"Hettena is a first-rate reporter and wonderful story-teller, and the tale he tells here is mind-boggling."—Jane Mayer, author of New York Times bestseller *Dark Money* "Hettena skillfully weaves many threads—most fresh or previously hidden—into a rich tapestry tying together decades of Donald Trump's deep involvement with Russia."—DAVID CAY JOHNSTON, author of New York Times bestseller *The Making of Donald Trump* Uncovering the decades-long association between Donald Trump and Russia Is the 45th President of the United States under the control of a foreign power? Award-winning Associated Press reporter Seth Hettena untangles the story of

Donald Trump's long involvement with Russia in damning detail—including new reporting never before published. As Special Counsel Robert Mueller's investigation into the relationship between members of Trump's campaign and Russian operatives continues, there is growing evidence that Trump has spent decades cultivating ties to corrupt Russians and the post-Soviet state. In *Trump/Russia: A Definitive History*, Seth Hettena chronicles the many years Trump has spent wooing Russian money and power. From the collapse of his casino empire—which left Trump desperate for cash—and his first contacts with Russian deal-makers and financiers, on up to the

White House, Hettena reveals the myriad of shady people, convoluted dealings, and strange events that suggest how indebted to Russia our forty-fifth president might be. Using deeply researched reporting, along with newly uncovered information, court documents, and exclusive interviews with investigators and FBI agents, Hettena provides an expansive and essential primer to the Trump/Russia scandal, leaving no stone unturned.

President Trump Moves to Crush British Coup Simon & Schuster

In the autumn of 2015, the founders of the US political research firm Fusion GPS, Glenn Simpson and Peter Fritsch, were hired by a Republican presidential candidate to look into the records of Donald Trump. What began as a march through a mind-boggling trove of lawsuits and sketchy overseas projects soon took a darker turn, as they became the first

to uncover Trump's disturbing ties to the Kremlin and the crimes that since have plagued his presidency. To help them decipher this alarming evidence, they engaged the services of an old acquaintance, the former British MI6 agent and Russia expert Christopher Steele. Steele would produce the notorious dossier which disclosed that the Trump team was deeply compromised by a hostile foreign power bent on disrupting the West and influencing the US presidential election. In *Crime in Progress*, the authors - and Steele - break their silence for the first time, chronicling their high-stakes investigation and their desperate efforts to

warn both the American and British governments, the FBI and the media, to little avail - and no matter the costs. Yet when the dossier finally exploded onto the world stage after a leak, a ten-person research firm above a Starbucks in Washington was thrust into the centre of the biggest news story on the planet - a story that would lead to the Mueller report and disrupt Trump's secret planned rapprochement with Putin's Russia that could have re-ordered the western alliance. After four years on his trail, the authors' inescapable conclusion is that Trump is an asset of the Russian government, whether he knows it or not. A real-life political thriller with the makings of a

modern classic, *Crime in Progress* is the definitive story of the pursuit of the truth about Trump and one of the greatest betrayals in American history.

Exposing Deep State Treason and the Plan to Re-Elect President Trump Mariner Books Behind The Steele Dossier puts every reader in the center of the action – from the Steele Dossier’s planning and press contacts to congressional under oath answers and the courtroom. Readers will know what said between Fusion GPS Founder Simpson and former MI-6 Spy Christopher Steele. · Why they prepared the dossier? · Who did they contact – FBI, CIA, DOJ, Media, Sources – and when? · Where did they

get their information? Behind The Steele Dossier also reveals: what was said between the FBI-DOJ-CIA on this dossier produced by a “Russian Expert” who left Russia over 25 years ago. No Bias. No Bull: This book intentionally does not contain articles from the media or quotes from Cable-TV. Instead, it contains under oath statements provided by the only persons – Steele, Simpson, and government officials (CIA*FBI*DOJ) – who knew the answers to America’s questions. No anonymous sources. No politically biased remarks – from either Party. Behind The Steele Dossier focuses on the Senate Examination of Glenn Simpson – Fusion GPS founder – who hired Steele to research

