Mais Oui! John Wiley & Sons  
The second edition includes updates and insights on current research and pedagogical practice that have developed over the last decade. This new edition of Teaching Pronunciation - undoubtedly the gold standard for pronunciation methodology texts - has been revised to reflect recent research into the sound system of North American English, as well as new practices in pronunciation pedagogy. Audio CDs with additional examples are now packaged with the book.

Be Understood! Book with CD-ROM and Audio CD Pack Cambridge University Press

Provides materials and procedures for intensive practice in English pronunciation, focusing on those sounds which most frequently present difficulty for Japanese students.

*Cengage Advantage Books: Mais Oui!, Volume 1* Cambridge University Press  
AMERICAN ENGLISH PRONUNCIATION PRACTICE - BOOK ONE - MORE THAN 800 SENTENCES WITH THEIR PHONETIC TRANSCRIPTIONS AND MUCH MORE!!!!  
Learning how American people express themselves in real-life conversation,

relaxed and fluently, is far from Standard English. If you already speak some English, thinking about sounding more native-like is crucial. We invite you to see how Americans speak real English and finally see what they do that causes so many troubles for non-native speakers. All books in the series of AMERICAN ENGLISH PRONUNCIATION PRACTICE provide double phonetic representation (detailed sound information of words and sentences) based on the International Phonetic Alphabet and the Brazilian Portuguese Alphabet for our readers' convenience. Use these books as an unprecedented and innovative opportunity to sharpen your pronunciation and reduce your accent. The phonetic transcriptions are reliable and represent the English sounds consistently. For this reason, we hope that these books will be of great benefit for both Brazilian students and students from other countries as well. This series of AEPP books provide a modern, innovative, and comprehensive learning method with enjoyable reading and an enormous content of selected sentences and their "secrets." Our commitment is to explore those phrases and sentences in which native speakers and non-native speakers do not understand each other (especially those useful in real-life conversation). You will be surprised at how quickly these books can make a significant improvement in your studies. You will be able to build

fluency with autonomy and accuracy. In fact, AEPP was designed to be a handy and useful tool in the English pronunciation learning process, perfect for self-study (independent study) and classroom activities. The series of AMERICAN ENGLISH PRONUNCIATION PRACTICE can really change the way you speak the English language.

*A Book of Readings Pronunciation Practice Activities Book and Audio CD Pack*

American English Phonetics and Pronunciation Practice provides an accessible introduction to basic articulatory phonetics for students of American English. Built around an extensive collection of practice materials, this book teaches the pronunciation of modern standard American English to intermediate and advanced learners worldwide. This book:

- provides an up-to-date description of the pronunciation of modern American English;
- demonstrates the use of each English phoneme with a selection of high-frequency words, both alone and in context in sentences, idiomatic phrases and dialogues;
- provides examples and practice material on commonly confused sounds, including illustrative pronunciation diagrams;
- is supported by a companion website featuring complete audio recordings of practice material to check your pronunciation against;
- can be used not only for studying pronunciation in the classroom but also for independent practice.

American English Phonetics and Pronunciation Practice is essential reading for any student studying this topic.

*Pronunciation Pairs Student's Book with Audio CD* Routledge

Students learning English often think that native speakers speak too fast. But

speed is not the problem --it's the linking between sounds. Sound Concepts makes transparent to both teachers and students what the main problems in pronunciation are and how to solve them. Students are systematically introduced to the predictable sources of speech signal distortion and the regular patterns of English stress, intonation, and timing, which are essential to communicative competence. This course comprehensively addresses all aspects of pronunciation, dividing instruction into four main parts: Sound Concepts: the communicated content: what is said, taking into account linked, reduced, deleted, and altered sounds. Rhythm & Music: the communicative intent: what is meant, as conveyed by syllable structure, stress, intonation, timing, and pauses. Grammar Sounds: regular verb and noun endings. Consonant and Vowel Sounds This is the student book.

*Learning and Teaching Pronunciation*  
Heinle & Heinle Pub

"The new edition of Focus on Pronunciation gives beginning to high-beginning students the tools, tips, and techniques they need to speak clearly, accurately, and fluently. All aspects of pronunciation are included -- consonants, vowels, stress, rhythm, and intonation. The variety of activities and flexible, accessible style make learning fun. Features: Presentation sections feature clear explanations and diagrams. Focused Practice sections build accuracy with high-interest listening and speaking tasks and engaging games. Communication Practice sections integrate pronunciation and fluency with practice in a communicative thematic context. Natural English boxes illustrate how to speak English more naturally and fluently. Extended Practice sections encourage continued accuracy and

fluency practice outside of class. The CD in the back of the book provides MP3 audio for the Extended Practice sections. Classroom Audio CDs provide the complete audio program"-- Publisher's website.

