SOFIA NIGEL

A History of Abolition Random House

BIOGRAPHY & AUTOBIOGRAPHY: GENERAL. Theresa was just 15 when her life collapsed. Raised as an Irish Catholic in a middle-class family, Theresa was under strict instructions to not get involved with boys. One day the boy she had a crush offered to drive her home from school. And despite the red flags that went off in her head, Theresa said yes. What happened next changed everything. The boy was part of a large criminal sex ring that went on to traffic Theresa out of her own house for two long years, unbeknownst to her parents. Theresa would go to school alongside these boys in the day, and be called in to service at night. Heart-rending, shocking and totally gripping *The Slave Across the Street* is the incredible story of how the girl next door was lured into the sinister world of sexual slavery - and how she eventually escaped and rebuilt her life.

A Slave No More HarperCollins

A Cambodian woman sold into sexual slavery at the age of twelve describes the horrors she experienced until she managed to escape and discusses her role as an activist for the young women whom she has rescued from the region's brothels.

Faulkner and Slavery Scholastic Inc.

It is the best known book about American slavery, and was so incendiary upon its first publication in 1852 that it actually ignited the social flames that led to Civil War less than a decade later. What began as a series of sketches for the Cincinnati abolitionist newspaper *The National Era* scandalized the North, was banned in the South, and ultimately became the bestselling novel of the 19th century. Today, controversy over this melodramatic tale of the dignified slave Tom, the brutal plantation owner Simon Legree, and Stowe's other vividly drawn characters continues, as modern scholars debate the work's newly appreciated feminist undertones and others decry it as the source of enduring stereotypes about African Americans. As one of the most influential books in U.S. history, it deserves to be read by all students of literature and of the American story. American abolitionist and author HARRIET BEECHER STOWE (1811-1896) was born in Connecticut, daughter of a Congregationalist minister and sister to abolitionist theologian Henry Ward Beecher. She wrote more than two dozen books, both fiction and nonfiction.

Basic Books

Revealing the central yet intentionally obliterated role of Africa in the creation of modernity, *Born in Blackness* vitally reframes our understanding of world history. Traditional accounts of the making of the modern world afford a place of primacy to European history. Some credit the fifteenth-century Age of Discovery and the maritime connection it established between West and East; others the accidental unearthing of the "New World." Still others point to the development of the scientific method, or the spread of Judeo-Christian beliefs; and so on, ad infinitum. The history of Africa, by contrast, has long been relegated to the remote outskirts of our global story. What if, instead, we put Africa and Africans at the very center of our thinking about the origins of modernity? In a sweeping narrative spanning more than six centuries, Howard W. French does just that, for *Born in Blackness* vitally reframes the story of medieval and emerging Africa, demonstrating how the economic ascendancy of Europe, the anchoring of democracy in the West, and the fulfillment of so-called Enlightenment ideals all grew out of Europe's dehumanizing engagement with the "dark" continent. In fact, French reveals, the first impetus for the Age of Discovery was not—as we are so often told, even today—Europe's yearning for ties with Asia, but rather its centuries-old desire to forge a trade in gold with legendarily rich Black societies sequestered away in the heart of West

Africa. Creating a historical narrative that begins with the commencement of commercial relations between Portugal and Africa in the fifteenth century and ends with the onset of World War II, *Born in Blackness* interweaves precise historical detail with poignant, personal reportage. In so doing, it dramatically retrieves the lives of major African historical figures, from the unimaginably rich medieval emperors who traded with the Near East and beyond, to the Kongo sovereigns who heroically battled seventeenth-century European powers, to the ex-slaves who liberated Haitians from bondage and profoundly altered the course of American history. While French cogently demonstrates the centrality of Africa to the rise of the modern world, *Born in Blackness* becomes, at the same time, a far more significant narrative, one that reveals a long-concealed history of trivialization and, more often, elision in depictions of African history throughout the last five hundred years. As French shows, the achievements of sovereign African nations and their now-far-flung peoples have time and again been etiolated and deliberately erased from modern history. As the West ascended, their stories—siloes and piecemeal—were swept into secluded corners, thus setting the stage for the hagiographic "rise of the West" theories that have endured to this day. "Capacious and compelling" (Laurent Dubois), *Born in Blackness* is epic history on the grand scale. In the lofty tradition of bold, revisionist narratives, it reframes the story of gold and tobacco, sugar and cotton—and of the greatest "commodity" of them all, the twelve million people who were brought in chains from Africa to the "New World," whose reclaimed lives shed a harsh light on our present world.

