## AUGUST PAUL

---

God Samuel French, Inc.

The three defeated Axis powers - Japan, Italy and Germany - incorporated a prohibition on wars of aggression into their democratic constitutions. This book covers the years of the Nuremberg and Tokyo Trials and the constituent assemblies of 1947- 49 through to current debates on the adaptation of the pacifist articles in line with new "humanitarian" wars. Aspects relating to the birth of the three countries' constitutions are treated in great detail in three appendices.

Parker Pyne Investigates Franklin Classics

Set in the 1860s, *The Leopard* tells the spellbinding story of a decadent, dying Sicilian aristocracy threatened by the approaching forces of democracy and revolution. The dramatic sweep and richness of observation, the seamless intertwining of public and private worlds, and the grasp of human frailty imbue *The Leopard* with its particular melancholy beauty and power, and place it among the greatest historical novels of our time. Although Giuseppe di Lampedusa had long had the book in mind, he began writing it only in his late fifties; he died at age sixty, soon after the manuscript was rejected as unpublishable. In his introduction, Gioacchino Lanza Tomasi, Lampedusa's nephew, gives us a detailed history of the initial publication and the various editions that followed. And he includes passages Lampedusa wrote for the book that were omitted by the original Italian editors. Here, finally, is the definitive edition of this brilliant and timeless novel. (Translated from the Italian by Archibald Colquhoun.)

THE GOLDEN ASS Diversion Books

God.

Italians Indiana University Press

Examines the character and history of the Italian people.

The Garden of the Finzi-Continis Independently Published

Agatha Christie once again demonstrates her mastery of the short form mystery with *Parker Pyne Investigates*—short stories of crime and detection featuring Parker Pyne, certainly one of the most unconventional private investigators ever to pursue a hot lead. Mrs. Packington felt alone, helpless and utterly forlorn. But her life changed when she stumbled upon an advertisement in the Times that read: "Are you happy? If not, consult Mr. Parker Pyne." Equally adept at putting together the fragments of a murder mystery or the pieces of a broken marriage, Mr. Parker Pyne is possibly the world's most unconventional private investigator. Armed with just his intuitive knowledge of human nature, he is an Englishman abroad, traveling the globe to solve and undo crime and misdemeanor. *Beyond the Suffering of Being: Desire in Giacomo Leopardi and Samuel Beckett* Simon and Schuster  
This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work,

as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

**The Regatta Mystery and Other Stories** Simon and Schuster

It is November 1918. Germany has just surrendered after four years of the most savage warfare in history. It is teetering on the brink of total social and economic collapse, and the German people now lie at the mercy of new, liberal politicians who despise everything Germany once stood for. The Communists are rioting in the streets, threatening to topple the new government in Weimar and bring about their own revolution. The frontline soldiers are returning from the hell of the war to find an unrecognizable land, the principles and traditions they had sacrificed so much to defend now the stuff of mockery. The narrator of *The Outlaws*, a 16-year-old military cadet, is too young to have served in the trenches, but feels the sting of this betrayal no less than they. Since Germany's armies have been all but disbanded, he joins the paramilitary Freikorps - groups of veterans who refuse to lay down their arms, and who have pledged to stop the Communists - and begins fighting, first in the streets of Germany's cities, and then in the Baltic states, defending Germany's eastern frontiers from Communist subversion while ignoring the calls to disengage by the meek politicians at home. After months of intense fighting abroad, the Freikorps soldiers return to settle scores with their enemies in Germany, dreaming of a nationalist counter-revolution, and, their trigger fingers still itchy, fix their sights on bringing down the hated new government once and for all... *The Outlaws* is a chronicle of the experiences of the men who fought in the Freikorps, but it is also an adventure and a war story about an entire generation of soldiers who loved their homeland more than peace and comfort, and who refused to accept defeat at any price. "What we wanted we did not know; but what we knew we did not want. To force a way through the prisoning wall of the world, to march over burning fields, to stamp over ruins and scattered ashes, to dash recklessly through wild forests, over blasted heaths, to push, conquer, eat our way through towards the East, to the white, hot, dark, cold land that stretched between ourselves and Asia - was that what we wanted? I do not know whether that was our desire, but that was what we did. And the search for reasons why was lost in the tumult of continuous fighting." - p. 65 Ernst von Salomon (1902-1972) was one of the writers of the German Conservative Revolution of the 1920s. Like the narrator of *The Outlaws*, he was a military cadet at the end of the First World War, and joined the Freikorps, participating in many of the events described in the book, including the assassination of Foreign Minister Walther Rathenau, for which he was imprisoned. He went on to write many books and film scripts.

