth century right up to the present day. The author delivers an in-depth analysis of both fixed and customary laytime clauses, the rules relating to commencement of laytime in berth, dock and port charters, and discusses under which circumstances laytime can be suspended. Furthermore, it analyses demurrage rules and vital issues such as despatch, detention and frustration. This seventh edition includes all key judicial and arbitral decisions reported since the sixth edition published in 2011. It also covers suffixes in connection with laytime measured in terms of Working days and Weather Working Days, and disputes arising from tender of NORs at the end of the sea passage. Laytime and Demurrage is an invaluable guide for both legal practitioners and maritime professionals worldwide, including commodity traders and brokers, shipping companies, P&I Clubs, shipowners, charterers, and arbitrators.

**A Guide to Best Practice** CRC Press

Known for both its narrative style and scientific rigor, Principles of Behavior is the premier introduction to behavior analysis. Through an exploration of experimental, applied, and theoretical concepts, the authors summarize the key conversations in the field. They bring the content to life using humorous and engaging language and show students how the principles of behavior relate to their everyday lives. The text's tried-and-true pedagogy make the content as clear as possible without oversimplifying the concepts. Each chapter includes study objectives, key terms, and review questions that encourage students to check their understanding before moving on, and incorporated throughout the text are real-world examples and case studies to illustrate key concepts and principles. This edition features some significant organizational changes: the respondent conditioning chapter is now Chapter 1, a general introduction to operant conditioning is

now covered in Chapters 2 and 3, and the introduction to research methods is now covered in Chapter 4. These changes were made to help instructors prepare students for starting a research project at the beginning of the course. Two new chapters include Chapter 5 on the philosophy supporting behavior analysis, and Chapter 24 on verbal behavior that introduces B.F. Skinner's approach and terminology. This edition also features a new full-color design and over 400 color figures, tables, and graphs. Principles of Behavior is an essential resource for both introductory and intermediate courses in behavior analysis. It is carefully tailored to the length of a standard academic semester and how behavior analysis courses are taught, with each section corresponding to a week's worth of coursework. The text can also function as the first step in a student's journey into becoming a professional behavior analyst at the BA, MA, or PhD/EdD level. Each chapter of the text is integrated with the Behavior Analyst Certification Board (BACB) task list, serving as an excellent primer to many of the BACB tasks.

**Excursions in World Music, Sixth Edition** John Wiley and Sons

Hospitality Management Accounting John Wiley and Sons

**IS Management Handbook, Seventh Edition** Routledge

Hospitality Services is the first step on the path to a career in the hospitality industry. This text introduces students to the five segments within the industry foodservice, lodging, travel, tourism, and recreation. Day-to-day business operations are also covered to prepare learners for advanced courses and a career within the field. Career planning chapters lead students through researching careers, succeeding in the workplace, and starting their own businesses. Customer service and industry-wide technology is discussed throughout the text. Hospitality Ethics and Going Green features address industry hot topics. Profiles spotlight successful hospitality professionals to inspire students and demonstrate career options. "

**Introduction to Materials Management** Pearson Higher Ed

The International Encyclopedia of Hospitality Management is the definitive reference work for any individual studying or working in the hospitality industry. This new edition updates and significantly revises 25% of the entries and has an additional 20 new entries. New online material makes it the most up-to-date and accessible Hospitality Management encyclopedia on the market. It covers all of the relevant issues in the field of hospitality management from both a sectoral level: Lodging, Restaurants/Food service, Time-share, Clubs and Events as well as a functional one: Accounting & Finance, Marketing, Strategic Management, Human Resources, Information Technology and Facilities Management. Its unique user-friendly structure enables readers to find exactly the information they require at a glance; whether they require broad detail which takes a more cross-sectional view across each subject field, or more focused information which looks closely at specific topics and issues within the hospitality industry today.

**The Public Policy Process** Educational Inst of the Amer Hotel

Prepare future hotel general managers to efficiently supervise and run a midsize full-service hotel. Hotel Operations Management provides an up-to-date and comprehensive examination of all aspects of hotel administration from the viewpoint of the hotel general manager. Detailed information addresses the operating departments of a full-service hotel: Human Resources; Contoller; The Front Office; Housekeeping; Food and Beverage; Safety and Property Security; Sales and Marketing; Accounting; and Facility Engineering and Maintenance. In-depth discussions highlight the importance of human resources in the labor-intensive hotel industry, franchising and contract management of properties in an ever-decreasing "Mom and Pop" segment, and hotel management in a global environment. Updated throughout to ensure that readers have the latest information, the Third Edition also includes new case studies, an entirely new chapter on guest services, and new end-of-chapter questions. This accurate book will give prospective hotel managers insight into all of the procedures effective managers use to ensure their hotel's--and their own--success.

