Four Songs of Care and Constraint

Createspace Independent Pub
 This groundbreaking Civil War history illuminates the unique development of antislavery sentiment in the border region of south central Pennsylvania. During the antebellum decades every single fugitive slave escaping by land east of the Appalachian Mountains had to pass through south central Pennsylvania, where they faced both significant opportunities and substantial risks. While the hundreds of fugitives traveling through Adams,

Franklin, and Cumberland counties were aided by an effective Underground Railroad, they also faced slave catchers and informers. In *On the Edge of Freedom*, historian David G. Smith traces the victories of antislavery activists in south central Pennsylvania, including the achievement of a strong personal liberty law and the aggressive prosecution of kidnappers who seized African Americans as fugitives. He also documents how their success provoked Southern retaliation and the passage of a strengthened Fugitive Slave Law in 1850. Smith explores the fugitive slave issue through fifty years of sectional conflict, war, and reconstruction in south central Pennsylvania and provocatively questions what was gained

by emphasizing fugitive protection over immediate abolition and full equality. Smith argues that after the war, social and demographic changes in southern Pennsylvania worked against African Americans' achieving equal opportunity. Although local literature portrayed this area as a vanguard of the Underground Railroad, African Americans still lived "on the edge of freedom." Winner of the Hortense Simmons Prize
A Novel Penguin
 Winner of the 2019 NAACP Image Award for Outstanding Literary Work in Poetry
 Finalist for the 2019 Los Angeles Times Book Prize in Poetry
 A searing volume by a poet whose work conveys "the visceral effect that prison has on identity" (Michiko

Kakutani, New York Times). Felon tells the story of the effects of incarceration in fierce, dazzling poems—canvassing a wide range of emotions and experiences through homelessness, underemployment, love, drug abuse, domestic violence, fatherhood, and grace—and, in doing so, creates a travelogue for an imagined life. Reginald Dwayne Betts confronts the funk of postincarceration existence and examines prison not as a static space, but as a force that enacts pressure throughout a person's life. The poems move between traditional and newfound forms with power and agility—from revolutionary found poems created by redacting court documents to the astonishing crown of sonnets that serves as the volume's radiant conclusion. Drawing inspiration from lawsuits filed on behalf of the incarcerated, the redaction poems focus on the ways we exploit and erase the poor and imprisoned from public consciousness. Traditionally, redaction erases what is top secret; in Felon, Betts redacts what is superfluous, bringing into focus the profound failures of the criminal justice system and the inadequacy of the labels it generates. Challenging the complexities of language, Betts animates what it means to be a "felon."

SHAN HAI JING—A BOOK COVERED WITH BLOOD CreateSpace

As the youngest marcher in the 1965 voting rights march from Selma to Montgomery, Alabama, Lynda Blackmon Lowery proved that young adults can be heroes. Jailed nine times before her fifteenth birthday, Lowery fought alongside Martin Luther King, Jr. for the rights of African-Americans. In this memoir, she shows today's young readers what it means to fight nonviolently (even when the police are using violence, as in the Bloody Sunday protest) and how it felt to be part of changing American history. Crimson Createspace Independent Publishing Platform

The story of the longest and most complex legal challenge to slavery in American history For over seventy years and five generations, the enslaved families of Prince George's County, Maryland, filed hundreds of suits for their freedom against a powerful circle of slaveholders, taking their cause all the way to the Supreme Court. Between 1787 and 1861, these lawsuits challenged the legitimacy of slavery in American law and put slavery on trial in the nation's capital. Piecing together evidence once dismissed in court and buried in the archives, William Thomas tells an intricate and intensely human story of the enslaved families (the Butlers, Queens, Mahoneys, and others), their lawyers (among them a young Francis Scott Key), and the slaveholders who fought to defend slavery, beginning with the Jesuit priests who held some of the largest plantations in the nation and founded a college at Georgetown. *A Question of Freedom* asks us to reckon with the moral problem of slavery and its legacies in the present day.

The Fear of Freedom Candlewick Press Clutter has a negative effect on your life. You want to live differently, but you haven't been able to make progress. Marcie Lovett, author of *The Clutter Book*, will motivate you to make the changes you want. Learn to let go of what you don't need and find room for what you value. The direct, accessible writing style and interactive exercises will inspire you to succeed. In this book, Marcie guides you through the process of letting go of the clutter that is keeping you from achieving success. Whether your clutter is caused by things, commitments or thoughts, Marcie encourages you to make the choices to conquer your challenges. If previous attempts at letting go of clutter have not been successful for you, you will benefit from the motivation and wisdom Marcie offers. Written in a straightforward and accessible style, filled with insight and

real-life stories, the book enables readers to learn from the experience of others and overcome obstacles to success. You will understand why you keep clutter, save time and money by avoiding unnecessary purchases, discover the habits that hold you back, find ways to fight procrastination and create systems that allow you to retrieve and return items. Whether you want to live with less or live with what you have, this is the book for you.

