*Minority Religions under Irish Law* Springer  
Nature

The Legal Department and the Institute of the IMF held their ninth biennial seminar for legal advisors of IMF member countries' central banks, and the papers published in this volume are based on presentations made by officials attending this seminar. The seminar covered a broad range of topics, including sovereign debt restructuring, money laundering and the

financing of terrorism, financial system and banking supervision, conflicts of interest and market discipline in the financial sector, insolvency, and other issues related to central banking.

*Bond Debt Governance* Springer

Dieses Werk enthält Forschungsergebnisse zu Fragestellungen hinsichtlich der Bedeutung von Rechtssicherheit und Grundrechten in verschiedenen Rechtsbereichen aus südafrikanischer und deutscher Perspektive, die in Zusammenarbeit der Universitäten Augsburg und Johannesburg entstanden sind. Aktuelle Themen werden von

Wissenschaftlern aus Südafrika eingeführt und anschließend von deutschen Kollegen reflektiert. Dies führt zu einem besseren Verständnis ungeklärter Rechtsfragen beider Rechtssysteme.

*The Morality of Law* Universal Law  
Publishing

First published in 1996. Routledge is an imprint of Taylor & Francis, an informa company.

**A Cross-Disciplinary Approach to**

### **Constitutional Principles in German and South African Law**

Oxford University Press

Exposes the corruption that permeates the U.S. bankruptcy system in a clear and compelling critique of the destructive power of forum shopping in which corporations choose courts that offer the most favorable outcome for bankruptcy litigation.

The New Despotism Law & Medicine

This book discusses the main legal and economic challenges to the creation and enforcement of security rights in intellectual property and explores possible avenues of reform, such as more specific rules for security in IP rights and better coordination between intellectual property law and secured transactions law. In the context of business financing, intellectual property rights are still only reluctantly used as collateral, and on a small scale. If they are used at all, it is mostly done in the form of a floating charge or some other “all-asset” security right. The only sector in which security rights in intellectual property play a major role, at least in some jurisdictions, is the financing of movies. On the other hand, it is virtually

undisputed that security rights in intellectual property could be economically valuable, or even crucial, for small and medium-sized enterprises – especially for start-ups, which are often very innovative and creative, but have limited access to corporate financing and must rely on capital markets (securitization, capital market). Therefore, they need to secure bank loans, yet lack their own traditional collateral, such as land.

### **Family Law II** BRILL

This handbook brings together the work of 25 leading human rights scholars from all over the world, covering a broad range of human rights topics.

*A Study of the Indian Evidence Act, 1872*  
OUP India

Comparative Insolvency Law argues that the most important development in contemporary insolvency law and practice is the shift towards a rescue culture rather than full creditor satisfaction. This book is the first to specifically examine the rise of the pre-pack approach, which permits debtor companies to formulate a clear pre-arranged exit before entering into formal insolvency proceedings.

*Principles of the Law of Evidence* Praeger

### Pub Text

This monograph seeks the optimal way to promote compatibility between systems of proprietary security rights in Europe, focusing on security rights over tangible movables and receivables. Based on comparative research, it proposes how best to tackle cross-border problems impeding trade and finance, notably uncertainty of enforceability and unexpected loss of security rights. It offers an extensive analysis of the academic literature of more recent years that has appeared in English, German, the Scandinavian languages and Finnish. The author organises the concrete means of promoting compatibility into a centralised substantive approach, a centralised conflicts-approach, a local conflicts-approach and a local substantive approach. The centralised approaches develop EU law, and the local approaches Member State laws. The substantive approaches unify or harmonise substantive law, while the conflicts approaches rely on private international law. The author proposes determining the optimal way to promote compatibility by objective-based division of labour between

the four approaches. The objectives developed for that purpose are derived from the economic functions of security rights, the conditions for legal evolution and a transnational conception of justice. This book is an important contribution to the future of secured transactions law in Europe and more widely. It will be of interest to academics, policymakers and legal practitioners involved in this field.

Textbook on the Transfer of Property Act

Partridge Publishing

The book is a comprehensive work on the law relating to intellectual property. It brings out point of views on point of law and as well point of facts and circumstances. It highlights judiciously the judicial, political, legal, economical and philosophical point of views on the various issues pertinent to the varied fields of intellectual property law. Besides, the book carries analysis and presentation from the comparative perspective in

particular from the perspectives of USA, Europe, UK and India. The book is a good addition to the literature on Law especially on Intellectual Property Rights. The book is useful for students, academicians, and scholars from different disciplines including Law, Science, and Engineering, Humanities, Arts, Literature, Drama, Music and many other fields. The book is also useful for people working in the corporate world. Besides the book is very informative and knowledge generator to the readers.

