BRIGGS PRATT

Strive for 5 Macmillan Higher Education
 When it comes to explaining fundamental economic principles by drawing on current economic issues and events, there is no one more effective than Nobel laureate and New York Times columnist Paul Krugman and co-author, Robin Wells. In this best-selling introductory textbook, Krugman and Wells' signature storytelling style and uncanny eye for revealing examples help readers understand how economic concepts play out in our world. *Macroeconomics 5e* provides unparalleled coverage of current topics, including sustainability, the economic impact of technology and pressing policy debates. A commitment to broadening students' understanding of the global economy; a global focus is woven throughout with more on the ascendance of China's economy, the Euro and events in Europe (including Brexit), and post-recession economies around the globe.

Macroeconomics Worth Publishers
 When it comes to explaining current economic conditions, there is no economist readers trust more than "New York Times" columnist and Nobel laureate Paul Krugman. Term after term, Krugman is earning that same level of trust in the classroom, with more and more instructors introducing students to the fundamental principles of economics via Krugman's signature storytelling style. The new Third Edition of Paul Krugman and Robin Wells's "Economics" is their most accomplished yet extensively updated to offer new examples and stories, new case studies from the business world, and expert coverage of the ongoing financial crisis. Watch a video interview of Paul Krugman here."

Macroeconomics: Canadian Edition Macmillan Higher Education
 Adapted by Paul Krugman and Robin Wells from their bestselling macroeconomics textbook, *Macroeconomics in Modules* is the only text for the principles of macroeconomics course organized in the supremely accessible, highly effective modular format. Instead of chapters of standard length, the book covers the fundamentals of macroeconomics in 49 brief (4-10 page) modules divided into 14 sections. *Macroeconomics in Modules* offers the best of what makes Krugman/Wells a classroom favorite (story-telling approach, engaging writing, fascinating examples and cases), in a format students and instructors will love. Extensive educational research shows that students absorb more from shorter reading assignments than longer ones. And with coverage in self-contained modules, instructors can assign specific topics without asking students to read entire chapters.

Study Guide for Microeconomics in Modules Worth
 Each year more and more students are being introduced to the fundamental principles of microeconomics via Paul Krugman's trusted voice and signature storytelling style. This third edition of Krugman and Well's *Microeconomics* is their most accomplished yet, extensively updated with new examples, new case studies, and new coverage.

Microeconomics Worth
 AP® *Macroeconomics* is hard. Krugman's *Macroeconomics* for the AP® Course, third edition was created to help you solve the economics puzzle. Assembled by AP® experts and divided into short modules, the organization, language, and emphasis perfectly mirrors College Board's curriculum framework. This dedication to the AP® courses keeps students and teachers on track to realize success on the AP® exam.

Economics Worth Publishers
 When it comes to explaining fundamental economic principles by drawing on current economic issues and events, no one is more effective than Nobel laureate and New York Times columnist Paul Krugman and co-author, Robin Wells. In this modular text, Krugman and Wells' signature storytelling style helps readers understand economic concepts in the real world. Instead of long, traditional chapters of traditional length, this version presents brief modules, each focused on one topic and easy to read in one sitting.

Study Guide for Macroeconomics W.H. Freeman
 Using a step-by-step approach, this study guide is a supplement to the main text, and helps students understand both the trade and monetary side of international economics. It includes three new chapters covering regional economic issues, optimum currency areas and the European Community.

Principles of Microeconomics 2e Macmillan Higher Education
 Economics: European Edition is the ideal text for introductory economics, bringing together an international scope of real world examples and economic theory. The text is supported by a number of features to enhance student understanding as well as supplements to consolidate the learning process.

Study Guide for Macroeconomics Worth
 Written specifically for AP® students and teachers by AP® Economics experts, Krugman's *Economics for the AP® Course* contains all the content, practice, and support you need to master the AP® Economics skills and course.

Microeconomics Worth

Telecourse Study Guide for Choices and Change:

Macroeconomics Macmillan Higher Education

This edition looks at how risky behaviour can lead to disaster in private markets, with colourful examples from Lloyd's of London and Sumitomo Metals. Krugman also considers the collapse of the Mexican peso, and the burst of Japan's 'bubble' economy.

Macroeconomics in Modules Macmillan

When it comes to explaining current economic conditions, there is no economist readers trust more than New York Times columnist and Nobel laureate Paul Krugman. Term after term, Krugman is earning that same level of trust in the classroom, with more and more instructors introducing students to the fundamental principles of economics via Krugman's signature storytelling style. The new Third Edition of Paul Krugman and Robin Wells's *Economics* is their most accomplished yet-extensively updated to offer new examples and stories, new case studies from the

business world, and expert coverage of the ongoing financial crisis.

Study Guide to Accompany Essentials of Economics, Third Edition, Krugman, Wells, Graddy Worth Publishers