Gateway to Freedom: The Hidden History of the Underground Railroad CreateSpace

Filled with fresh interpretations and information, puncturing old myths and challenging new ones, *Battle Cry of Freedom* will unquestionably become the standard one-volume history of the Civil War. James McPherson's fast-paced narrative fully integrates the political, social, and military events that crowded the two decades from the outbreak of one war in Mexico to the ending of another at Appomattox. Packed with drama and analytical insight, the book vividly recounts the momentous episodes that preceded the Civil War--the Dred Scott decision, the Lincoln-Douglas debates, John Brown's raid on Harper's Ferry--and then moves into a masterful chronicle of the war itself--the battles, the strategic maneuvering on both sides, the politics, and the personalities. Particularly notable are McPherson's new views on such matters as the slavery expansion issue in the 1850s, the origins of the Republican Party, the causes of secession, internal dissent and anti-war opposition in the North and the South, and the reasons for the Union's victory. The book's title refers to the sentiments that informed both the Northern and Southern views of the conflict: the South seceded in the name of that freedom of self-determination and self-government for which their fathers had fought in 1776, while the North stood fast in defense of the Union founded by those fathers as the bulwark of American liberty. Eventually, the North had to grapple with the underlying cause of the war--slavery--and adopt a policy of emancipation as a second war aim. This "new birth of freedom," as Lincoln called it, constitutes the proudest legacy of America's bloodiest conflict. This authoritative volume makes sense of that vast and confusing "second American Revolution" we call the Civil War, a war that transformed a nation and expanded our heritage of liberty.

Truth Is Not Always True Wilde City Press, LLC
Long-listed for the National Book Award

Winner of the Crook's Corner Prize Winner of the First Novelist Award from the Black Caucus of the American Library Association A New York Times Notable Book "Brilliantly juxtaposing World War II, the '80s and post-Katrina present, Sexton follows three generations of a black New Orleans family as they struggle to bloom amid the poison of racism." —People Evelyn is a Creole woman who comes of age in New Orleans at the height of World War II. In 1982, Evelyn's daughter, Jackie, is a frazzled single mother grappling with her absent husband's drug addiction. Jackie's son, T.C., loves the creative process of growing marijuana more than the weed itself. He was a square before Hurricane Katrina, but the New Orleans he knew didn't survive the storm. For Evelyn, Jim Crow is an ongoing reality, and in its wake new threats spring up to haunt her descendants. Margaret Wilkerson Sexton's critically acclaimed debut is an urgent novel that explores the legacy of racial disparity in the South through a poignant and redemptive family history.

A Cook's Story; Remaking a Life from Scratch Oxford University Press, USA

The progressive economics writer redefines the national conversation about American freedom "Mike Konczal [is] one of our most powerful advocates of financial reform, [a] heroic critic of austerity, and a huge resource for progressives." —Paul Krugman Health insurance, student loan debt, retirement security, child care, work-life balance, access to home ownership—these are the issues driving America's current political debates. And they are all linked, as this brilliant and timely book reveals, by a single question: should we allow the free market to determine our lives? In the tradition of Naomi Klein's *The Shock Doctrine*, noted economic commentator Mike Konczal answers this question with a resounding no. *Freedom from the Market* blends passionate political argument and a bold new take on American history to reveal that, from the earliest days of the republic, Americans have defined freedom as what we keep free from the control of the market. With chapters on the history of the Homestead Act and land ownership, the eight-hour work day and free time, social insurance and Social Security, World War II day cares, Medicare and desegregation, free public colleges, intellectual property, and the public corporation, Konczal shows how citizens have fought to ensure that everyone has access to the conditions that make us free. At a time when millions of Americans—and more and more politicians—are questioning the unregulated free market,

Freedom from the Market offers a new narrative, and new intellectual ammunition, for the fight that lies ahead.

The Fugitive Slave Issue in South Central Pennsylvania, 1820-1870 Sterling Publishing Company Incorporated

After awaking, her previous night a mystery, Anna begins to realize how much her life has changed. Visiting the tavern where she works she begins to unravel the previous nights happenings. Peculiar lusts and desires wreak havoc with her, as she realizes that something has been done to her either by Seth, the death mage, or his resurrected bride. Some say the pair are cursed by the gods, others say they are gods themselves. Anna might be the first to learn the truth.

Freedom Catapult

In 1865, members of a family start their day as slaves, working in a Texas cotton field, and end it celebrating their freedom on what came to be known as Juneteenth.

