Why Crystals and Gemstones Have a Magical Healing Power And How To Make Them Work To Get Health and Positive Energy in Your Life. The Ultimate Modern Guide To Healing Stones. CreateSpace

Worn as jewelry, in cosmetics, as gemstone water, placed under your pillow to work as you sleep, used as part of your meditation or in a massage, the gemstones promote strength and wellbeing. Crystal healing expert Michael Gienger explains how healing stones can exert their beneficial and healthy effects on the body, mind and soul. For example: rock crystal acts as antipyretic, malachite promotes detoxification, aquamarine helps to combat allergies, amber improves sleep and amethyst

promotes clear thinking. Gemstone Healing is the first guide to list the full range of applications for 36 crystals and will provide all the information you need to treat yourself, your family and friends. The reader will come to understand the effects of the crystals and learn how to choose, use and look after them properly. With full color illustrations throughout and stunning photographs of each of the 36 crystals, this guide gives both the reader new to using crystals and those who have some experience of crystal healing a whole new view of the subject.

Details the powerful effects of gems as an alternative therapy for physical, psychological, and spiritual healing •

Reveals the physical, healing, and astrological properties of over 70 minerals, along with instructions for maintaining and recharging their powers

- Examines the “life” energy of stones, their basic vibratory patterns, and how this energy is used therapeutically to treat various disorders
- Shows how to use gems in color therapy and to harmonize the chakras

Gemstones have been used for both therapeutic and spiritual purposes since the beginning of time and in all traditions. Used properly, they can contribute to and accelerate healing through the practice of lithotherapy, which uses gems and minerals to restore enzymatic functions, and they can energize spiritual development. Alternative medicines such as homeopathy have given

prominence to the therapeutic character of certain minerals, but the use of gemstones in expanding awareness or establishing a holistic, energetic connection with the stone itself have scarcely been brought forward. In this reclaiming of ancient wisdom, Florence Mégemont explores the many potent and beneficial dimensions of the mineral world. Over 70 precious and semiprecious stones are inventoried as to their principal deposits, therapeutic applications, and zodiac correspondences. Readers will discover which physical and emotional disorders can be relieved by using which minerals and--with the application of chakra therapy--which gemstones are indispensable to their spiritual health. While not proposing that lithotherapy is

a substitute for traditional allopathic treatment, Mégemont shows that it can be a powerful complement to it. Additionally, stones can act preventively, energizing both our health and spiritual resources to a state of balance and attunement.

The Essential Guide to Crystals, Minerals and Stones Blandford Press
All the important information about 555 healing gemstones in a neat pocket-book! Though it may appear small, it encompasses the contents of a whole encyclopedia. This 2nd updated edition is based on new findings in mineralogy and new experiences and research results in the field of gem therapy, including information for an additional 125 crystals not present in the 1st edition, some of which that have been

discovered in recent years. With *Healing Crystals* Michael Gienger presents a comprehensive directory of all the gemstones currently in use in crystal healing. Clear, concise and precise in style, with photographs of each of the crystals accompanying the text, he describes the characteristics and healing functions of each crystal.

A Practical Path to Personal Power, Self-Development, and Healing Simon and Schuster

A full-color guide to programming crystals and harnessing their full potential • Explains how to program crystals and gemstones with specific healing intentions as well as how to cleanse and charge your crystals and prepare your own energy field • Provides detailed instructions for working with 8

key crystals, as well as healing and programming guidance for more than 60 well-known and important crystals • Includes vibrant photographs to convey each crystal's individual powers In this vibrantly illustrated crystal guide, experienced holistic therapist and crystal-healing teacher Sharon McAllister offers an introduction to programming crystals and gemstones to harness their full potential. She explains how crystal programming combines the powerful instrument of intention setting with the healing energies of stones. She details how to cleanse and charge your crystals and prepare your own energy field before programming and provides a collection of intention-setting statements and programming recipes for personal healing as well as therapeutic use.

