Subaltern Women's Narratives brings together intersectional feminist scholarship from the Humanities and Social Sciences and explores subaltern women's narratives of resistance and subversion. Interdisciplinary in nature, the collection focuses on fictional texts, archival records, and ethnographic research to explore the lived experiences of subaltern women in different marginalised communities across a wide geographical landscape, as they negotiate their way through modes of labour and activism. Thematically grouped, the focus of this book is two-fold: to look at the lived experiences of subaltern women as they negotiate their lives in a world of political flux and conflicts; and to examine subaltern women's dissenting practices as recorded in texts and archives. This collection will push the boundaries of scholarship on decolonial and postcolonial feminism and subaltern studies, reading women's subversive practices especially in the themes of epistemology and embodiment. This book is aimed primarily at scholars, postgraduates, and undergraduates working in the fields of colonial and postcolonial studies. It will appeal to both historians and scholars of nineteenth century and contemporary literature. Specifically scholars working on subaltern theory, feminist theory, indigenous cultures, anticolonial resistance, and the Global South will find this book particularly relevant.

Fiksi Selekt volume 2 ini, dibuka oleh karya klasik Petualangan Tom Sawyer, selanjutnya diikuti karya-karya novelis kelas dunia lainnya. Kerasnya kehidupan penjara dalam Shawshank Redemption milik Stephen King hingga keharmonisan keluarga Ned Stark sebelum praha perebutan tahta pada A Game of Throne, masterpis G.R.R. Martin. Tentu saja, semua novelis dalam kompendium ini adalah penulis yang tidak beralasan untuk diragukan, sehingga rangkuman novel ini dapat diandalkan menjadi sumber inspirasi bagi pembacanya. Memuat 21 judul, yang dihiasi sekelumit prakata serta ringkasan tajam dan orisinal disarikan dari novel asli, dalam Bahasa Inggris dan Bahasa Indonesia. Sejak tahun 2006, ada sekitar 300-an judul novel yang telah dibaca, namun tidak semua sempat direview maupun disarikan. Beberapa novel dibaca dua hingga tiga kali karena sangat memikat untuk dinikmati, dan ada pula alasan lain, karena novel tersebut terlalu rumit dipahami. Akhir kata, penulis

berharap semoga kompilasi ringkasan ini bermanfaat dan salam imajinasi bagi segenap pencinta karya sastra.

This book is about baby-making. "You will be the mother of my children," said the man in a commanding tone. His shameless words rendered Emmelyn speechless and shocked, more so, than the kiss he landed on her lips earlier. "I need three children from you." "Eh ... wait.. what? Hold on a minute," Emmelyn, who was moved from her shock, hurriedly rubbed her lips roughly as if trying to remove the devil's marks from them. "I don't want to be your wife! I don't want to marry you, you devil!!" The man frowned and squinted his eyes menacingly. "Who said anything about marriage?" THE NEXT DAY "Let's go," said the prince. "Let's go where?" Emmelyn asked, not understanding. "Let's go make babies." *** SYNOPSIS: The crown prince was cursed on the day he was born, that he will never be happy. What's worse, no woman could touch him without dying. Thus, finding a wife to produce an heir became the royal family's greatest challenge since the prince is the only son. Until one day.. A slave girl who tried to kill him didn't end up dying after they touched. Emmelyn was a princess from one of their colonies who vowed to avenge her family's death by killing the crown prince.. And that's how she ended up in his castle. Seeing that she was the only woman he could have sexual relationship with, without killing her, the prince made an agreement to let her go and free her kingdom from his oppression if she produced for him three heirs. Emmelyn said yes, but every day that they were together, she made plans to kill him and get her revenge. Can Emmelyn get what she wanted, or would she be entangled deeper with the enemy who was deemed as the devil incarnate himself by his enemies? *** CHECK OUT MY OTHER BOOKS: - The Cursed King - ONGOING - Finding Stardust - COMPLETED - The Alchemists - COMPLETED - The Prince Who Cannot Fall In Love - COMPLETED - Till Death Do Us Part - COMPLETED I DON'T DO SLOW BURNS. A Musical Heinemann

#1 New York Times Bestseller Over 1 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a

happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F**k is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, The Subtle Art of Not Giving a F**k is a refreshing slap for a generation to help them lead contented, grounded lives.