Sex Slave Bold Type Books

The author relates how she was sold by poor parents into slavery and forced to endure brutal servitude in California until a neighbor's anonymous call to the police began her journey to freedom and her subsequent efforts to fight for child slaves.

How a 15-Year-Old Girl Became a Sex Slave Macmillan

NEW YORK TIMES BESTSELLER • From the bestselling author of *Before We Were Yours* comes a dramatic historical novel of three young women searching for family amid the destruction of the post-Civil War South, and of a modern-day teacher who learns of their story and its vital connection to her students' lives. "An absorbing historical . . . enthralling."—Library Journal Bestselling author Lisa Wingate brings to life startling stories from actual "Lost Friends" advertisements that appeared in Southern newspapers after the Civil War, as newly freed slaves desperately searched for loved ones who had been sold away. Louisiana, 1875: In the tumultuous era of Reconstruction, three young women set off as unwilling companions on a perilous quest: Hannie, a freed slave; Lavinia, the pampered heir to a now destitute plantation; and Juneau Jane, Lavinia's Creole half sister. Each carries private wounds and powerful secrets as they head for Texas, following roads rife with vigilantes and soldiers still fighting a war lost a decade before. For Lavinia and Juneau Jane, the journey is one of stolen inheritance and financial desperation, but for Hannie, torn from her mother and siblings before slavery's end, the pilgrimage west reignites an agonizing question: Could her long-lost family still be out there? Beyond the swamps lie the limitless frontiers of Texas and, improbably, hope. Louisiana, 1987: For first-year teacher Benedetta Silva, a subsidized job at a poor rural school seems like the ticket to canceling her hefty student debt—until she lands in a tiny, out-of-step Mississippi River town. Augustine, Louisiana, is suspicious of new ideas and new people, and Benny can scarcely comprehend the lives of her poverty-stricken students. But amid the gnarled live oaks and run-down plantation homes lie the century-old history of three young women, a long-ago journey, and a hidden book that could change everything.

The Negro Motorist Green Book Harvard University Press

When was the last time you thought about.. Your fantasies about playing the submissive or

dominant role with your partner.. How to bring that to the table without being judged or put the relationship at risk... Your predictable sex life, f*cking on autopilot.. vanilla style.. every time.. And what the neighbors would say when you push the line between erotic pain and erotic pleasure... If so, you've come to the right place. Imagine... Laying in your bed, blindfolded by your partner, totally out of your control... Living out all your sexual fantasies, with toys and safe words.. Not worrying about being judged or come across as weird when you talk openly about your experiences... And take your sex life to a dimension you only could dream of... 50 shades of Grey took the world by storm and made BDSM more popular than ever. People around the globe turned their bedrooms into bdsm dungeons! However, somewhere along those lines a lot of information about the bdsm came across as very dangerous and super offensive. It is time to shine some well deserved bright light on bdsm and get the real information out there. By reading this book you will get first hand knowledge about BDSM including playing the submissive role and the dominant role You will discover the beauty of BDSM and realize it is not at all about just being punished. Bdsm is something beautiful, a symbiosis of trust among two or more people! Grab yourself a copy and transform your sex life today! BUY with ONE-Click NOW!