Trump. · Reading the Steele Dossier is easy. But, to develop a deeper understanding, it's essential to get the reasons it was written. The world needs to understand the motivations, the objectives, the intentions, etc. And that is provided by the under oath answers in this book. · By focusing on this Senate Exam - conducted by attorneys; not politicians - this incredible read concentrates on a fact-based examination by credible counsel from the Senate. These unbiased solicitors provided the world with a non-partisan document: clear and concise with a well-planned outline and excellent timeline. In reading over 3,000 pages of congressional

testimony, articles from every angle, letters/memos from politicians; Behind The Steele Dossier cuts through the political bias by publishing facts. Such as these Simpson hearing quotes that we never heard: · It's sort of like when you're a journalist...you don't really decide who's telling the truth · We were encouraging the media to ask questions about whether the FBI... · I knew it was the DNC that we were working for · I was asked to provide some information to the Justice Department · The Orthodox Church is also an arm of the Russian State · Putin essentially took over the Russian Jewish Community and Leadership · There was a lot of Jewish

immigration...and a lot of those people...became very successful and wealthy. · They (FBI) had other intelligence about this matter from an internal Trump campaign source The Russians were interested in making friends with Republicans. · In British intelligence the methodology's a little different from American intelligence. There's a practice of being faithful to what people are saying NOW...it's time for America to decide AND for the world to see: What's real news? What's fake news? Thanks and God Bless America! A spy story like no other. Private spies are

the invisible force that shapes our modern world: they influence our elections, effect government policies and shape the fortunes of companies. More deviously, they are also peering into our personal lives as never before, using off-the-shelf technology to listen to our phone calls, monitor our emails and decide what we see on social media. Spooked takes us on a journey into a secret billion-dollar industry in which information is currency and loyalties are for sale. An industry so tentacular it reaches from Saddam Hussein to an 80s-era Trump, from the Steele dossier written by a British ex-spy to Russian oligarchs sitting pretty in Mayfair mansions, from the devious

tactics of Harvey Weinstein to the growing role of corporate spies in politics and the threat to future elections. Spooked reads like the best kind of spy story: a gripping tale packed with twists and turns, uncovering a secret side of our modern world.

Trump, the FBI, and the Rule of Law

FROM THE AUTHOR OF THE #1 NATIONAL BESTSELLER JUSTICE ON TRIAL Stunned by the turbulence of the 2020 election, millions of Americans are asking the forbidden question: what really happened? It was a devastating triple punch. Capping their four-year campaign to destroy the Trump presidency, the media portrayed a

Democratic victory as necessary and inevitable. Big Tech, wielding unprecedented powers, vaporized dissent and erased damning reports about the Biden family's corruption. And Democratic operatives, exploiting a public health crisis, shamelessly manipulated the voting process itself. Silenced and subjected, the American people lost their faith in the system. RIGGED is the definitive account of the 2020 election. Based on Mollie Hemingway's exclusive interviews with campaign officials, reporters, Supreme Court justices, and President Trump himself, it exposes the fraud and cynicism behind the Democrats'

historic power-grab. Rewriting history is a specialty of the radical left, now in control of America's political and cultural heights. But they will have to contend with the determination, insight, and eloquence of Mollie Hemingway. RIGGED is a reminder for weary patriots that truth is still the most powerful weapon. The stakes for our democracy have never been higher. All Points Books