*Second Language Research* Cambridge University Press

"Tips for Teaching

Pronunciation" shows English language teachers how to teach the North American sound system. This practical reference book provides practical tips, clear explanations, diagrams, and sample classroom activities. Each chapter covers one of the five main areas of pronunciation -- vowels, consonants, stress, rhythm, and intonation. The companion audio CD in the text provides listening material for select activities. Features: What the teacher should know sections set the scene with pedagogical research. Concrete tips provide practical classroom suggestions for teaching vowels, consonants, stress, rhythm, and intonation. Sections on Specific Features in each chapter cover common pronunciation problems that teachers find challenging. Sample activities for Specific Feature exemplify how to implement the tips. Practical suggestions show how to integrate pronunciation with other skill areas. Clear diagrams demonstrate how to articulate vowels and consonants. Extensive descriptions help teachers prepare for pronunciation problems common to specific language groups. Photocopiable diagnostic test and handouts can be used in class with minimal preparation. Audio CD provides listening material for select activities. The Tips for Teaching series covers topics of practical classroom-centered interest for English language teachers. Written in clearly comprehensible terms,

each book offers soundly conceived practical approaches to classroom instruction that are firmly grounded in current pedagogical research. See also: "Tips for Teaching with CALL: Practical Approaches to Computer-Assisted Language Learning"

**Penny Ur's 100 Teaching Tips**

**Google eBook** Cambridge University Press

Each photocopiable lesson first presents one of the sounds of English in various word positions. The second part of each lesson is a conversation using vocabulary from the first part. Students get to hear natural, conversational English and practice it. An (optional) downloadable audio program is available; visit [ProLinguaLearning.com](http://ProLinguaLearning.com). [Cengage Advantage Books: Mais Oui!, Volume 2](#) Prentice Hall

This engaging, succinct text is an introduction to both phonetics and phonology as applied to the teaching of pronunciation to English language learners. Section 1 selectively covers the main areas of phonetics and phonology, without going into any area in more depth than the average English language teacher requires or that the average English language teacher trainee can handle. Section 2 focuses on practical issues related to learners and how they learn languages, and what represents good practice in terms of classroom activities for pronunciation—including aspects such as targets, motivation and priorities. The chapters end with activities to help the reader understand concepts. Section 3 provides innovative sample activities which put into practice the theoretical points covered in the first two sections, answers to the various exercises, recommended further reading (both print and non-print), a glossary of

technical phonetic terms, and a bibliography of works on pronunciation teaching. The text is accompanied by a Companion Website with audio recordings of model pronunciations and audio material relating to the activities.

**A Practical Approach** Cambridge University Press

Student Text/Audio Tape Package for PRONOUNCING AMERICAN ENGLISH. Package includes 8 audio tapes.

**Tips for Teaching Pronunciation**

Cambridge University Press

The Handbook of English Pronunciation presents a comprehensive exploration of English pronunciation with essential topics for applied linguistics researchers and teachers, including language acquisition, varieties of English, historical perspectives, accent's changing role, and connections to discourse, technology, and pedagogy.

Provides thorough descriptions of all elements of English pronunciation Features contributions from a global list of authors, reflecting the finest scholarship available Explores a careful balance of issues and topics important to both researchers and teachers Provides a historical understanding of the importance of pronunciation and examines some of the major ways English is pronounced today throughout the world Considers practical concerns about how research and practice interact in teaching pronunciation in the classroom

With Audio CD and Video CD PHI Learning Pvt. Ltd.

A photocopyable resource of pronunciation materials accompanied by Audio and a CD-ROM. This bank of pronunciation material provides fun, motivating practice in sounds, syllables and words, and phrases and sentences. Informed by English Profile, it is suitable

for a range of levels from Elementary to Upper-intermediate+, with a focus on intelligibility rather than mastery of a model accent. Each of the 34 units consists of step-by-step teaching notes and photocopyable classroom material, providing teachers with instant lessons. Teachers can also use the Audio CD to expose students to unscripted audio material with a range of different accents, and the CD-ROM's bank of customisable material can be used to create perfect lessons.

Methodology and Design Cambridge University Press

Activities on topics ranging from sounds, syllables, stress and rhythm to voice quality and testing pronunciation with an accompanying audio CD.

*American English Pronunciation Practice* Cambridge University Press

MAIS OUI!'s success was founded on its unique guided approach that engages students in the discovery of the French language and Francophone cultures. Through its proven methodology that entails "thinking" then "observing and inferring" and finally "confirming," the program skillfully encourages students to discover for themselves how the language works. Students move rapidly through the material, developing these essential critical-thinking skills and uncovering the multiple layers of meaning. What they acquire in this manner is stored in long-term memory, facilitating a faster development of proficiency. The fifth edition offers seven new high-interest readings based on careful consideration of reviewer feedback. A new Culture Portfolio section, *Bloguez!* is integrated into every culture section of the textbook. Important Notice: Media content referenced within the product description or the product text may not

be available in the ebook version.

