All students who play the piano want to play music that is impressive to an audience. They are drawn to pieces that challenge them to move their fingers, arms and hands quickly, creating sounds that bring shouts of "Bravo!" from the audience. The solos in Robert Vandall's Celebrated Virtuoso Solos are meant to show off the athleticism and musicality of

the performer. The music in this five-volume series will bring out the "virtuoso" in any student and is sure to excite students, teachers and audiences alike. Titles: * Bouncing Along * Jumping Jacks * Nimble Fingers * Power Walk * Rock Climbing * Rowdy! * Sidewalk Games * Water Slide

Duets Hal Leonard Corporation (Educational Piano Library). Piano Practice Games presents imaginative ways to introduce pieces in Piano Lessons by coordinating technique, concepts, and creativity with the actual music in the Piano Lessons books. These preparation activities help focus learning by 'playing with' each lesson piece aurally, visually, and physically. Whether used in individual or group lessons, Piano Practice Games are all designed to make music. Many activities include accompaniments that can be added by the teacher or by using the CD or GM disk from the corresponding Piano Lessons book.

An impassioned look at games and game design that offers the most ambitious framework for understanding them to date. As pop culture, games are as important as film or television—but game design has yet to develop a theoretical framework or critical vocabulary. In *Rules of Play* Katie Salen and Eric Zimmerman present a much-needed primer for this emerging field. They offer a unified model for looking at all kinds of games, from board games and sports to computer and video games. As active participants in game culture, the authors have written *Rules of Play* as a catalyst for innovation, filled with new concepts, strategies, and methodologies for creating and understanding games. Building an aesthetics of interactive systems, Salen and Zimmerman define core concepts like "play," "design," and "interactivity." They look at games through a series of eighteen "game design schemas," or conceptual frameworks, including games as systems of emergence and information, as contexts for social play, as a storytelling medium,

and as sites of cultural resistance. Written for game scholars, game developers, and interactive designers, *Rules of Play* is a textbook, reference book, and theoretical guide. It is the first comprehensive attempt to establish a solid theoretical framework for the emerging discipline of game design.

Book 1 of the Mark Nevin Piano Course stresses the development of technique and sense of phrasing. This is accomplished through many excellent, arrangements which include attractive Mark Nevin originals and adaptations of standard classics appropriate for this level of piano study. The rudiments of theory are also part of Book 1: Chords, Transposition, and definitions of musical terms are introduced. The Mark Nevin Piano Course is available from the Preparatory Book through Book 4.

Now you can master Bach's most beautiful prelude—even if you've never sat down at a piano before! Do you have a piano (or keyboard) and forty-five spare minutes every day? Then spend the next six weeks with acclaimed concert pianist James Rhodes. By the end, you'll be able to perform Bach's Prelude No. 1 in C major—no prior musical experience required! Rhodes reveals How to Play the

Piano step by step—how to read the treble and bass clefs as well as sharp and flat notes, and then how to practice—before teaching the Prelude in easy, bite-size segments. His method is free of tedious drills, and filled with inspiration: "If listening to music is soothing for the soul, then playing music is achieving enlightenment." Before you know it, not only will you have learned how to play one of Bach's most beloved masterpieces—you also will have unleashed your creativity, exercising your mind (and fingers) and accomplishing something you never thought possible. Bravo! Includes four instructional videos supported by select e-reader devices.
