A Bird in the Hand White Star Publishers

Chicken is one of the most popular foods we love to cook and eat: comforting, quick, celebratory and casual. Plundering the globe, there is no shortage of brilliant ways to cook it, whether you need a quick supper on the table after work, something for a lazy summer barbecue or a feast to nourish family and friends. From quick Vietnamese lemon grass and chilli chicken thighs and a smoky chicken salad with roast peppers and almonds, through to a complete feast with pomegranate, barley and feta stuffed roast chicken with Georgian aubergines, there is no eating or entertaining occasion that isn't covered in this book. In *A Bird in the Hand*, Diana Henry offers a host of new, easy and not-so-very-well-known dishes, starring the bird we all love.

The Tiger's Prey
Bloomsbury Publishing

The latest French patisserie cookbook from award-winning French pastry chef Cédric Grolet. After the success of his books *Fruit: The Art of Pastry* and *Opera*

Pâtisserie, French pastry sensation Cédric Grolet has brought out a new book of haute-cuisine pastry entirely devoted to flowers. A bouquet of flowers is traditionally presented as a gift. Through this book, the chef wanted to give an extra dimension to this gift by making it edible. Playing with colors, shapes, and ingredients, the chef finds flowers are an infinite source of inspiration. He combines gourmet recipes with the artistry of piping to create original cakes and tarts in the shape of flowers. The recipes are simple and can be made with minimal equipment--a pastry bag and tip is sufficient. All that is required is patience and skill. Guided by illustrated, step-by-step directions, you will be able to express your own creativity brought to life through the ingredients, whether a Chantilly cream or a ganache. By piping uniform curves, you will be able to shape a flower, one that is different each time. Discover more than 80 recipes for cakes, tarts, and entremets, presented by season, in a wide range of edible flowers. The rest is up to you!

With Christmas just around the corner, the residents of Skipleigh village are gearing up for the annual bake off, and tensions are high. Winning means a lot to everyone involved--talented cake-shop owner Katie dreams of baking stardom, Rachel wants to prove she's more than a stay-at-home mom, and John hopes his culinary skills will impress the woman he loves. But when the judges discover that some cakes have been tampered with, the villagers' loyalties are called into question--whose ambition would stretch to sabotage, and

why? The Christmas Bake Off is an exclusive short story from Abby Clements, author of *Meet Me Under the Mistletoe*. This edition also includes bonus recipes for cinnamon cookies and vanilla and almond biscuits.

A celebration of beer—its science, its history, and its impact on human culture. What can beer teach us about biology, history, and the natural world? From ancient Mesopotamian fermentation practices to the resurgent American craft brewery, Rob DeSalle and Ian Tattersall peruse the historical record and traverse the globe for engaging and often surprising stories about beer. They explain how we came to drink beer, what ingredients combine to give beers their distinctive flavors, how beer's chemistry works at the molecular level, and how various societies have regulated the production and consumption of beer.

Drawing from such diverse subject areas as animal behavior, ecology, history, archaeology, chemistry, sociology, law, genetics, physiology, neurobiology, and more, DeSalle and Tattersall entertain and inform with their engaging stories of

beer throughout human history and the science behind it all. Readers are invited to grab a beer and explore the fascinating history of its creation.

First published in 1891, Pellegrino Artusi's *La scienza in cucina e l'arte di mangiar bene* has come to be recognized as the most significant Italian cookbook of modern times. It was reprinted thirteen times and had sold more than 52,000 copies in the years before Artusi's death in 1910, with the number of recipes growing from 475 to 790. And while this figure has not changed,

the book has consistently remained in print. Although Artusi was himself of the upper classes and it was doubtful he had ever touched a kitchen utensil or lit a fire under a pot, he wrote the book not for professional chefs, as was the nineteenth-century custom, but for middle-class family cooks: housewives and their domestic helpers. His tone is that of a friendly advisor – humorous and nonchalant. He indulges in witty anecdotes about many of the recipes, describing his experiences and the historical relevance of particular dishes. Artusi's masterpiece is not merely a popular cookbook; it is a landmark work in Italian culture. This English edition (first published by Marsilio Publishers in 1997) features a delightful introduction by Luigi Ballerini that traces the fascinating history of the book and explains its importance in the context of Italian history and politics. The illustrations are by the noted Italian artist Giuliano Della Casa.

An in-depth look at the practical and theoretical concepts of traditional and modern blues guitar, covering all the important technical, rhythm and improvisational ideas. The book is divided into three stages: easy blues, blues & blues rock styles, and jazz blues. Stage 1 describes the development and basis of blues guitar, and is particularly appropriate for beginners. Stage 2 goes off more in the rock direction and gives the reader an insight into the concepts and licks of several influential guitarists including Clapton, Hendrix, Robben Ford, Stevie Ray Vaughan, Gary Moore, and others. Stage 3 features a number of concepts that come from jazz that can also be used in a blues context. A great number of examples and blues jam tracks appear on the accompanying CD. In notation and tablature.

Food needs salt. The quantity is a matter of personal taste but some presence is essential and little is more disappointing from the eating perspective than a plate of food that looks fabulous and tastes of very little. It shows the cook's priorities are all wrong, that too much television cookery has been watched and not enough tasting and enjoyment indulged in.' So says Shaun Hill, who in this engaging exploration of his 50 years as a chef, brings his wealth of experience to the table, sharing what he has learnt so that the home cook can create truly remarkable dishes. Never one to shy away from controversy, he covers everything from why local and seasonal are not necessarily indicators of

quality, to why soy beans are best left for cattle feed and Budapest is paradise for the greedy. The recipes range from Warm Rock Oysters with Spring Onion Butter Sauce to Pork in Shirtsleeves and Buttermilk Pudding with Cardamom. And although his commentary is undeniably witty, it's Shaun's knowledge and expert guidance that makes this book an invaluable tome for anyone who takes their food (but not themselves) seriously. 'This is a book you need to own; a lifetime's hard work in the kitchen distilled into sensible brevity. Shaun is a friend and a great cook.'
