Thomas Nelson

There's no doubt the world is in trouble. We see tragedy in the streets and violence in the news—but what can we do about it? And how can we find peace amid the chaos? We hear increasingly divisive political debates that spotlight the deep and bitter divisions in our society. We feel the pain and confusion of a culture that seems to be coming apart at the seams. It can be difficult to find a way forward, trusting that God will protect and care for us amid the struggles of life. In this updated edition of *Escape the Coming Night*, Dr. Jeremiah walks through the perfect Scriptures for these uncertain times,

exploring The Book of Revelation in a practical way. For those who have wanted to know more about Book of Revelation but didn't know how to get started, the book answers key questions like: How do we explain so much continuous chaos? How do we live with such turmoil? Is there any hope for peace in our lifetime? As one of the world's most beloved Bible teachers, Dr. David Jeremiah is the perfect voice to help answer these questions. This exploration of Revelation is shocking and eye-opening, but also consistently uplifting—and a vital message for our time. *Nonprofits as Policy Solutions to the Burden of Government*

Church Accounting
Accounting for
churches is not the
same as accounting for
businesses. A church
bookkeeper must be
aware of the special
tax codes that govern
the church's unique tax
standing. But it is often
hard for overworked or
volunteer
administrators to know
every aspect of tax
code that affects their
church's ability to
accept donations,
oversee a benevolence
fund, and offer a
compensation package
for their minister. Lisa

who brought you

Nonprofits, explains the specialized needs of church accounting in an easy-to-understand manner for church administrators and volunteers. A CPA with decades of experience working with businesses as well as churches and other nonprofits, Lisa explains complex concepts in a reader-friendly, engaging manner. She is joined by Vickey Boatright, an accountant who runs THE online site for all things church accounting, www.freechurchaccounting.com. Together, Lisa and Vickey guide you through every essential aspect of church accounting. Church Accounting: The How-To Guide for Small & Growing Churches is a must-have reference for all

the nuts and bolts of church accounting no matter what your accounting system. Lisa and Vickey help you set up accounting spreadsheets and explain the different types of accounting packages. If you are already using QuickBooks, it is also a perfect compliment to QuickBooks for Churches and Other Religious Organizations. Additionally, The Accountant Beside You will show you how to: calculate and file employee payroll without paying for an outside servicedesign and implement a compensation package for your minister, including a housing allowanceset up and administer a benevolence fundacknowledge

Contributors in municipal studies, law,

and philanthropic studies discuss property-tax exemption for charities and how public perception on property-owning charities differs from reality. They survey the legal and political landscape of property-tax exemption for nonprofit organizations, examine the development of the current structure of nonprofit property-tax exemption and its legal rationales, and assess mechanisms adopted by local municipalities to offset some of the revenue lost because of exempt properties. Material originated at the December 1997 26th Annual Conference of the Association for Research on Nonprofit Organizations and Voluntary Action.

"Scripture is the only
 document our church
 needs!" Have you ever
 thought that? Okay,
 fine. But I have a few
 questions for you. First,
 who exactly would you
 say Jesus is, and can I
 get baptized in your
 church if I, like, totally
 disagree with you on
 his divinity? Also, is it

okay for me to call myself a member of your church and-you know-never, ever attend?And-last question-who in your church, generally speaking, decides who the pastors are? I mean, does the church just kinda know? The Spirit tells them? Or, maybe, you personally speak for the Spirit!Yes, Scripture should be a church's sole authority. But the confessions, covenants, and constitutions of a church articulate what the members agree the Scripture teaches on what they should believe, how they should live, and how they should be governed.Church documents are a prosaic topic, to be sure. But they facilitate unity. They protect a

church from being governed by the passions of the moment. And they force a congregation and its leaders to be careful, deliberate, reflective, and, hopefully, biblical. Not bad, for a boring old administrator's job.To put it another way, church documents are kind. It is kind to tell people what you think up front. It is kind say what you will expect from them or how disagreements will be resolved.Imagine a husband and wife, a year into marriage, realizing they have dramatically different views about commitment and faithfulness because they never bothered with vows. "Ah, that's just paperwork!" Or, imagine your boss asking you to do one

