intrigue the neighbors she knows only as strangers, and cause a ripple effect throughout the neighborhood. Each chapter follows a different neighbor and their personal journey that brought them to this vacant lot. People of varying ages, genders, races and religions come together with a shared goal of growing their item of choice. Some want to start a business, while others want to win back a lost

love. The garden blooms from a segregated group of individual plots into a real community as peoples' guards are lowered and they begin to really know one another. When the season ends, only time will tell whether this new community will thrive.