Unveiling the light that each crystal radiates vibrationally and spiritually, Sharon reveals how each crystal is a living being that can be awakened to emanate its purest and strongest energy in alignment with specific healing purposes. She explains the dormant state of stones when they are still inside the earth, their activated state when extracted by humans, and their ignited state, when they are called into direct service with a programmed focus, which leads them to unfold their full healing potential. Focusing on 8 key crystals, including rose quartz, amethyst, and citrine, Sharon shows how these 8 stones can combine to form a powerful toolkit with a wide range of healing applications. She provides an in-depth chapter on each of the 8 key crystals,

offering deep insight into their energies and healing properties. She also covers more than 60 additional crystals along with guidance on their healing uses and programming potential. Taking your crystal healing experience to a higher level, this guide shows how each crystal has its own life plan just like human beings and when a crystal enters your life it is never by coincidence.

A gemstone-supported healing journey guided by your heart • Offers hands-on exercises and meditations with more than 60 gemstones and minerals, each a specific heart-healing stone • Explores the anatomy of the physical heart and its spiritual symbolism • Shows how your heart is itself a sensory organ and coordinator of your energy field • Explains how to fortify your heart with emotional strength, reclaim your will, cultivate forgiveness, and nurture romantic relationships in a meaningful way The word heart can be used in so many different ways. We talk about putting our hearts into our work and wearing our hearts on our sleeves. There

are people who are warmhearted and those willing to heal your heartache. Each of us has likely known the pangs of conflict between the head and heart. For all the trials and pains of daily living, many people are taught to distance themselves from their hearts in order to avoid folly and failure. The truth is that only in embracing the language of the heart can we truly know who we are and where we are going. Focusing on the role of crystals in the journey to wholeheartedness, Nicholas Pearson reveals how the heart, as the literal and metaphorical center of one's being, has the power to lead us to greater balance, healing, and happiness. He explores the anatomy of the physical heart and its spiritual symbolism and shows how its four chambers are related to the four

elements. Offering hands-on exercises and meditations with more than 60 gemstones and minerals, each a specific heart-healing stone, the author explains how to build a better relationship with the heart as your spiritual center as well as how to fortify your heart with emotional strength, reclaim your will, and cultivate forgiveness. He shows how your heart is the coordinator of your energy field and is itself a sensory organ and information processor, working to enact healing on many levels. He also looks at the heart chakra and how the higher heart chakra is evolving. Providing stone-supported lessons for applying a heart-centered approach in daily life, from expressing yourself to nurturing romantic relationships in a meaningful way, the author shows how

the journey to wholeness and wholeheartedness isn't always easy, but it cannot be undertaken without first spending time to hear the soft, gentle voice of your heart and embrace the transformational force of inner alchemy known as love.

The definitive resource for working with powerful crystals! Sparkling, luminous, and colorful, it is no wonder crystals have always been regarded as a source of power from ancient times to present day. But with the enormous number of crystals now on the market, it is difficult to choose exactly the right stone. In 101 Power Crystals, internationally renowned crystal expert Judy Hall brings together 101 crystals that are powerful across a

wide spectrum of uses and suitable for all types of user. Not all crystals suit everyone, and the selection has been specially chosen to offer alternatives and new possibilities that may not have been thought of before. This distinctive collection includes high vibration crystals that experienced crystal practitioners will want to explore as well as those with earthier vibrations that are suited to beginners or those developing their sensitivities. It also features some rare and recently discovered crystals and stones that have not been included in any other volume, such as Aurora Quartz, Que Sera, Trigonic Quartz, and Preseli Bluestone. Each entry covers the history, mythology, and symbolism of the crystal in addition to its healing properties and environmental effects.

There are crystals and stones for love, health, protection, abundance, and many other powers.

