 [Siren Allure: Erotic Consensual BDSM Romance, M/F with M/F/M and F/F elements, public exhibition, spanking,

whipping, caning, shaving, piercing, sex toys, HEA] Desperate for Dominant Ben to show an interest in her, Kat is persuaded by a friend to attend a beginners submissive and BDSM training conference in the hope of finding out how to attract him. She is shocked to find he is one of the trainers. Meanwhile, Ben doesn't think she is submissive enough for him and conceives of

increasingly intimate tasks to prove he is right, despite admiring her courage in staying. As the conference progresses, Kat is fascinated by what she learns and completes each task, hoping all the while to convince him of her submissiveness—although some tasks she finds more difficult than others. Confused by his growing feelings for her, Ben keeps pushing her away until

her tenacity finally wears him down and he insists on her taking a final exam to prove herself. Is this a step too far for Kat? ** A Siren Erotic Romance *Dom's Guide to Bdsm* Seven Seas A Dom/sub relationship doesn't just happen. It is a finely crafted and designed system of expectations and joys. In order for you and your submissive lady to "fit" one another and create a lasting, happy union there

must be a period of training. It does not matter if your sub has thirty years of experience in submission or just read 50 Shades of Grey and decided to try it herself. She will need to be trained for the best relationship to emerge. "Dom's Guide to Submissive Training" was specifically written for doms/masters. It is designed to provide you with a step-by-step blueprint on how to train your new sub.

It goes from preparation all the way down to the closing ceremony including advanced techniques & tips. Training can be one of the most exciting, challenging and fun parts of the relationship. A well-trained sub will not only serve you in the capacity you deserve, but will have built up the two most important elements in any BDSM relationship – trust and consistency. Following the instructions in

this guide will allow you to show yourself as a worthy master, who is in control, experienced and able to guide you both to the best possible life.

Bdsm Dom's Guide to Bdsm49 Must-know Tips on How to Be the Perfect Dom/Master Your Submissive Will Truly Respect & Admire Nothing will prepare you for a life of submission in the same way as your formal training. Submissive

training isn't just a "good idea" when it comes to creating a BDSM relationship. It is essential. "Submissive Training: 23 Things You Must Know About How To Be A Submissive" is designed to help you know what to expect when you go through training with a new Dom. Every couple is unique and every Dom may have different ways of teaching you the systems of service he

prefers. However, these are the basics all trained subs and slaves learn and employ in daily life. Rushing into a relationship or service contract with a Dom without training puts the future of your time together at risk. All of the arguments, resistance, misunderstandings and hurt feelings that go with a new submissive's experiences can be eradicated by a period designated for learning,

listening, trial and error. Even if you have been with a previous Dom you will need to go through an abbreviated training time to ensure your patterns and understandings match one another. Training is a way to "get in the same rhythm" and find the perfect groove. If you are a Dom, this guide is the perfect gift to give to your new sub. If you are a sub, this guide will teach you how to go

through your submissive training. As you go through these things on the journey to become the woman you were made to be, you will be tested but you will also be proud, joyful and, perhaps for the first time in your life, you will be at peace.

 Much of what we've "heard" about BDSM and the lifestyle is wrong. Our opinions on this lifestyle and art form are oftentimes shaped by other people who have heard something about it and perhaps embellished it to the point of perpetuating

myths. The truth is that BDSM is not degrading towards women, and it's also a concept that you will find is not "scary." And even the "pain" that is spoken of is not the type of pain people think it is. This book is written for Doms/Masters in training. It is written for you, the average guy or gal, who doesn't already have a closet full of leather and whips, and who really has little idea about what

BDSM is besides what they've heard about it. What you are going to find out, is that the Dom/Master actually has the more complicated role. The master has the task of giving pleasure and discipline to the slave or sub. A great deal of what you do as a Dom will be for the benefit of a sub. You must derive pleasure from giving, have a great desire to please a partner, and not simply take what you

want. Still interested? Good. Now that we know you're a REAL master in training, one that will respect the rules, respect the slave you have power over, and follow protocol, you can begin your Dom training. Only then can you truly earn the utmost respect and admiration from your sub. In Volume 1 of this series we are going to discuss:- How to think and act like a Dom- What the slave

expects from you- What not to do and what instincts you do NOT want to follow- Your motivation and your goals- How to find out a sub's taboo- How to negotiate, find agreement and ensure that game play is always safe- How to make a slave yearn for you and desire to be controlled by you- And much more... *Dom's Guide To BDSM Vol. 3* Createspace Independent Publishing Platform You or your

partner are fascinated by BDSM, but don't know how and where to start? Everything you need to know, you will find it in this book. Most of what people think about BDSM, is wrong. In reality BDSM is not degrading women or men and you will also understand that it's not as obscure as you think. And also the concept of "pain" we are talking about is not what people think.