Candide is the picaresque tale of the titular character’s fantastical journey from an insular, idealized life in a picturesque castle through the difficulties and evils of the real world. Satirical, comical, witty, and cutting, Candide was widely banned in its day for containing blasphemous and seditious concepts. Despite that, it survived controversy to become an important book in the Western literary heritage. Today Candide remains a breezy and darkly funny read. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

“A well-told, powerful story. Backderf is quite skilled in using comics to tell this tale of a truly weird and sinister 1970s adolescent world.â€” —R. Crumb NATIONAL BESTSELLER Named a BEST OF 2012 by Time, The Village Voice, A.V. Club, comiXology, Boing Boing, Publishers Weekly, MTV Geek, and more! “ASTOUNDING.â€” —Lev Grossman, Time You only think you know this story. In 1991, Jeffrey Dahmer—the most notorious serial killer since Jack the Ripper—seared himself into the American consciousness. To the public, Dahmer was a monster who committed unthinkable atrocities. To Derf Backderf, Dahmer was a much more complex figure: a high school friend with whom he had shared classrooms, hallways, and car rides. In *My Friend Dahmer*, a haunting and original graphic novel, writer-artist Backderf creates a surprisingly sympathetic portrait of a disturbed young man struggling against the morbid urges emanating from the deep recesses of his psyche—a shy kid, a teenage alcoholic, and a goofball who never quite fit in with his classmates. With profound insight, what emerges is a Jeffrey Dahmer that few ever really knew, and readers will never forget. This new paperback edition will coincide with the release of the movie adaptation of *My Friend Dahmer* and will include additional bonus content from the author archives.

The Subtle Art of Not Giving a F*ck Gramedia Pustaka Utama In the tradition of *The Wire*, the “utterly absorbing” (The New York Times) story of the cinematic transformation of Miami, one of America’s bustling cities—rife with a drug epidemic, a burgeoning refugee crisis, and police brutality—from journalist and award-winning author Nicholas Griffin. Miami, Florida, famed for its blue skies and sandy beaches, is one of the world’s most popular vacation destinations, with nearly twenty-three million tourists visiting annually. But few people have any idea how this unofficial capital of Latin America came to be. The Year of Dangerous Days is “an engrossing, peek-between-your-fingers history of an American city on the edge” (Kirkus Reviews). With a cast that includes iconic characters such as Jimmy Carter, Fidel Castro, and Janet Reno, this slice of history is brought to life through intertwining personal stories. At the core, there’s Edna Buchanan, a reporter for the Miami Herald who breaks the story on the wrongful murder of a black man and the shocking police cover-up; Captain Marshall Frank, the hardboiled homicide detective tasked with investigating the murder; and Mayor Maurice Ferré, the charismatic politician who watches the case, and the city, fall apart. On a roller coaster of national politics and international diplomacy, these three figures cross paths as their city explores one of the worst race riots in American history as more than 120,000 Cuban refugees land south of Miami, and as drug cartels flood the city with cocaine and infiltrate all levels of law enforcement. In a battle of wills, Buchanan has to keep up with the 150 percent murder rate increase; Captain Frank has to scrub and rebuild his homicide bureau; and Mayor Ferré must find a way to reconstruct his smoldering city. Against all odds, they persevere, and a stronger, more vibrant, Miami begins to emerge. But the foundation of this new Miami—partially built on corruption and drug money—will have severe ramifications for the rest of the country. Deeply researched, “well-written” (New York Journal of Books), and covering many timely issues including police brutality, immigration, and the drug crisis, *The Year of Dangerous Days* is both a clarion call and a dramatic rebirth story of one of America’s most iconic cities.