How to Build a Better World Twelve
Follow the Money exposes the labyrinth of connections between D.C.'s slimiest swamp creatures—Democrat operatives, lying informants, desperate

and destructive FBI agents, Obama power brokers, CIA renegade John Brennan, George Soros, and more—who conspired to attack Trump by manufacturing one bogus scandal after another. Bestselling author, podcast favorite, and Fox News contributor Dan Bongino delivers the third and most shocking of his acclaimed series chronicling the Deep State war against Donald Trump. Starting with the Trump impeachment hearings, Bongino works forward and backward to piece together the connections of a vast, well-funded cabal of wealthy Democrats and D.C. swamp elite to the non-stop deluge of manufactured

scandals launched specifically to attack, destabilize, and ultimately remove Trump and his administration. Zooming in on Ukraine, Bongino unspools a complex sequence of corruption—from the miraculous “discovery” of a mysterious black ledger that linked financial transactions to Trump campaign insider Paul Manafort and cast a shadow over the entire Trump team, to Joe Biden’s unexamined quid pro quo interference with Kyiv politics as he threatened to withhold a loan unless a prosecutor was removed from office. The former Secret Service agent exposes how Glenn Simpson, the corrupt cheerleader behind the lie-filled Steele dossier,

wrangled millions from top Democrat donor George Soros to meddle in Ukraine politics. Bongino also reveals Soros’s desperate multimillion-dollar plan to stop Trump’s re-election. Using FBI documents, Bongino reveals the outrageous actions of Robert Mueller’s investigators, who sat on evidence that proved the supposedly damning Trump Tower meeting between a Russian lawyer and senior campaign officials was nothing more than a twenty-minute waste of time for all involved. Other chapters delve into the disturbing presence of Obama’s fixer, obstruction angel Kathryn “Kathy” Ruemmler, who represents a rogues gallery of Russiagate

political operatives; the FBI's inside source on the National Security Council, Anthony Ferrante, who dedicated himself to the fruitless task of trying to prove the Steele dossier was legitimate; and "Special Agent 1" Stephen M. Somma's curious obsession with Lt. Gen. Michael Flynn, which was stoked by a Flynn-fixated paid operative named Stefan Halper. Flynn is the centerpiece of one of the book's most revealing chapters, in which Bongino deconstructs the FBI's elaborate takedown of Trump's National Security Advisor, revealing how and why the three-star general was set up not once...but three times. Bongino also returns to the last, desperate

attempt to derail Trump—the impeachment trial—and uncovers Adam Schiff's lies and the Ukraine-call whistleblower's multiple secret ties to never-Trumpers and Schiff himself. In the final chapter, Bongino unveils the newest front to stop Trump: the unleashing of COVID-19 from China and how the disease mutated from a killer plague in Wuhan to a weapon to destroy America's economy and, with it, Trump's re-election chances. Follow the Money displays dizzying detective work from a truly relentless, passionate, and patriotic reporter. An astonishing chronicle of the relentless war to destroy Donald Trump and his administration,

this exposé is a must-read for anyone who wants to unravel the most shocking and corrupt campaign to unseat a sitting president in American history.

Inside the Struggle to Stop a President Crime in Progress Inside the Steele Dossier and the Fusion GPS Investigation of Donald Trump

A powerful true story of loss and hope by one of the biggest names in sports media. On September 11, 2001, Joe Maio went to work in the north tower of the World Trade Center. He never returned, leaving behind a wife, Sharri, and 15-month old son, Devon. Five years later, Sharri remarried, and Devon welcomed a new dad into his life. For thousands, the

whole country really, 9/11 is a day of grief. For Adam and Sharri Maio Schefter and their family it's not just a day of grief, but also hope. This is a story of 9/11, but it's also the story of 9/12 and all the days after. Life moved on. Pieces were picked up. New dreams were dreamed. The Schefters are the embodiment of that. This book will give voice to all those who have chosen to keep living. It's gratifying and beautiful. But also messy and hard. Like most families. Except that one day every year history comes roaring back. How do you embrace that? How do you honor that? *The Man I Never Met* is also a peek at Adam Schefter, the man behind the headlines and injury