You will also understand that having the role of the Dom is not just about having pleasure, on the contrary, the Dom has the role of giving pleasure and discipline to the submissive. He must have pleasure in giving pleasure and not simply receiving what he wants. This book is intended for both Dominant and Submissive training. It's also perfect for those who haven't

experience in this world. This is a taste of what you will find in this book: What is BDSM and Why? Relationship, with Techniques of Dominance and How to be a Good Submissive for your Master *Submissive Training* Living Plus Healthy Publishing This is a step-by-step guide for dominants who want to train their submissives the right way. Submissive training is only effective when you have the right techniques to do it. So if you are a master or dominant who is currently in a BDSM relationship,

you can get helpful tips from this eBook. Learn the best way on how to keep your submissive happy and contented with anything you give them. Understanding and implementing the BDSM lifestyle can be hard when you don't have the right support. If you simply want to know more about dominant-submissive relationship, this is the best solution for you. Know and identify your

desires and get the pleasure that you always deserve from this rare connection. Owning and helping a consensual slave is not that easy because you need knowledge in training them to act like one. The rules should be strictly implemented once the submissive agree to the contract. However, there will be punishments when a rule is broken intentionally or not. This is

why it's very important that you educate your consensual slave with all the necessary details as they will be held responsible for every act that they do. The terms consensual, sane and safe are actually the keystones of carefully practicing such lifestyle. *Submissive's Guide To BDSM Vol. 3* Enlightened Publishing "Dom's Guide to BDSM" was specifically written for Doms/Masters . In Volume 3 of this series,

we/re going to focus on advanced techniques that will set you apart from the fake/novice doms/masters who are just looking for someone to abuse. After finishing reading this book, you will be fully equipped to be the best Dom you can be. You will have complete dominance over your sub, and also have the option of helping to transform the sub sub into becoming the better version of herself that

she really wants to be. Your knowledge as a disciplinarian, a Master, a dominant, an Alpha and a teacher, will always be a commodity and a great value that subs will find very attractive. You will be a true Master that any sub will respect & admire."-- Back cover. *Dom's Guide to Bdsm* Enlightened Publishing One thing we can all agree on in our "safe, sane and

consensual" lifestyle is that punishment must feel good. Pain must ultimately be pleasurable. And any sort of masochism or sadism must work in the context of pleasing the sub. In BDSM culture, it seems relatively easy to get the hang of the attitude, the behavior and the words. But in terms of logistics, as in how to properly discipline or punish a sub, things do get a bit more complicated.

And that's why we're devoting this entire book on how to play right and how to punish the sub so that she likes it, rather than the Dom abusing her and violating trust—the ultimate sin in the game of discipline. We're also going to cover some of the more "fringe" topics of BDSM, including health risks, extreme pain, unique psychological states and how you as a sub can protect

yourself. This will be of crucial interest to you as a sub or switch or Dom, since it's best to understand the logistics and motivations of both roles before you fully submit. You may also discover that as you take precautions and grow in knowledge, more extreme practices may appeal to you. At the very least, you will always know what a Dom means by some of these code words and what they

imply sexually or in punishment. It's always a good idea to stay informed and never take chances—never assume anything! Because in BDSM, assuming anything of your Dom can be a big mistake. To get truly healthy and pleasurable BDSM experience, these are the topics you surely don't want to miss! [Dom's Guide To Submissive Training](#) Living Plus Healthy Publishing

There are two foundational pillars of a BDSM relationship between a Dom and a sub: consent and trust. Everything else in the relationship - the fun, the love, the discipline, the eroticism, the tears and the journey - are all built on those standards. Both consent and trust require honest communication in order to thrive. The vast majority of that communication begins long before the

training begins. In "Dom's Guide to Submissive Training Vol. 2," I listed 25 things you must know about your new sub if you want to create a satisfying relationship with a devoted submissive. It's not enough to just ask "What do you like?" or "Would you like to be my sub?" You need to know things about your sub that are deeper, more practical and helpful. Without the knowledge of these 25

things, you may be able to create momentarily excitement but it will surly turn into a frustrating short-term relationship headed for drama, disaster and end. Following this guide allows your sub to communicate freely and provides a mechanism for her to reveal her true self - even if she doesn't have the words to do so. There are a million things subs want their Doms to

know. These questions will help your sub tell you.

This is one, if not the most, wonderful gift that humans were bestowed with. Just imagine the world without the gift of

sexual activity between opposite sexes? There could have been an absence of this pleasurable experience that everyone in the right age enjoys. While everyone seems to view sexual intercourse as a kind of activity that is supposed to be regarded with respect and conservatism, some people have gone out of their way and formed a new orientation about it. To

some, sexual activity is no longer an act of sacred human reproduction but a way of executing creativity and expression of unexplainable behaviors and attitudes. Specifically, this book focuses on BDSM. What does BDSM stand for? What does the whole term mean? Why is there such a thing as BDSM training? All these and more questions will be answered as you continue reading this

entire book. Createspace Independent Publishing Platform Submission can be described by a lot of words but "easy" isn't one of them. Discovering and honoring your desire to submit takes courage, strength and passion. Learning to follow the lead and rhythm set by another, and stretching your limits to accommodate training and service can challenge and exhaust you. The discipline

to hold your tongue, retrieve your paddle, or wait around endlessly while knot after knot is being tied as part of a bondage ritual drains your energy. Submission stretches, taxes, pushes, and exposes your body and soul to the whim and desire of another. Submissive women need support, care and nurture to continue on this journey in a healthy fashion. "Care and Nurture for the

Submissive" offers tips, understanding s, and pathways to tend the fragile and beautiful souls of submissive women. Self-care is not selfish; it is essential. Only when you are taking care of yourself as a healthy, whole being can you give that self to another with a full heart and free joy.
