You've never met a babysitter like Mr. Pudgins. When Mr. Pudgins comes to watch John, Pete, and Janey, all kinds of crazy things happen. Faucets run soda pop instead of water, the bathtub takes them for a ride, a case of the hiccups releases birds into the house, and friends step out of the mirror. Somehow all evidence of their antics is erased by the time Mother and Father get home. Mr. Pudgins is the best babysitter ever. But what happens when John, Pete, and Janey grow older? Ruth Christoffer Carlsen's classic novel, first published in 1951, celebrates the power of the imagination through one unforgettable babysitter. An introduction by noted librarian Nancy Pearl is included."

The Incredible Adventures of Rush Revere Princeton University Press

NATIONAL BESTSELLER! The bestselling biography of America's Anchorman by the journalist who knew him best "Chafets has seen more of the pundit's personal world than any other journalist." -

The Washington Post. People tend to remember the moment they first heard The Rush Limbaugh Show on the radio. For Zev Chafets, it was in a car in Detroit. The braggadocio, the outrageous satire, the slaughtering of liberal sacred cows performed with the verve of a rock and roll DJ-it seemed fresh, funny, and completely subversive. "They're never going to let this guy stay on the air," he thought. Almost two decades later Chafets met Rush and they spent hours together talking on the record about politics, sports, music, show business, religion, and modern American history. Rush opened his home and his world, introducing Chafets to his family, his closest friends, even his psychologist. What has emerged after months of correspondence revealing Rush Limbaugh's thoughts, fears, and ambitions, is a uniquely personal look at the man who was not only the most popular voice on the radio, but also one of the most influential figures in the conservative movement.

First Principles Simon and Schuster

In this unusual and unique volume, Alexander Leitch provides a warm, often witty, and always informative reference book on Princeton University. The collection of approximately 400 articles, alphabetically arranged and written by some seventy faculty members and alumni in addition to the author, covers all aspects of Princeton life in the past as well as in the present. Of special interest are the biographies of eminent Princetonians, including the University's presidents, well-known trustees, distinguished deans, famous alumni, and some of Princeton's most prominent and popular professors. Other articles in the book embrace a wide range of topics: histories of academic departments, programs, and research units; descriptions of the honor system, the preceptorial method, the four-course plan, and coeducation; a historical survey of the University's acquisition of land and the development of its campus, together with articles on its principal buildings; pieces on student activities; accounts of alumni activities; articles on athletics; portraits of notable personalities; and commentaries on a host of lighter topics such as the cane spree, beer jackets, the Faculty Song, the proctors, and Veterans of Future Wars. Among the most important articles are one summarizing Woodrow Wilson's Sesquicentennial address, "Princeton in the Nation's Service," and a dozen others recording faculty and alumni achievements toward the goal encompassed by that

phrase. Originally published in 1978. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. THE AMERICAN REVOLUTION HAS BEGUN—AND RUSH REVERE, LIBERTY THE HORSE, AND THE TIME-TRAVELING CREW ARE READY TO RIDE INTO THE ACTION! Join us on this incredible time-travel adventure! Liberty, my wisecracking horse, our old friends Cam, Tommy, Freedom, and I are off to meet some super-brave soldiers in the year 1775. Yep, that's right. We'll be visiting with the underdog heroes who fought for American independence, against all odds—and won! But not before eight very real years of danger and uncertainty. Be a part of Rush Revere's crew as we rush, rush, rush into a time when British rule had become a royal pain, and rebellion was in the air. We'll be on hand to see two lanterns hung in the Old North Church, prevent a British spy from capturing Paul Revere, and grapple with danger at the battles of Lexington, Concord, and Bunker Hill. The extra special part of this trip is that right here in the twenty-first century, Cam's dad is a soldier fighting in Afghanistan, and Cam has been pretty angry that he is away. Visiting with exceptional American heroes like Dr. Joseph Warren and George Washington, racing along after Paul Revere on his midnight ride, and seeing the Declaration of Independence signed make Cam see his own dad in a new and special way. But don't worry. Along with the danger, excitement, and patriotism, there will still be time to stop for a delicious spinach, oats, and alfalfa smoothie. No, wait—that one's for Liberty. The kids and I voted for strawberries. Now let's open the magic portal to the past!

Mr. President Little, Brown Books for Young Readers

For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

Today we spend so much time talking about diversity and what makes us different that we're forgetting to tell our children stories about what unites us as Americans. We have so many beautiful and important things in common—our history, our love of freedom, and our pursuit of the American Dream. Rachel Campos-Duffy is a mother of nine and contributor on the Fox News network where she gives her honest take on politics, culture, and parenting. Inspired by her immigrant mother's patriotism and the excitement of her own daughter's first visit to Washington, D.C., Rachel shares a story near and dear to her heart. It's a tale that takes the reader on a little girl's adventure inside the U.S. Capitol. While lost inside the magnificent building, Paloma becomes enchanted with the statue of Lady Freedom, learns about her immigrant father's dreams, and discovers her own courage and love for America. "Paloma's journey leaves her heart filled with love for family, freedom, and America—our home. It's my prayer that her story will do the same for your child or grandchild." —Rachel Campos-Duffy
