It's not easy being the middle child, especially when your

dad is a Navy Chief. Meet Piper Reed, a spunky nine-year-old who has moved more times than she can count on one hand. From Texas to Guam, wherever Piper goes, adventure follows, inspired by her active imagination, free-wheeling spirit, and a bit of sister magic. Unlike her older sister, Piper loves being part of a Navy family, and unlike her little sister, Piper is no prodigy

genius. Piper is Piper—fearless and full of life. Based on her own childhood experience, Kimberly Willis Holt portrays the life of a Navy family with warmth and humor. Caste, Business, and Industry in a Modern Nation Yearling

Take a bite out of this deliciously funny original fairy tale, which received four starred reviews and was named a Best Book of the Year by Booklist, School Library Journal, Kirkus Reviews, and the Bank Street College of Education. What would you do if you were invited

to the princess's tenth birthday party but didn't have money for a gift? Well, clever Jack decides to bake the princess a cake. Now he just has to get it to the castle in one piece. What could possibly go wrong? Candace Fleming and G. Brian Karas, creators of the bestselling picture book *Muncha! Muncha! Muncha!*, have teamed up again to bring us a modern fairy tale

starring a determined boy and a story-loving princess with a good sense of humor. While girls will fall for a story featuring a princess's birthday party, Jack's adventures with trolls, bears, and gypsies make this the perfect read for young boys as well—and ideal for storytime. **Dayānanda Sarasvatī, His Life and Ideas** Simon and Schuster When Evangeline Mudd's

primatologist parents travel without her to the Ikkinasti Jungle to study the golden-haired apes, Evangeline and the world-famous Dr. Aphrodite Pikkafee are eventually called upon to rescue the Mudds and save the jungle from the evil schemes of Aphrodite's money-mad brother. *A Historical Dictionary of Yukaghir* Schwartz & Wade "A nonfiction picture book exploring the

An Orbis Pictus Honor Book Selected for the Texas Bluebonnet Master List Finalist for the AAAS/Subaru SB&F Prize for Excellence in Science Books A tiny honeybee emerges through the wax cap of her cell. Driven to

protect and take care of her hive, she cleans the nursery and feeds the larvae and the queen. But is she strong enough to fly? Not yet! Apis builds wax comb to store honey, and transfers pollen from other bees into the storage. She defends the hive from invaders. And finally, she begins her new life as an adventurer. The confining walls of the hive fall away as Apis takes to the air, finally free, in

a brilliant double-gatefold illustration where the clear blue sky is full of promise-- and the wings of dozens of honeybees, heading out in search of nectar to bring back to the hive. Eric Rohmann's exquisitely detailed illustrations bring the great outdoors into your hands in this poetically written tribute to the hardworking honeybee. Award-winning author Candace

Fleming describes the life cycle of the honeybee in accessible, beautiful language. Similar in form and concept to the Sibert and Orbis Pictus award book *Giant Squid*, *Honeybee* also features a stunning gatefold and an essay on the plight of honeybees. Fred and Helen Martini longed for a baby, and they ended up with dozens of lion and tiger cubs! Snuggle up to this purr-fect read aloud about the Bronx Zoo's first female zoo-keeper. When Bronx Zoo-keeper Fred brought home a lion cub, Helen Martini instantly embraced it. The cub's

mother lost the instinct to care for him. "Just do for him what you would do with a human baby," Fred suggested...and she did. Helen named him MacArthur, and fed him milk from a bottle and cooed him to sleep in a crib. Soon enough, MacArthur was not the only cub bathed in the tub! The couple continues to raise lion and tiger cubs as their own, until they are old enough to return them to

zoos. Helen becomes the first female zookeeper at the Bronx zoo, the keeper of the nursery. This is a terrific non-fiction book to read aloud while snuggling up with your cubs! Filled with adorable baby cats, this is a story about love, dedication, and a new kind of family. Gorgeously patterned illustrations by Julie Downing detail the in-home nursery and a warm pallet creates a cozy pairing with Candace

Fleming's lovely language. Backmatter includes a short biography of Helen Martini and a selected bibliography.