reports; a real person who has a real family. His book will follow in the path of recent ESPN books by Tom Rinaldi and the late Stuart Scott - books that have transcended sport to examine the raw emotion of life. *Deep State* Random House
#1 NEW YORK TIMES BESTSELLER "History matters to McCain, and for him America is and was about its promise. The book is his farewell address, a mixture of the personal and the political. 'I have loved my life,' he writes. 'All of it.' The *Restless Wave* is a fitting valedictory for a man who seldom backed down." —The Guardian (US) "A book-length meditation on what it means to face the hard challenges of long life and the sobering

likelihood of imminent death...A reflection on hardship, a homily on purpose, a celebration of life — and a challenge to Americans to live up to their values and founding principles at a time when both are in jeopardy." —The Boston Globe In this candid political memoir from Senator John McCain, an American hero reflects on his life and what matters most. "I don't know how much longer I'll be here. Maybe I'll have another five years...Maybe I'll be gone before you read this. My predicament is, well, rather unpredictable. But I'm prepared for either contingency, or at least I'm getting prepared. I have some things I'd like to take care of first, some work that

needs finishing, and some people I need to see. And I want to talk to my fellow Americans a little more if I may.” So writes John McCain in this inspiring, moving, frank, and deeply personal memoir. Written while confronting a mortal illness, McCain looks back with appreciation on his years in the Senate, his historic 2008 campaign for the presidency against Barack Obama, and his crusades on behalf of democracy and human rights in Eastern Europe and the Middle East. Always the fighter, McCain attacks the spurious nationalism and political polarization afflicting American policy. He makes an impassioned case for democratic internationalism and

bi-partisanship. He recalls his disagreements with several presidents, and minces no words in his objections to some of President Trump's statements and policies. At the same time, he tells stories of his most satisfying moments of public service and offers a positive vision of America that looks beyond the Trump presidency. The *Restless Wave* is John McCain at his best. *How Trump Haters Are Breaking America* HarperCollins “An engaging, beautifully synthesized page-turner” (Slate). The #1 New York Times bestseller and Time #1 Nonfiction Book of the Year: Hillary Rodham Clinton’s most personal memoir yet, about the

2016 presidential election. In this “candid and blackly funny” (The New York Times) memoir, Hillary Rodham Clinton reveals what she was thinking and feeling during one of the most controversial and unpredictable presidential elections in history. She takes us inside the intense personal experience of becoming the first woman nominated for president by a major party in an election marked by rage, sexism, exhilarating highs and infuriating lows, stranger-than-fiction twists, Russian interference, and an opponent who broke all the rules. “At her most emotionally raw” (People), Hillary describes what it was like to run against Donald Trump, the

mistakes she made, how she has coped with a shocking and devastating loss, and how she found the strength to pick herself back up afterward. She tells readers what it took to get back on her feet—the rituals, relationships, and reading that got her through, and what the experience has taught her about life. In this “feminist manifesto” (The New York Times), she speaks to the challenges of being a strong woman in the public eye, the criticism over her voice, age, and appearance, and the double standard confronting women in politics. Offering a “bracing... guide to our political arena” (The Washington Post), What Happened lays out how the 2016

election was marked by an unprecedented assault on our democracy by a foreign adversary. By analyzing the evidence and connecting the dots, Hillary shows just how dangerous the forces are that shaped the outcome, and why Americans need to understand them to protect our values and our democracy in the future. The election of 2016 was unprecedented and historic. What Happened is the story of that campaign, now with a new epilogue showing how Hillary grappled with many of her worst fears coming true in the Trump Era, while finding new hope in a surge of civic activism, women running for office, and young people marching in the streets.