Crystals to attract love, wellbeing and spiritual harmony into your life Destiny Books

An alchemical guide to healing,

awakening, and co-creating with crystals from the author of the classic Book of Stones. For readers looking to expand their knowledge of sacred crystals and stones beyond the foundations, The Alchemy of Stones presents a holistic, Earth-based framework for understanding why and how they work and initiating readers into a transformational, healing, alchemical worldview. Engaging readers step by step, Simmons provides guidance on discovering and harnessing the three powers of intention, attention, and imagination, each a crucial component for meeting and working in partnership with the energies of crystals. Readers will understand the philosophical underpinnings of alchemy--surprisingly deeper than what one might expect--and

translate ancient alchemical wisdom into modern, practical applications for healing, meditation, and self-knowledge. Simmons shows how to co-create with stones to open minds and awaken hearts, and describes the mystical experiences that led him to develop his own relationship with crystals. Offering illuminations on the universe's conscious and benevolent nature, *The Alchemy of Stones* is an invitation to a journey of enlightenment, transformation, and spiritual metamorphosis aligned with the path of our living, conscious Earth. Also included are chapters on making stone mandalas, elixirs, and Orgonite energy devices; powerful techniques for working with stones, including using the web of consciousness to bring change anywhere in the world; and an illustrated

metaphysical stone dictionary, with 500 different stones and an index of their spiritual and healing qualities.

The Alchemy of Stones Healing Arts Press

A full-color guide to crystal massage for healing, energy balance, and stress release in the physical, emotional, and energetic bodies • Illustrates full-body massage techniques with crystal wands, crystal spheres, polished stones, and amber • Details the healing properties of more than 50 crystals and gemstones and how to select the proper one for a specific condition • Explains how to cleanse and recharge crystal, gemstone, and amber after each massage so energies are not transferred from one person to another In this full-color illustrated guide, Michael Gienger, along

with contributors Hildegard Weiss and Ursula Dombrowsky, details the energetics and healing properties of more than 50 crystals and gemstones for use in massage. The book explains how to select the proper crystal or stone to aid healing of a specific condition as well as for relaxation and stress release. It illustrates specific massage techniques with crystal wands, crystal spheres, and polished stones that best utilize the crystal or stone's properties and shows how to perform a full-body massage that works on several levels--physical, ethereal, mental, and spiritual--depending on how the crystals are applied. Explaining how crystals absorb energy and information during a massage, the guide shows how to cleanse and recharge their energetic

fields so energies are not transferred from one person to another. It also details how to rebalance and replenish your own energy after giving a massage. The book also includes a detailed chapter on the harmonizing effects of amber massage, complete with a step-by-step illustrated massage sequence. Amber's unique electromagnetic vibrations make it especially conducive to creating homeostasis in the body and thus a beneficial addition to any crystal or stone massage practice. With this complete illustrated guide, anyone can enhance their massage practice or self-healing through the powerful effects of crystals, gemstones, and amber.

Crystals and Stones: A Complete Guide to Their Healing Properties helps readers to incorporate the healing power of stones into daily life. Aimed at both beginners and experts, the book showcases nearly 200 crystals and stones, describing their impact on human beings' physical, mental, emotional, and spiritual states. The book begins with historical background and practical considerations, such as how stones work and how to clean and

recharge their energy. The relationship of stones to chakras is explored, as are practices such as channeling via certain powerful crystals. The heart of the book is an A to Z guide covering everything from amber to zoisite that explains which stones are most effective for particular medical conditions, emotional and energy blockages, and spiritual impasses. Stones and crystals have been important tools for health and spiritual transformation for millennia. This book shows modern readers how to best utilize those tools. Witches author Jaya Saxena explores the multi-faceted meanings and history behind eleven popular crystals in this relatable personal essay collection. Highly prized for their beauty, crystals can take the shape of jewelry, household objects, and an array of self-care products. But it's the ideas they stand for that draw people to their raw forms. Like astrology, tarot, and modern witchcraft, crystals help practitioners understand themselves and the wider world around them. In this collection of sharply observed essays, Jaya Saxena reflects on—and challenges—the ideas associated with eleven popular stones, including unconditional love (rose quartz), happiness and success (citrine), balance (amethyst), self-care (black tourmaline), purity (pearl), imposter

syndrome (pyrite), toxic positivity (carnelian), change (opals), traditional concepts of marriage (diamonds), presentation versus identity (obsidian), and death (amber). The result is a

deeply personal book with universal appeal, exploring how we assign meaning and power to crystals in order to give meaning and power to our lives.