**Cupid & Psyche** Cambridge, Mass. : MIT Press

2017 Reprint of 1930 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition software. Influenced by the rise of the science of psychology and the turmoil of the early

20th century, *The Hoax* [also translated as *A Perfect Hoax*] is an ironic and affectionate story of illusion, self-deception, and impracticality in a practical world. Mario Samigli is in his seventies; he has all but given up his cherished aspirations as a writer and smiles at the world through his one remaining literary outlet--fables. When a travelling salesman with a taste for practical jokes persuades him that a Viennese publishing company wants to translate his early failed novel, Mario is caught in a fantasy of success and fame, and neglects his beloved invalid brother. *The Hoax* follows the elaborate prank as it escalates, forcing Mario blindly down a road that can only lead to disappointment.

No Innocence Abroad Dramatists Play Service, Inc.

In this inviting collection, Agatha Christie enlists the services of her finest, Hercule Poirot, Miss Marple, and Parker Pyne, and puts them each to the test in the most challenging cases of their careers.

**The Neverending Story** Harper Collins

"This first collection of biographies exclusively of women, both mythological and historical, was written by Giovanni Boccaccio, author to the "Decameron," between 1361 and 1362. It includes 106 biographies ranging from Eve to Boccaccio's contemporary, Queen Giovanna I of Naples"--Provided by publisher.

**Opera Without Drama** e-artnow

You're six years old. Mum's in hospital. Dad says she's "done something stupid." She finds it hard to be happy. So you start to make a list of everything that's brilliant about the world. Everything that's worth living for. 1. Ice cream. 2. Kung Fu movies. 3. Burning things. 4. Laughing so hard you shoot milk out your nose. 5. Construction cranes. 6. Me. You leave it on her pillow. You know she's read it because she's corrected your spelling. Soon, the list will take on a life of its own. A play about depression and the lengths we will go to for those we love.

The Leopard Accademia University Press

The time of Carnival represents a "wild" time at the end of winter and pointing to the beginning of a new season. It is characterized by the irruption of border figures, animal masks, characters which recall the world of the dead and which bring within themselves the germ of a vital force, of the energy that produces the reawakening of nature and announces the growth and fertility of the new crops. This wild domain shows itself under the shapes of a contiguity between human and animal: the costumes, the masks, refer to a world in which the characteristics of the human and those of the animal are fused and intertwined. Among these figures, in particular, emerge those of the Wild Man, the human being who takes on animal-like attributes and aspects, and of the Bear, the animal that, more than all the others, gets as close as possible to the human and seems to reflect a deformed image of it. Such symbolic images come from far off times and places to tell a story that belongs to our common origins. The bear assumes attributes and functions alike in very different cultural contexts, such as the Sámi of Finland or North-American hunter-gatherers, and represents a boundary between the world of nature and the human world, between the domain of animals and the difficult construction of humanity: a process continued for centuries, perhaps millennia, and which cannot still be said complete.

*The Conservatory of Santa Teresa* Simon and Schuster

From the World's No. 1 Storyteller, *The Witches* is a children's classic that has captured young reader's imaginations for generations. This is not a fairy tale. This is about real witches. Grandmamma loves to tell about witches. Real witches are the most dangerous of all living creatures on earth. There's nothing they hate so much as children, and they work all kinds of terrifying spells to get rid of them. Her grandson listens closely to Grandmamma's stories—but nothing can prepare him for the day he comes face-to-face with The Grand High Witch herself! Now a major motion picture! Cover may vary.

