Steamy, sensual and poetically hypnotic, *Missionary No More: Purple Panties 2* is the follow-up to the bestseller *Purple Panties*. No one can debate the fact that Zane knows sex. The Queen of Erotic Fiction has hit home run after home run in the literary arena with her literary offerings. Now comes the latest, a collection of lesbian erotica that will have readers squirming on the edge of their seats, curling up beneath the sheets, and fantasizing about the possibilities. Including such stories as "The Namma's Nectar," "Coast to Coast" and "She Loved a Girl," *Missionary No More* gives an insight into a world where love and lust have no boundaries. Come take a journey through the eyes of several women who have one thing in common: an appreciation for female sensuality.

The Anatomy of Being MIRA
 A Photographic Atlas of Histology, 2e by Michael J. Leboffe is designed for use in undergraduate histology and human

anatomy courses. It serves as a convenient visual reference and is of particular value to students in a laboratory setting. Commercially available microscope slides are used to photograph, so images represent the quality and diversity of what a student is actually likely to encounter in the laboratory; pathological specimens have not been used.

Max Parkman is perfect in his mother's eyes. Until he's accused of murder. Attorney Danielle Parkman can't deny her son's behavior has been getting worse—drugs and violent outbursts have become a frightening routine. But when she receives the diagnosis from a top-notch adolescent psychiatric facility that Max is deeply disturbed—and dangerous—it seems too devastating to accept. Until she finds Max, weapon in hand, at the bedside of a fellow patient who has been brutally stabbed to death. Separated from Max and trapped in a maelstrom of doubt and fear, Danielle's mothering instincts snap sharply into focus. The justice system is bearing down on her son, so she must use her years of legal experience to find out the truth, no matter what that might be. But has she, too, lost touch with reality? Is her son truly a killer? Previously published.

Managerial Accounting DK Publishing (Dorling Kindersley)

A powerful and gripping novel that sweeps the reader from modern-day Britain to the Punjab in the 1960s and back again in a ceaseless cycle of tragedy and conflict. 1950s Punjab - a secret affair goes terribly wrong and the bride commits suicide after her lover is attacked by her family. The two families part in violence and conflict. 2004

Leicester - Rani and Sukh fall in love, unaware of the terrible legacy of the past and the conflict between their two families—Can tragedy be averted or will the two young people be able to escape the cycle of violence and draw the families together for the future?

Many books have been written regarding the law of attraction. The best known one, *The Secret*, is reported to have grossed \$300 million worldwide. But what if all these books are missing the most important information we can use when it comes to activating this law in our lives? Furthermore, what if this information is purposely being suppressed—and has been for thousands of years—by entities intent on keeping humans from growing spiritually? *It's Time to Align* takes a look at how the law of attraction really works and how it is being suppressed in our lives. It also explains how to overcome this manipulation and how to experience alignment with the creative power of the universe.

This is the anatomy of our being. This is our flesh, our muscles, our sinews and our limbs all tangled up beside each other. And this, is what they found when we left it all behind.

Family and Friends Readers 2: The Shoemaker and the Elves OUP Oxford

Unlike any other text, Ingram presents managerial accounting as a crucial communication tool for management decision making. Additionally, students

learn that service-oriented and product-oriented organizations apply similar approaches to gain accurate, timely information. Throughout the book, managerial accounting is viewed as a key component of multi-disciplinary management-with accountants working as part of a team to resolve questions of costing, pricing, and production.