**Research Methods in Education** Routledge

Selling Rights has firmly established itself as the leading guide to all aspects of rights sales and co-publications throughout the world. The seventh edition is substantially updated to illustrate the changes in rights in relation to new technologies and legal developments in the United Kingdom and the rest of the world. This fully revised and updated edition includes: coverage of the full range of potential rights from English-language territorial rights through to serial rights, permissions, rights for the reading-impaired, translation rights, dramatization and documentary rights, electronic and multimedia rights More detailed coverage of Creative Commons and Open Access The aftermath of the Digital Economy Act 2010, the Hooper Report and new UK Statutory

Instruments affecting copyright Updated coverage of book fairs The implications of adding e-book rights to print licences A separate chapter on collective licensing via Reproduction Rights Organizations The impact of new electronic hardware (e-readers, tablets, mobile phones) - the distinction between sales and licences the rights implications of acquisitions, mergers and disposals updates on serial rights, including online New appendices listing territories normally sought as exclusive by UK publishers and a glossary of rights specific terms. Selling Rights is an essential reference tool and an accessible and illuminating guide to current and future issues for rights professionals and students of publishing.

**Tools for Business Decision Making 5th Edition for University of Arizona** Routledge

Following a successful debut edition, this new Second Edition of Managerial Accounting for the Hospitality Industry builds on its strengths of clear organization and the ease with which students work through it. This new edition includes more basic math support for students and a more developed inclusion of ethical considerations and global changes both in accounting systems and in the hospitality industry.

**Hospitality Information Technology** John Wiley & Sons

This new edition covers many significant changes impacting the petroleum industry including important updates such as current industry practice issues from a proprietary survey conducted by the Institute of Petroleum Accounting, and practical guidance on new standards of revenue recognition, joint arrangements, consolidated financial statements, and disclosure of interests in other entities which are of critical importance to those involved or interested in the petroleum industry. New chapters covering midstream operations, master limited partnerships, and SEC considerations have been added. The updated text will also address numerous operational issues that continue to evolve with the demand for capital, inherent industry risks, and the impacts of product price fluctuation.

**Accounting Essentials for Hospitality Managers** Routledge

Although Parliament is constantly in the news and televised daily, much of its work remains a mystery to outsiders and is sometimes perplexing even to its own members. This book provides a unique insight into the work and daily life of Parliament. It sets out plainly and intelligibly what goes on and why things happen, but it also analyses the pressures within the institution, its strengths and weaknesses, and ways in which it might change. Covering every aspect of the work, membership, and structures of both Houses, this book also reflects the profound changes that have taken place in Parliament over the years.

**Hospitality Revenue Management** Routledge

Hospitality Financial Management is an up-to-date finance text that offers hospitality students a uniquely Canadian introduction to financial management specifically for hospitality and tourism majors. The book uses hospitality examples throughout to cover concepts from a practical perspective, explaining and demonstrating the importance of financial management in the hospitality industry.

**International Encyclopedia of Hospitality Management** CRC Press

The International Encyclopedia of Hospitality Management is the definitive reference work for any individual studying or working in the hospitality industry. There are 185 Hospitality Management degrees in the UK alone. This new edition updates and significantly revises twenty five per cent of the entries and has an additional twenty new entries. New online material makes it the most up-to-date and accessible hospitality management encyclopedia on the market. It covers all of the relevant issues in the field of hospitality management from a sectoral level (lodging, restaurants/food service, time-share, clubs and events) as well as a functional one (accounting and finance, marketing, strategic management, human resources, information technology and facilities management). Its unique, user-friendly structure enables readers to find exactly the information they require at a glance - whether they require broad detail that takes a more cross-sectional view across each subject field or more focused information that looks closely at specific topics and issues within the hospitality industry today.

**The Economics of Health and Health Care** Routledge

The Public Policy Process is essential reading for anyone trying to understand the process by which public policy is made. Explaining clearly the importance of the relationship between theoretical and practical aspects of policy-making, the book gives a thorough overview of the people and organisations involved in the process. Fully revised and updated for a sixth edition, The Public Policy Process provides