In 1927, Zora Neale Hurston went to Plateau, Alabama, just outside Mobile, to interview eighty-six-year-old Cudjo Lewis. Of the millions of men, women, and children transported from Africa to America as slaves, Cudjo was then the only person alive to tell the story of this integral part of the nation's history. Hurston was there to record Cudjo's firsthand account of the raid that led to his capture and bondage fifty years after the Atlantic slave trade was outlawed in the United States. In 1931, Hurston returned to Plateau, the African-centric community three miles from Mobile founded by Cudjo and other former slaves from his ship. Spending more than three months there, she talked in depth with Cudjo about the details of his life. During those weeks, the young writer and the elderly formerly enslaved man ate peaches and watermelon that grew in the backyard and talked about Cudjo's past—memories from his childhood in Africa, the horrors of being captured and held in a barracoon for selection by American slavers, the harrowing experience of the Middle Passage packed with more than 100 other souls aboard the *Clotilda*, and the years he spent in slavery until the end of the Civil War. Based on those interviews, featuring Cudjo's unique vernacular, and written from Hurston's perspective with the compassion and singular style that have made her one of the preeminent American authors of the twentieth-century, *Barracoon* masterfully illustrates the tragedy of slavery and of one life forever defined by it. Offering insight into the pernicious legacy that continues to haunt us all, black and white, this poignant and powerful work is an invaluable contribution to our shared history and culture.

The Revolt That Ended Slavery in the British Empire Ballantine Books

In this riveting book, authors and authorities on modern slavery Kevin Bales and Ron Soodalter expose the disturbing phenomenon of human trafficking and slavery that exists now in the United States. In *The Slave Next Door* we find that these horrific human rights violations are all around us; people sold into slavery are often hidden in plain sight: the dishwasher in the kitchen of the neighborhood restaurant, the kids on the corner selling cheap trinkets, the man sweeping the floor of the local department store. In these pages we also meet some unexpected modern-day slave owners, such as a 27-year old middle-class Texas housewife who is currently serving a life sentence for offences including slavery. Weaving together a wealth of voices—from slaves, slaveholders, and traffickers as well as from experts, counselors, law enforcement officers, rescue and support groups, and community leaders—this book is also a call to action, telling what we, as private citizens and political activists, can do to raise community awareness, hold politicians accountable, and finally bring an end to this horrific and traumatic crime.

The Intercolonial Slave Trade of British America, 1619-1807 Createspace Independent Publishing Platform

A startling and superbly researched book demythologizing the North's role in American slavery "The hardest question is what to do when human rights give way to profits. . . . Complicity is a story of the skeletons that remain in this nation's closet."—San Francisco Chronicle The North's profit from—indeed, dependence on—slavery has mostly been a shameful and well-kept secret . . . until now. *Complicity* reveals the cruel truth about the lucrative Triangle Trade of molasses, rum, and slaves that linked the North to the West Indies and Africa. It also discloses the reality of Northern empires built on tainted profits—run, in some cases, by abolitionists—and exposes the thousand-acre plantations that existed in towns such as Salem, Connecticut. Here, too, are eye-opening accounts of the individuals who profited directly from slavery far from the Mason-Dixon line. Culled from long-ignored documents and reports—and bolstered by rarely seen photos, publications, maps, and period drawings—*Complicity* is a fascinating and sobering work that actually does what so many books pretend to do: shed light on America's past.

No Property in Man Harvard University Press

In 1831 enslaved Jamaicans revolted. What began as a peaceful movement soon became a bloodbath as British troops retaliated. Tom Zoellner tells the inspiring story of the uprising that galvanized antislavery forces in Britain and led directly to abolition two years later.

South to Freedom Ampelton Publishing

A brilliant and surprising account of the coming of the American Civil War, showing the crucial role of

slaves who escaped to Mexico. The Underground Railroad to the North promised salvation to many American slaves before the Civil War. But thousands of people in the south-central United States escaped slavery not by heading north but by crossing the southern border into Mexico, where slavery was abolished in 1837. In *South to Freedom*, historian Alice L. Baumgartner tells the story of why Mexico abolished slavery and how its increasingly radical antislavery policies fueled the sectional crisis in the United States. Southerners hoped that annexing Texas and invading Mexico in the 1840s would stop runaways and secure slavery's future. Instead, the seizure of Alta California and Nuevo México upset the delicate political balance between free and slave states. This is a revelatory and essential new perspective on antebellum America and the causes of the Civil War.

