 When barroom bouncer Joe Dall's ex-wife is murdered, he finds himself pressed into service as a novice private eye. Something very dark and deadly lurks in the lush shadows of the sleepy Florida town and if he can't unmask the killer soon, others close to Joe will die. Working on a powerful client's dime, Joe Dall's first case could be his last. "To find a wonderful example of hardboiled detective noir today, you need not look any further than Randy Chandler's latest novel *Dime Detective* ... *Dime Detective* is both an homage and a love letter to the genre, but in many ways, an interesting and original departure." --Hellbound Times. "The new breed of retro authors isn't getting paid by the word and, therefore, isn't padding thin stories; instead, they're crafting their books with considerable care and quality, and this novel is every bit a winner. Chandler introduces PI Joe Dall in a slick, atmospheric work that captures the underbelly of the 1950s with a sharp eye for detail and a flair for the sinister. The Deep South, voodoo, bad cops, a depraved movie star, and a glamorous, gun-toting sidekick—all add their share of pulpy ambience in this first-rate debut." -- Booklist "From Dot Barker, a kind of big sister, to Valentine Cooper and her shotgun, Chandler's characters go beyond the stereotypical dames, dolls, and broads that filled the pulps for a cast of strong, multidimensional, and entertaining characters. Readers can only hope to see them again in a sequel." --Foreword Magazine

Perfect for fans of John Green and Becky Albertalli, Neanderthal Opens the Door to the Universe is a "sneakily thought-provoking" and "utterly unforgettable" must-read for every fan of contemporary YA. Cliff Hubbard is a huge loser. Literally. His nickname at Happy Valley High School is Neanderthal because he's so enormous-6'6" and 250 pounds to be exact. He has nobody at school, and life in his trailer-park home has gone from bad to worse ever since his older brother's suicide. There's no one Cliff hates more than the nauseatingly cool quarterback Aaron Zimmerman. Then Aaron returns to school after a near-death experience with a bizarre claim: while he was unconscious he saw God, who gave him a list of things to do to make Happy Valley High suck less. And God said there's only one person who can help: Neanderthal. To his own surprise, Cliff says he's in. As he and Aaron make their way through the List, which involves a vindictive English teacher, a mysterious computer hacker, a decidedly unchristian cult of Jesus Teens, the local drug dealers, and the meanest bully at HVHS, Cliff feels like he's part of something for the first time since losing his brother. But fixing a broken school isn't as simple as it seems, and just when Cliff thinks they've completed the List, he realizes their mission hits closer to home than he ever imagined. Razor sharp, moving, and outrageously funny, Neanderthal Opens the Door to the Universe is an unforgettable story of finding your place in an imperfect world.

Harry Tyler is living an unhappy life as a "dead man" following a failed MI5 conspiracy to kill him in Ireland. A right wing journalist in a popular paper is saying all the things his readers want to hear, laying blame for the country's ills at the doors of immigration, the welfare state, scroungers, and spongers. But when the people he targets in his column wind up dead, a serial killer seems to be taking the law into his own hands. Harry Tyler is surviving on his wits in the North West of England until fate conspires to reunite him with villain and nemesis John Baker, known as Johnny Too, when Too is released from jail early as bait for the serial killer. The job could bring Harry back in from the cold, or leave him totally exposed and set up as the fall guy if things go wrong. The final installment of The Face trilogy is hard, sexy, and it rattles along like an HS2 freight train.

Saloons, barrooms, honky-tonks, or watering holes—by whatever name, they are part of the mythology of the American West, and their stories are cocktails of legend and fact, as Richard Selcer, David Bowser, Nancy Hamilton, and Chuck Parsons demonstrate in these entertaining and informative accounts of four legendary Texas establishments. In most Western communities, the first saloon was built before the first church, and the drinking establishments far outnumbered the religious ones. Beyond their obvious functions, saloons served as community centers, polling places, impromptu courtrooms, and public meeting halls. The authors of this volume discuss both the social and operational aspects of the businesses: who the owners were, what drinks were typically served, the democratic ethos that reigned at the bars, the troubling issues of social segregation by race and gender within each establishment, and the way order was maintained—if it was at all. Here, the spotlight is thrown on four saloons that were legends in their day: Jack Harris's Saloon and Vaudeville Theater in San Antonio, Ben Dowell's Saloon in El Paso, the Iron Front of Austin, and the White Elephant of Fort Worth. Together with architectural renderings of the floor plans and old

photographs of the establishments and some of their more famous customers, the history of each is woven into the history of its city. Fatal shootings are recounted, and forms of entertainment are described with care and verve. One of this book's most fascinating aspects is the sharp detail that brings to life the malodorous, smoky interiors and the events that took place there. Selcer and his co-authors are experts on their respective watering holes. They start with the origins of each establishment and follow their stories until the last drink was served and the places closed down for good. There are stops along the way to consider the construction of the ornate bars, the suppliers of the liquor served, the attire of the gentlemen gamblers, the variety of casino games that emptied men's pockets, and more. Through the wealth of detail and the animated narrative, a crucial part of Texas' Western heritage becomes immediately accessible to the present.

All Things to All People is an introverted narrative penned by the son of a Gospel preacher and his alter ego, Begees McFree. This playfully written autobiography of a simple, quiet, and peaceable man guides the reader through depression-induced insomniac confessions. Looking deep into the often-hidden places of the heart and mind, these confessions freed the writer from lies and misunderstandings that had been buried deep within. All Things to All People shares the spiritual struggle of a man after a divorce broke apart his life and separated him from his children. Begees uses freewriting to disentangle his poor choices from his good intentions, gaining more selfcontrol and growing closer to God while strenuously pushing unbelief out of his mind.