*Legal Certainty and Fundamental Rights*

University of Michigan Press

Unternehmensanleihen sind Fluch und

Segen zugleich. Für solvente Schuldner

eröffnet sich die Chance, eine Vielzahl

potentieller Investoren mit einem leicht

handelbaren und flexiblen

Investitionsangebot anzusprechen. In einer

finanziell prekären Situation bereiten

Informations-, Koordinations- und

Kooperationsprobleme einen fruchtbaren

Nährboden für opportunistische

Strategien. Der Vergleich von

Restrukturierungs- und Insolvenzverfahren

zu privaten und vertraglichen Institutionen

zeigt auf, wie sich Mehrwerte

insbesondere in den vor- und außerinsolvenzlichen privaten Verfahren schaffen lassen. Dazu werden Restrukturierungs-, Insolvenzverfahren, Anleihebedingungen, Institutionen der Gläubigerorganisation, Einschränkungen der freien Vertragsgestaltung (wie etwa das Abstimmungsverbot in den USA) genauso kritisch diskutiert wie mögliche Umgehungsstrategien. Der Fokus liegt auf dem US-amerikanischen und englischem Recht, ergänzt durch eine kurze Analyse des deutschen Rechts.

**Reforms and Challenges** Routledge

Who enjoys statutory preferred creditor

status? What justifications exist for

jurisdictions to maintain statutes that

favour 'priority' creditors over other

creditors and contributories? This book

examines preferential debts derived from

specific legislative provisions applying to

corporate insolvency. In exploring the

concept of preferential treatment,

Statutory Priorities in Corporate Insolvency

Law includes chapters that provide a

doctrinal, theoretical and historical

analysis of who enjoys preferred creditor

status. As well as examining the traditional

major categories of priorities, this work

also identifies potential new categories for priority status such as environmental clean-up costs, international creditors, tort claimants and consumers among other non-consensual creditors. While the study focuses on Australian corporate insolvency law, where appropriate, comparisons are made with other common law jurisdictions, particularly the UK, Canada, New Zealand and the US.

### **Introduction to Administrative Law**

Nomos Verlag

Minority Religions under Irish Law focuses the spotlight specifically on the legal protections afforded in Ireland to minority religions, generally, and to the Muslim community, in particular.

**Perspectives and Principles** Ashgate Publishing, Ltd.

In this riveting, unputdownable legal thriller, a partner at a prominent law firm is forced to choose between his enviable lifestyle and doing the right thing. Former college football star Scott Fenney has worked his way to the top of the heap at the Dallas firm of Ford Stevens. But when Clark McCall, wayward son of a Texas politician, gets himself murdered after a night of booze, drugs, and rough sex, Scott

is assigned to defend the prime suspect, a heroine-addicted hooker named Shawanda Jones. The powers that be want her convicted—and Scott's future at the firm may depend on it. But unfortunately for Scott, Shwanada claims she's innocent, and he believes her.

Civil Procedure Code Edward Elgar Publishing

Land Law: text, cases, and materials has been designed to provide students with everything they need to approach their land law course with confidence. Ready to be used as a stand-alone resource on all land law courses the authors combine stimulating commentary and well-chosen materials to present the subject in an interesting and dynamic way. Covering all core aspects of land law including legal estates, legal interests, equitable interests, interests in the home, leases, easements, covenants and security interests in land, the book provides students with the detailed knowledge and analytical.

*Secured Credit in Europe* Text, Cases, And Materials

International insolvency is a newly-established branch of the study of

insolvency that owes much to the phenomenon of cross-border incorporations and the conduct of business in more than one jurisdiction. It is largely the offspring of globalization and involves looking at both law and economic rules. This book is a compendium of essays by eminent academics and practitioners in the field who trace the development of the subject, give an account of the influences of economics, legal history and private international law, and chart its relationship with finance and security issues as well as the importance of business rescue as a phenomenon. Furthermore, the essays examine how international instruments introduced in recent years function as well as how the subject itself is continually being innovated by being confronted by the challenges of other areas of law with which it becomes entangled.

### **An Analysis of Preferred Creditor Status** Nomos Verlag

Vanessa Finch provides a new look at corporate insolvency laws and processes, with two key questions posed throughout. Are current UK laws and procedures efficient, expert, accountable and fair? Are fundamentally different conceptions

needed for the law to develop in a way that serves corporate and broader social ends? Topics considered in this fully up-to-date, interdisciplinary and wide-ranging book include different ways of financing companies, causes of corporate failure and prospects for designing rescue-friendly processes. This will appeal to academics, students at advanced undergraduate and graduate level and legal practitioners.

Routledge

The third edition of this acclaimed book continues to provide a discussion of key theoretical and policy issues in corporate finance law. It has been fully updated to reflect developments in the law and the

markets. One of the book's distinctive features is its equal coverage of both the equity and debt sides of corporate finance law, and it seeks, where possible, to compare and contrast the two. This book covers a broad range of topics regarding the debt and equity-raising choices of companies of all sizes, from SMEs to the largest publicly traded enterprises, and the mechanisms by which those providing capital are protected. Each chapter provides a critical analysis of the present law to enable the reader to understand the difficulties, risks and tensions in this area, and the attempts by the legislature,

regulators and the courts, as well as the parties involved, to deal with them. The book will be of interest to practitioners, academics and students engaged in the practice and study of corporate finance law.

**Pragmatics and Law** Universal Law Publishing

Combining facts and analysis, the volume examines the laws and cases relating to matrimonial rights and obligations, marriage and divorce, constitutional claims and family courts. It is a comprehensive exploration of the state of gender justice in contemporary India from the legal perspective.