TRUMP'S TEAM USING MOLES WITHIN THE DNC That's a quote from the actual Steele Dossier that is in this book, but has not hit

the mainstream media. Is it true? Who's the mole? Who's the FBI insider in the Trump Campaign? Was Steele credible? Simpson says that he was opposed to Trump, but does he think there was collusion with the Russians? What about Bruce and Nellie Ohr? Author Daniel David Elles was on the 2010 ballot for Michigan House of Representatives as an Independent in Macomb County, Michigan - Home of the Reagan Democrats. He states: Perhaps we are "fly-over country", but we make up a significant voting percentage of our Great Nation. In February, he wrote about Simpson specifically stating that the FBI had an internal human source in the

Trump Campaign. Three months later it hit the news networks. What facts are the mainstream media failing to tell us? FINALLY! NO BIAS. NO BULL. We don't need to read about anonymous sources in a paper's propagandists print. We don't need to watch hundreds of hours of Congressional testimony. We don't need to listen to biased broadcast beaming into our homes and uttering unconfirmed nonsense. With questions from Congress - Rep. Adam Schiff (D-CA) and Rep. Trey Gowdy (R-CA) and many more - YOU will get the facts straight from the source: · Fusion GPS Founder & CEO Glenn Simpson · CIA Director Brennan · FBI Director Comey · DOJ Associate Deputy

AG Bruce Ohr · FBI Deputy Assistant Director Peter Strzok · Former MI6 Crown Servant Christopher Steele (U.K. court records) WHO KNEW WHAT AND WHEN? The Steele Dossier purposely does not publish news articles from The Right or The Left. Instead, it incorporates high ranking officials' under oath testimony to Congress and Declarations contained in official court documents in America and "Across the Pond". From Steele's sworn Statement of Truth in the Queen's High Bench Division to the conclusions made in Simpson's testimonies before the House and the Senate, YOU will be in the center of the action. How's that? Because Simpson's

final hour of his Senate Examination is included in full. No edits. Moreover, this untelevised examination was conducted by attorneys for Senator Grassley (R-IA) and Senator Feinstein (D-CA)...NOT POLITICIANS! In reading over 3,000 pages of congressional testimony, articles from every angle, letters/memos from politicians; The Steele Dossier cuts through the political bias by publishing facts. For example, below are some Simpson quotes that we never heard: · It's sort of like when you're a journalist...you don't really decide who's telling the truth · The Orthodox Church is also an arm of the Russian State · We were encouraging the

media to ask questions about whether the FBI... · I knew it was the DNC that we were working for · I was asked to provide some information to the Justice Department · Putin essentially took over the Russian Jewish Community and Leadership · The Russians were interested in making friends with Republicans. · There was a lot of Jewish immigration...and a lot of those people...became very successful and wealthy · In British intelligence the methodology's a little different from American intelligence. There's a practice of being faithful to what people are saying NOW...it's time for America to decide AND for the world to see: What's real news?

The Secret Rise of Private Spies St.

#1 NEW YORK TIMES BESTSELLER • "I've read kind of all the books on this subject . . . and this is the one you want to read."—Rachel Maddow Before Ukraine, before impeachment: This is the never-before-told inside story of the high-stakes, four-year-long investigation into Donald Trump's Russia ties—culminating in the Steele dossier, and sparking the Mueller report—from the founders of political opposition research company Fusion GPS.

Fusion GPS was founded in 2010 by Glenn Simpson and Peter Fritsch, two former reporters at The Wall Street Journal who decided to abandon the struggling news business and use their reporting skills to conduct open-source investigations for businesses and law firms—and opposition research for political candidates. In the fall of 2015, they were hired to look into the finances of Donald Trump. What began as a march through a mind-boggling trove of lawsuits, bankruptcies, and sketchy overseas projects soon took a darker turn: The deeper Fusion dug, the more it began to notice names that Simpson and Fritsch had come across during their days covering Russian

corruption—and the clearer it became that the focus of Fusion’s research going forward would be Trump’s entanglements with Russia. To help them make sense of what they were seeing, Simpson and Fritsch engaged the services of a former British intelligence agent and Russia expert named Christopher Steele. He would produce a series of memos—which collectively became known as the Steele dossier—that raised deeply alarming questions about the nature of Trump’s ties to a hostile foreign power. Those memos made their way to U.S. intelligence agencies, and then to President Barack Obama and President-elect Trump. On January 10, 2017, the Steele dossier