### **The Handbook of English**

**Pronunciation** Cengage Learning  
Specifically targeted towards the needs of a second language research audience, *Second Language Research: Methodology and Design* addresses basic issues related to research design, providing step-by-step instructions for how to carry out studies. This up-to-date text includes chapters that cover identifying research problems and questions; selecting elicitation measures; dealing with ethical issues related to data gathering; validity and reliability in research; research in second and foreign language classroom contexts; data description and coding; and data analysis. Also included is a chapter on the much needed and rarely addressed topic of writing up SLA research, giving concrete suggestions about preparing for publication. Principles of both qualitative and quantitative research are discussed in the context of design issues. Throughout the book, examples from applied linguistics, second language acquisition, and TESOL are provided. Helpful discussion and data-based skill-building exercises at the end of each chapter promote better understanding of the principles discussed. A glossary outlines the key terms in second language research. *Second Language Research: Methodology and Design* is an ideal textbook for introductory and advanced classes in second language research methods, as well as classes in related areas, for example, TESOL research methods.

*Communicative, Story-based Activities for Mastering the Sounds of North American English* McGraw-Hill ESL/ELT  
"This course offers current and prospective teachers of English a

comprehensive treatment of pronunciation pedagogy, drawing on both current theory and practice. The text provides: - an overview of teaching issues from the perspective of different methodologies and second language acquisition research - innovative teaching techniques - a thorough grounding in the sound system of North American English - insight into how this sound system intersects with spelling, morphology, listening, and discourse - diagnostic tools and assessment measures - suggestions for syllabus design. Discussion questions and exercises encourage teachers to draw on their personal language learning/teaching experience as they assimilate the contents of each chapter. A training cassette offers practice in assessing learners' pronunciation"-- Publishers's website.

*Sound Foundations* Routledge  
Today, acquiring English language skills has become so essential, especially for those who are looking for new jobs in reputed organizations as well as for the practising professionals. Many engineering students, even though they have adequate knowledge of their subject, are unable to express themselves well in English. Taking this into account, engineering colleges/institutes have introduced exclusive English Language Laboratories where students are drilled in the practical aspects of the English language. This compact and comprehensive book is a step-by-step practical guide to students, telling them how to prepare technical reports and how to acquire the basic communication skills—listening, speaking, reading and writing. The book deals with conversation, situational dialogues and role plays, and Group Discussions (GDs).

It also gives detailed discussion about Interviews—step-by-step preparation, practical and psychological preparation, the dos and don'ts for interview—besides dealing with different kinds of interviews: telephonic, videoconferencing, and others. In addition, the text stresses the importance of researching the organization, and salary negotiations. Finally, the book shows the students how to make powerpoint presentations (PPTs), the structure of presentation and using audio visuals. This activity based, skill-oriented, learner centred book is designed according to the WBUT syllabus on Technical Report Writing and Language Laboratory Practice for the B.Tech. students. However, it would be equally useful for B.Tech./B.E. students across the country. **DISTINGUISHING FEATURES :** A practical and student friendly text, the stress being on the functional aspects of the language and various activities for acquiring the language. Gives the Methodology of conducting activities such as GDs, Interviews and Presentation. Provides model GD topics and the step-by-step process of making PPTs. Clearly spells out all the details, right from preparing a good job application, researching the company (including its financial health), to preparing the job portfolio, to wearing the proper dress, handling questions, and negotiating salary. Provides an extensive list of probable questions along with their answers to prepare students for mock interviews. Also gives well-crafted questions at the end of each lesson.

**American English Phonetics and Pronunciation Practice** Cengage Learning

This book will train students to recognise and produce English sounds, and includes work on stress and intonation. *The Pronunciation of English* John Wiley & Sons

The best-selling English Pronunciation in Use is a comprehensive reference and practice book suitable for self-study or classroom work. Sixty easy-to-use units cover all aspects of pronunciation, including individual sounds, word stress, connected speech and intonation. The versions with audio CDs include audio material in a range of accents, supporting each unit. An additional reference section offers a glossary of specialized terms, help with the pronunciation of numbers and geographical names and fun exercises on phonemic symbols and minimal pairs. The version with CD-ROM provides a wide variety of additional interactive activities to reinforce the pronunciation covered in the book, as well as tests, progress checks, games and animated diagrams of the mouth showing learners how to produce individual sounds. Learners can also record themselves and compare their pronunciation with one of the many models provided.

**Give it a Go** Allyn & Bacon

The new Workbook edition includes the language, grammar and communication based exercises and tasks that have made the Workbook so popular, plus: a A Studentsa Audio CD with selected listening activities for pronunciation practice; a A brand new Video CD that includes video clips, related exercises, games, quizzes plus other audio-visual stimuli (photo slideshows and PowerPoint) that specifically develop studentsa intercultural competence.