*The Witches* Center Point

*The Paradise*, which Dante called the sublime canticle, is perhaps the most ambitious book of *The Divine Comedy*. In this climactic segment, Dante's pilgrim reaches Paradise and encounters the Divine Will. The poet's mystical interpretation of the religious life is a complex and exquisite conclusion to his magnificent trilogy. Mark Musa's powerful and sensitive translation preserves the intricacy of the work while rendering it in clear, rhythmic English. His extensive notes and introductions to each canto make accessible to all readers the diverse and often abstruse ingredients of Dante's unparalleled vision of the Absolute: elements of Ptolemaic astronomy, medieval astrology and science, theological dogma, and the poet's own personal experiences.

*Every Brilliant Thing* Penguin

This book challenges critical approaches that argue for Giacomo Leopardi's and Samuel Beckett's pessimism and nihilism. Such approaches stem from the quotation of Leopardi in Beckett's monograph Proust, as part of a discussion about the removal of desire. Nonetheless, in contrast to ataraxia as a form of ablation of desire, the desire of and for the Other is here presented as central in the two authors' oeuvres. Desire in Leopardi and Beckett is read as lying at the cusp between the theories of Jacques Lacan and Emmanuel Levinas, a desire that splits as much as it moulds the subject when called to address the Other (inspiring what Levinas terms 'infinity' as opposed to 'totality,' an infinity pitted against the nothingness crucial to pessimist and nihilist readings).

A Silence of Words Springer Science & Business Media

Steps forward in mathematics often reverberate in other scientific disciplines, and give rise to innovative conceptual developments or find surprising technological applications. This volume brings to the forefront some of the proponents of the mathematics of the twentieth century, who have put at our disposal new and powerful instruments for investigating the reality around us. The portraits present people who have impressive charisma and wide-ranging cultural interests, who are passionate about defending the importance of their own research, are sensitive to beauty, and attentive to the social and political problems of their times. What we have sought to document is mathematics' central position in the culture of our day. Space has been made not only for the great mathematicians but also for literary texts, including contributions by two apparent interlopers, Robert Musil and Raymond Queneau, for whom mathematical concepts represented a valuable tool for resolving the struggle between 'soul and precision.'

On Famous Women New York : Random House

This volume is the first translation of Romano Bilenchi's 1940 masterpiece to appear in English. This is surprising since *The Conservatory of Santa Teresa* is much more than an invaluable historical document of life in provincial Tuscany around the time of the First World War. It is truly one of the

most important works of fiction published in Italy under Fascism. In telling of the pre-adolescent Sergio's encounter with the larger world of sex, politics, and the violence and cruelty of adult life, Bilenchi succeeds in representing a universal paradigm, that of the clash of innocence with experience. But what makes Sergio's trajectory unique is that he goes through it in the company of three extraordinary women who are at once femmes fatales and benevolent guides: his mother, his aunt, and his tutor, all almost unbearably beautiful, as least in Sergio's eyes. These women, plus the dazzling landscape of the Sienese countryside as captured by Bilenchi, make Sergio's journey an enviable even if sometimes painful and bewildering experience.

Men and Bears Penguin

The years 1937-1938 remained in Italy and were stolen by the Gestapo, then retrieved and published separately until they were restored to their original form and published in the Italian edition."--BOOK JACKET.

The Alcestis of Euripides Pantheon

Postscript by Vincent Scully Based on notebooks composed since 1971, Aldo Rossi's memoir intermingles his architectural projects, including discussion of the major literary and artistic influences on his work, with his personal history. His ruminations range from his obsession with theater to his concept of architecture as ritual. The illustrations-photographs, evocative images, as well as a set of drawings of Rossi's major architectural projects prepared particularly for this publication were personally selected by the author to augment the text.

**Diary, 1937-1943** Fairleigh Dickinson Univ Press

Focusing on the career of the surrealist poet Jacques Prevert, this book explores the stylistic and thematic currents that prevailed in French films of the 1930s. Prevert's involvement with the surrealists, his contribution to the avant-grade theatre company Groupe Octobre, and his unique collaboration with Marcel Carne are examined.