broke into public view, and the Trump-Russia story reached escape velocity. At the time, Fusion GPS was just a ten-person consulting firm tucked away above a Starbucks near Dupont Circle, but it would soon be thrust into the center of the biggest news story on the planet—a story that would lead to accusations of witch hunts, a relentless campaign of persecution by congressional Republicans, bizarre conspiracy theories, lawsuits by Russian oligarchs, and the Mueller report. In *Crime in Progress*, Simpson and Fritsch tell their story for the first time—a tale of the high-stakes pursuit of one of the biggest, most important stories of our time—no matter

the costs. [The Illicit Scheme to Clear Hillary Clinton and Frame Donald Trump](#) Simon and Schuster
The incredible, harrowing account of how American democracy was hacked by Moscow as part of a covert operation to influence the U.S. election and help Donald Trump gain the presidency. "Russian Roulette is...the most thorough and riveting account." -- The New York Times
Russian Roulette is a story of political skullduggery unprecedented in American history. It weaves together tales of international intrigue, cyber espionage, and superpower rivalry. After U.S.-Russia relations soured, as Vladimir Putin moved

to reassert Russian strength on the global stage, Moscow trained its best hackers and trolls on U.S. political targets and exploited WikiLeaks to disseminate information that could affect the 2016 election. The Russians were wildly successful and the great break-in of 2016 was no "third-rate burglary." It was far more sophisticated and sinister -- a brazen act of political espionage designed to interfere with American democracy. At the end of the day, Trump, the candidate who pursued business deals in Russia, won. And millions of Americans were left wondering, what the hell happened? This story of high-tech spying and multiple political feuds is told against the

backdrop of Trump's strange relationship with Putin and the curious ties between members of his inner circle -- including Paul Manafort and Michael Flynn -- and Russia. Russian Roulette chronicles and explores this bizarre scandal, explains the stakes, and answers one of the biggest questions in American politics: How and why did a foreign government infiltrate the country's political process and gain influence in Washington?

The Plot to Rig an Election and Destroy a Presidency Penguin
"I don't take responsibility at all." Those words of Donald Trump at a March 13, 2020, press conference are likely to be history's epitaph on his presidency. A huge swath of Americans has put their faith in Trump, and Trump only, because they see the rest of the country building a future that doesn't have a place for them. If they would risk their lives for Trump in a pandemic, they will certainly risk the stability of American democracy. They brought the Trumpocalypse upon the country, and a post-Trumpocalypse country will have to find a way either to

reconcile them to democracy - or to protect democracy from them. In *Trumpocalypse*, David Frum looks at what happens when a third of the electorate refuses to abandon Donald Trump, no matter what he does. Those voters aren't looking for policy wins. They're seeking cultural revenge. It is not enough to defeat Donald Trump on election day 2020. Even if Trump peacefully departs office, the trauma he inflicted will distort American and world politics for years to come. Americans must start from where they are, build from what they have, to repair the damage Trump inflicted on the country, to amend the wrongs that, under

Trump, they inflicted upon each other. Americans can do better. David Frum shows how—and inspires all readers of all points of view to believe again in the possibilities of American life.

Trumpocalypse is both a warning of danger and a guide to reform that will be read and discussed for years to come.

An explosive, whistle-blowing expose, *Exonerated: The Failed Takedown of Donald Trump by the*

With the cutting analysis and insight he exhibited in his blockbuster bestseller *Spygate: The Attempted Sabotage of Donald J. motives, and how a plan filled with faked allegations backfired—forcing investigators to up the ante and hide their missteps and half-truths in a desperate effort to prove a collusion case that never happened. The result? The misguided multimillion Mueller investigation that tore the nation apart, tried to destabilize the presidency and led, as the world now knows, to nowhere!