thing when you thought your job was something else because you never had a job description. This is what church documents are for—letting everyone know what their job is, and what covenant faithfulness looks like. Believe it or not, we at 9Marks get questions about church documents perhaps as much as any other topic. And my guess is that a lot of our pastor-readers are not surprised. They know how crucial good documents are. For reasons like these, we offer this edition of the 9Marks Journal to help you think through different aspects of confessions, covenants, and constitutions, as well as a couple of other documents. If you have

follow up questions, try the 9Marks Mailbag, or just ask an older, wiser pastor! We pray this is useful.

What's new about this third edition of the long respected and often used Church Administration Handbook? In addition to time and technological-sensitive updates to the basic organizational details, editor Bruce Powers writes: "The needs of people and churches have continued to change, with questions now being raised about the quality of congregational life, nature of leadership, and responsibility for ministry among all believers . . . As we

have prepared this edition, we have sought to address five primary needs. 1. Leadership skills and administrative tools that can be adapted for use in a variety of contexts from traditional to contemporary, from rural to urban, and from uncultural to multicultural settings; 2. Spiritual formation that relates to all of life (from birth to death); 3. Mission consciousness (in community, regionally, nationally, and globally); 4. Ministry of all believers (particularly calling out and equipping vocational, bivocational, and lay ministers); and 5. Leadership competence (the ability to inspire, motivate, and equip

the saints for the work of ministry)."

This book addresses a specific subset of nonprofits that are chartered with a single mission: decrease the burden of government. Designing and engaging nonprofits to lessen the burden of government requires a specific description and acknowledgement of the burden to be lessened, and these may include the provision of infrastructure, the relief of debt, or the provision of general public services that are not motivated by charity. It also requires the assignment of specific operating powers to the nonprofit including the power of eminent domain. This book explores these and other related topics including the avoidance of resource dependence on

government when attempting to reduce its burden. The book is addressed to the policy makers and rule makers who design policies that affect the ability of the nonprofit to effectively lessen the burden of government. It is also addressed to public administrators in search of innovative ways of implementing these policies consistent with the laws, and to the creative nonprofit managers who are charged with carrying out the mission often in collaboration with the government or other entities. To the advanced student in all related fields, the author offers not only material for discussion, but enables discovery of what is possible by giving key examples of

organizations meeting the terms and objective of lessening a significant burden of government.

areas of Finance and Trustees; and ministry areas focused on nurture, outreach, and witness including Worship, Evangelism, Stewardship, Christian Education, age-level ministries, Communications, and more.

The Health Food Ministry

When a low-income person asks your church for help, what do you do next? God is extraordinarily generous, and our churches should be, too. Because poverty is complex, however, helping low-income people often requires going beyond meeting their material needs to holistically addressing the roots of their poverty. But on a practical level, how do you move forward in walking with someone

who approaches your church for financial help? From the authors of *When Helping Hurts* comes *Helping Without Hurting in Church Benevolence*, a guidebook for church staff, deacons, or volunteers who work with low-income people. Short and to the point, this tool provides foundational principles for poverty alleviation and then addresses practical matters, like: How to structure and focus your benevolence work How to respond to immediate needs while pursuing long-term solutions How to mobilize your church to walk with low-income people With practical stories, forms, and tools for churches to use, *Helping Without Hurting in Church Benevolence* is an all-

in-one guide for church leaders and laypeople who want to help the poor in ways that lead to lasting change.

Published in 1817, *The Doctrines and Discipline of the African Methodist Episcopal Church* was the first definitive guide to the history, beliefs, teachings, and practices of the African Methodist Episcopal Church. Beginning with a brief history, the book moves into a presentation of the "Articles of Religion," including the Trinity, the Word of God, Resurrection, the Holy Spirit, scripture,

original sin and free will, justification, works, the church, purgatory, the sacraments, baptism, the Lord's Supper, marriage, church ceremonies, and government.

Immediately following the articles is an extended four-part catechism that more fully explicates the meanings and implications of the doctrinal statements. A DOCSOUTH BOOK.
