### **Billboard** Macmillan

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

### **A Christmas Carol** Scholarly Title

The Turn of the Screw, originally published in 1898, is a novella written by Henry James. The story, a part of Gothic and ghost story genres, first appeared in serial format in Collier's Weekly

magazine (27 January – 16 April 1898). In October 1898 it appeared in The Two Magics, a book published by Macmillan in New York City and Heinemann in London. Due to its original content, The Turn of the Screw became a favorite text of academics who subscribe to New Criticism. The novella has had differing interpretations, often mutually exclusive. Many critics have tried to determine the exact nature of the evil hinted at by the story. However, others have argued that the brilliance of the novella results from its ability to create an intimate sense of confusion and suspense within the reader.

editions of literature's great classics: Norton's Annotated Books series.

*Film Adaptations of Literature and Drama* A&C Black

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

**The World Who's who of Women** Quigley Publishing Company

Drawing on historical cases of the American South before and after the Civil War, Europe – especially Germany – between the world wars, and the United States in Vietnam and its aftermath, this book takes a historical approach to explain the problems of

capitalism and democratic leadership in western democracies today. Capitalist democracies proclaim equality, material prosperity and comfort but produce extreme differences in wealth and power. They promise security and peace, but deliver frequent wars. The promises broken, elites often turn to other visions- partially borrowed from feudalism- to win public support. Nations turn to honor, nobility and war as a way of winning over workers and legitimating the capitalist system itself. Capitalism's contradictions often have produced a cultural divide. One side, "cosmopolitans" – urban, see themselves as citizens of the world, not one region or country – identify as secular, preach multi-culturalism, entertain state welfare systems, and are cautious about going to war. Their opponents, "traditionalists," breed among people who feel left behind, anxiousness and insecurity, often embracing community, tradition, God and family. The devastation of the world wars and the Third Reich led Europe to forgo visions of empire, militarism and glory and focus upon improving the quality of life for their own citizens. Although the United States does not need to experience comparable trauma, they should follow Europe's example- forget glory and instead build a better life for the American people. The last chapter will consider how such a change could emerge in the US and who might help fight for it.

List milestones, notable events, developments in the arts and culture, and other details about each year in the twentieth century, especially in Britain and the United States.

### *Die vier Besatzungsmächte und die Kultur in Berlin 1945-1949* Simon and Schuster

In the tradition of bestselling authors Ian McEwan and Anne Enright, Samantha Bruce-Benjamin's brilliant and timeless debut unveils the dark side of human nature as four women share the poignant tale of love, obsession, and ultimate betrayal that binds them forever. Have we all not wished to keep forever the one

person we love the most? The secluded beaches of a sun-drenched Mediterranean island are the perfect playground for young Sebastian and Adora. Emotionally adrift from their mother, Adora shelters her sensitive older brother from the cruelties of the world. Sophie does not question her children's intense need for one another until it's too late. Her beloved son's affections belong to Adora, and when he drowns in the sea, she has no one else to blame. Still heartbroken years later, Adora fills her emptiness with Genevieve, the precocious young daughter of her husband's business associate and his jealous wife, Miranda. Thrilled to be invited into the beautiful and enigmatic Adora's world, the child idolizes her during their summers together. Yet, as the years progress, Genevieve begins to suspect their charmed existence is nothing more than a carefully crafted illusion. Soon, she too is ensnared in a web of lies. Stunningly told in the tragic voices of four women whose lives are fatefully entangled, *The Art of Devotion* is evocative and haunting, a story of deceit, jealousy, and the heartbreaking reality of love's true power.

### International Television Almanac Unwin Hyman

Now a Major Motion Picture is a unique look at the many sources, literary and otherwise, that influence film adaptations. Christine Geraghty subverts the idea that film adaptations of novels and plays must be faithful to the original texts. She is more interested in how, while a film reflects its literary source, it also invites comparisons to our memories and associations with other versions. Geraghty looks at a variety of adaptations, from the works of Jane Austen and Tennessee Williams to *Brokeback Mountain* and the adaptation of a setting, historical New York

City.