A human trafficking survivor's spiritual journey of healing Yale University Press

In this timely and readable new work, Walvin focuses not on abolitionism or the brutality of slavery, but the resistance of the enslaved themselves—from sabotage and absconding to full-blown uprisings—and its impact in overthrowing slavery. Following Columbus's landfall, slavery became a critical institution across the New World. It had seismic consequences for Africa while leading to the transformation of the Americas and to the material enrichment of the West. It was also largely unquestioned. Yet within seventy-five years slavery vanished from the Americas: it declined and collapsed by a complexity of forces that, to this day, remains disputed, but there is no doubting that it was in large part defeated by those it had enslaved. Slavery itself came in many shapes and sizes. It is perhaps best remembered on plantations, but slavery varied enormously by crop (sugar, tobacco, rice, coffee, cotton), and there was enslaved labor on ships and docks, in factories and the frontier, as well domestically. But if all these millions of diverse, enslaved people had one thing in common it was a universal detestation of their bondage. The end of slavery and the triumph of black freedom constitutes an extraordinary historical upheaval, one which still resonates throughout the world today.

River of Dark Dreams Ballantine Books

Winner of the Stowe Prize Winner of the NBCC Prize for Nonfiction This compelling #1 New York Times bestseller examines the legacy of slavery in America—and how both history and activism continue to shape our everyday lives. Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be.

Something Upstairs Simon and Schuster

Young Cassie Logan endures humiliation and witnesses the racism of the KKK as they embark on a cross-burning rampage, before she fully understands the importance her family attributes to having land of their own.

A Human Trafficking Survivor's Spiritual Journey of Healing Everyman's Library

Human trafficking generates \$31 billion annually and enslaves 27 million people around the globe, half of them children under the age of eighteen. Award-winning journalist David Batstone, whom Bono calls "a heroic character," profiles the new generation o

Lose Your Mother Colchis Books

Two slave narratives that document the experiences of runaway slaves who managed to reach the protection of Union forces are accompanied by biographies of both men that reconstruct their childhoods, escape, Civil War service, and successful later lives.

Time on the Cross Anchor Books

Corban Addison's debut novel, *A Walk Across the Sun*, made waves when it was first published, called "pulse-revving with a serious message," by *O, the Oprah magazine*. John Grisham said, "Addison has written a novel that is beautiful in its story and also important in its message. *A Walk Across the Sun* deserves a wide audience." A trained lawyer committed to the cause of advancing international human rights and abolishing modern slavery, Addison has written a novel that enlightens while it entertains; *A Walk Across the Sun* brings together three of Addison's great passions--storytelling, human rights, and the world's many cultures. Ahalya Ghai and her younger sister Sita are as close as sisters can be. But when a tsunami rips through their coastal village, their home is swept away, and the sisters are the sole survivors of their family. Destitute, their only hope is to find refuge at a convent many miles away. A driver agrees to take them. But the moment they get into that car their fate is sealed. The two sisters--confused, alone, totally reliant on each other--are sold. On the other side of the world, Washington lawyer Thomas Clarke is struggling to cope after the death of his baby daughter and the collapse of his marriage. He takes a sabbatical from his high-pressure job and accepts a position with the Bombay branch of an international anti-trafficking group. Thomas is now on a desperate path to try and save not only himself and his marriage, but also the lives of the two sisters. From the Trade Paperback edition.

Slavery and Antislavery at the Nation's Founding, With a New Preface Random House Digital, Inc.

The National Book Award winning history of how racist ideas were created, spread, and deeply rooted in American society. Some Americans insist that we're living in a post-racial society. But racist thought is not just alive and well in America -- it is more sophisticated and more insidious than ever. And as award-winning historian Ibram X. Kendi argues, racist ideas have a long and lingering history, one in which nearly every great American thinker is complicit. In this deeply researched and fast-moving narrative, Kendi chronicles the entire story of anti-black racist ideas and their staggering power over the course of American history. He uses the life stories of five major American intellectuals to drive this history: Puritan minister Cotton Mather, Thomas Jefferson, abolitionist William Lloyd Garrison, W.E.B. Du Bois, and legendary activist Angela Davis. As Kendi shows, racist ideas did not arise from ignorance or hatred. They were created to justify and rationalize deeply entrenched discriminatory policies and the nation's racial inequities. In shedding light on this history, *Stamped* from the Beginning offers us the tools we need to expose racist thinking. In the process, he gives us reason to hope.