Juneteenth, the First Day of Freedom punctum books

"A Haitian grandmother and granddaughter share a holiday, a family recipe, and a story of freedom. . . . A stunning and necessary historical picture book." —Kirkus Reviews (starred review)

The shake-shake of maracas vibrates down to my toes. Ti Gran's feet tap-tap to the rhythm. Every year, Haitians all over the world ring in the new year by eating a special soup, a tradition dating back to the Haitian Revolution. This year, Ti Gran is teaching Belle how to make Freedom Soup just like she was taught when she was a little girl. Together, they dance and clap as they prepare the holiday feast, and Ti Gran tells Belle about the history of the soup, the history of Belle's family, and the history of Haiti, where Belle's family is from. In this celebration of cultural traditions passed from one generation to the next, Jacqueline Alcántara's lush illustrations bring to life both Belle's story and the story of the Haitian Revolution.

Tami Charles's lyrical text, as accessible as it is sensory, makes for a tale that readers will enjoy to the last drop.

A History of US Penguin

Answers questions about constitutional freedoms and explains how the government's actions are causing them to erode.

A Question of Freedom Oxford University Press

A profound rumination on the concept of freedom from the New York Times—bestselling author of *Tribe* Throughout history, humans have been driven by the quest for two cherished ideals: community and freedom. The two don't coexist easily; we value individuality and self-reliance yet are utterly dependent on community for our most basic needs. In this intricately crafted and thought-provoking book, Sebastian Junger examines the tension that lies at the heart of what it means to be human. For much of a year, Junger and three friends—a conflict photographer and two Afghan war vets—walk the railroad lines of the east coast of the United States. It is an experiment in personal autonomy, but also in interdependence. Dodging railroad cops, sleeping under bridges, cooking over fires and drinking from creeks and rivers, the four men forge a unique reliance on one another. In *Freedom*, Junger weaves his account of this journey with other topics: primatology and boxing strategy, the history of labour strikes and Apache renegades, the role of women in resistance movements, and the brutal reality of life on the Pennsylvania frontier. Written in exquisite, razor-sharp prose, the result is a powerful examination of the primary desire that defines us.

All Different Now The New Press

The 1960 civil rights sit-ins at the Woolworth's lunch counter in Greensboro, North Carolina, are seen through the eyes of a young Southern black girl.

The Families Who Challenged Slavery from the Nation's Founding to the Civil War Simon and Schuster

Life, liberty, and the pursuit of happiness are prescribed ideals in America of 2050. The Moral Authority, the nation's newest branch of government, has virtually eliminated crime, poverty, and most social ills, but it also rules the land with a tyrannical fist, championing ignorance and brandishing fear. Mark Bryan is a gay man whose existence brands him an outlaw; Isaac Montoya is a charming stranger, who entices Mark to defy moral law; and Samuel Pleasant runs the Moral Authority and plans to punish moral offenders and a rebellious uprising—no matter the cost. Will liberty and justice return for all?

When You Can't Let Go CreateSpace

Seven billion people on earth; it was only a matter of time before you discovered the truth. Your legends--your myths and religions--have called us by many names. Since the beginning, our kind has walked among you as your protectors. We are the only ones who know who you are and why you are here. He wasn't meant to disappear; you weren't meant to know

why. Our objective was clear: hunt them, kill them and leave. Once you know, there will be no going back. They will come for you. Are you ready?

The Greensboro Sit-Ins CreateSpace

The dramatic story of fugitive slaves and the antislavery activists who defied the law to help them reach freedom. More than any other scholar, Eric Foner has influenced our understanding of America's history. Now, making brilliant use of extraordinary evidence, the Pulitzer Prize-winning historian once again reconfigures the national saga of American slavery and freedom. A deeply entrenched institution, slavery lived on legally and commercially even in the northern states that had abolished it after the American Revolution. Slaves could be found in the streets of New York well after abolition, traveling with owners doing business with the city's major banks, merchants, and

manufacturers. New York was also home to the North's largest free black community, making it a magnet for fugitive slaves seeking refuge. Slave catchers and gangs of kidnappers roamed the city, seizing free blacks, often children, and sending them south to slavery. To protect fugitives and fight kidnappings, the city's free blacks worked with white abolitionists to organize the New York Vigilance Committee in 1835. In the 1840s vigilance committees proliferated throughout the North and began collaborating to dispatch fugitive slaves from the upper South, Washington, and Baltimore, through Philadelphia and New York, to Albany, Syracuse, and Canada. These networks of antislavery resistance, centered on New York City, became known as the underground railroad. Forced to operate in secrecy by hostile laws, courts,

and politicians, the city's underground-railroad agents helped more than 3,000 fugitive slaves reach freedom between 1830 and 1860. Until now, their stories have remained largely unknown, their significance little understood. Building on fresh evidence—including a detailed record of slave escapes secretly kept by Sydney Howard Gay, one of the key organizers in New York—Foner elevates the underground railroad from folklore to sweeping history. The story is inspiring—full of memorable characters making their first appearance on the historical stage—and significant—the controversy over fugitive slaves inflamed the sectional crisis of the 1850s. It eventually took a civil war to destroy American slavery, but here at last is the story of the courageous effort to fight slavery by "practical abolition," person by person, family by family.
