LET'S GET PHYSICAL Sports Day comes to Shin Kanata High School! Himeno's centaur body offers both advantages and challenges, but Himeno is determined to succeed...even if it means wearing a boy's uniform! The other students show off their own abilities as well. Meanwhile, the Tutulitele Universal Alliance Central Committee takes up a petition from the Meameateles for political rights—a move that could dramatically transform this entire society.

The Witness of the Stars Centaur's Life

The town of Southborough used to be a major tourism destination, drawing folks from all over in the hopes they'd spot the famous Sasquatch, reportedly seen in the town many times over the years. But it's been ages since anyone's spotted the 'squatch, and tourism is starting to dry up. A tech company called Start-up.com (a start-up that helps people start their own start-ups) decides to begin buying up places all over town in order to build their techie headquarters, driving out all the local townspeople. Luckily, Southborough is also home to Louie O'Connor, firm believer in the

Sasquatch's existence and all-around, mega 'squatch fan. When Louie's dad's restaurant, Squatch Burger, starts to go under and fall prey to the techie start-up, Louie and her best friend Felix decide they'll do whatever it takes to save the town from losing all the people and places that make it special. In hopes that convincing people the Sasquatch is real and to drive back tourism, Louie and Felix plan an elaborate hoax in hopes of saving the town from the dot-com takeover. But when Felix starts talking about leaving their hometown for college in LA, Louie will have to face some tough questions about herself, her future career, and her place in her beloved hometown. Full of humor, heart, and hilarious high jinks, Martian Ghost Centaur offers a touching story about protecting the things you love and following your passion.

A Novel Simon and Schuster

Being a teenager is never easy...especially for a centaur Himeno is a sweet, shy girl, who, like many teens her age, struggles with the trials and tribulations of attending high school. The difference is she's a centaur; but she's not alone. In fact, all of her classmates are supernatural creatures, sporting either horns, wings, tails, halos, or some other unearthly body appendage. Yet despite their fantastical natures, Himeno and her best friends--the dragon-winged Nozomi, and Kyoko with her spiraled horns--are down to earth, fun-loving teenagers who grapple with issues of

life and love in a mostly normal daily school setting.

*Prayers to Broken Stones* Spectra

Himeno's world is full of all kinds of creatures, from angelfolk to dog people to centaurs like herself. But the various races don't always get along, as proven when a terrorist group takes over Shin Kanata High School! If Himeno and her classmates are to escape, they will have to put aside their differences and work together...

**Ogre, Ogre** Ember

A quest for the source of power threatened to doom the land of Xanth As a ruler of a country steeped in enchantment, King Trent was naturally curious about the source of its magic. It made sense to order Bink, the only one of his subjects immune to supernatural harm, to undertake a quest to discover the wellspring of Xanth's uniqueness. From the beginning, Bink and his companions, Chester the centaur and Crombie, the soldier transformed into a griffin, were harried by an unseen enemy determined to thwart them. Even the power of Good Magician Humfrey, together with Bink's protective talent, scarcely saved their lives. Then when Humfrey and Crombie turned against him, all seemed lost. But Bink's ingenuity and luck prevailed, and he reached his goal. The King's orders had been carried out . . . But the King had not expected Bink's next act—to

destroy utterly the magic of Xanth!

**The Centaur** Independently Published

Inspired by the culture of West Africa, a feminist fantasy debut traces the experiences of an intuitive girl who's invited to leave her discriminatory village to join the emperor's army of near-immortal women warriors.

Some years ago it was my privilege to enjoy the acquaintance of Miss Frances Rolleston, of Keswick, and to carry on a correspondence with her with respect to her work, Mazzaroth: or, the Constellations. She was the first to create an interest in this important subject. Since then Dr. Seiss, of Philadelphia, has endeavoured to popularize her work on the other side of the Atlantic; and brief references have been made to the subject in such books as Moses and Geology, by Dr. Kinns, and in Primeval Man; but it was felt, for many reasons, that it was desirable to make another effort to set forth, in a more complete form, the witness of the stars to prophetic truth, so necessary in these last days. To the late Miss Rolleston, however, belongs the honour of collecting a mass of information bearing on this subject; but, published as it was, chiefly in the form of notes, unarranged and unindexed, it was suited only for, but was most valuable to, the student. She it was who performed the drudgery of collecting the facts presented by Albumazer, the Arab astronomer to the Caliphs of Grenada, 850 a.d.; and the Tables drawn up by Ulugh Beigh, the Tartar prince and astronomer, about 1650 a.d., who gives the Arabian Astronomy as it had come down from the earliest times. Modern astronomers have preserved, and still have in common use, the ancient names of over a hundred of the principal stars which have been handed down; but now these names are used merely as a convenience, and without any reference to their significance. This work is an attempt to popularize this ancient information, and to use it in the interests of truth. For the ancient astronomical facts and the names, with their signification, I am, from the very nature of the case, indebted, of course, to all who have preserved, collected, and handed them down; but for their interpretation I am alone responsible. It is for the readers to judge how far my conclusions are borne out by the evidence; and how far the foundation of our hopes of coming glory are strengthened by the prophecies which have been written in the stars of heaven, as well as in the Scriptures of truth.

**Minutes Before Sunset** DelSheree Gladden

" Everybody's favorite frilly-aproned and curly-horned magical girl is back—"Magical Girl Pretty Horn"! Meanwhile, Hime's adoring young admirer Ayaka-chan returns, and is more pondered about the armpit feathers of dinosaur-folk. Then, Hime and Shino-chan are summoned into an alternate dimension! All this and more in volume nine of A Centaur's Life! "

In this wry novel of sentimental education and sexual pursuit, we follow Owen Mackenzie, a representative man of the author's generation, from cradle to grave, and from bed to bed. His life and relationships are shaped by three villages, warm-lit communities that keep the darkness at bay from within and without. In Willow, Pennsylvania, the young Owen is transfixed by his first glimpses of female beauty. In Middle Falls, Connecticut, he marries, becomes a first-wave computer programmer, and discovers the very grownup pleasures of serial adultery. Finally, married for a second time, he retires with his memories, illusions, and fantasies to the somewhat geriatric community of Haskells Crossing, Massachusetts. John Updike turns Owen's personal odyssey into a radiant, sensual fable of the seasons of a man's life—and of the getting of wisdom in America.

Winner of the 1974 National Book Award “A screaming comes across the sky. . .” A few months after the Germans’ secret V-2 rocket bombs begin falling on London, British Intelligence discovers that a map of the city pinpointing the sexual conquests of one Lieutenant Tyrone Slothrop, U.S. Army, corresponds identically to a map showing the V-2 impact sites. The implications of this discovery will launch Slothrop on an amazing journey across war-torn Europe, fleeing an international cabal of military-industrial superpowers, in search of the mysterious Rocket 00000, through a wildly comic extravaganza that has been hailed in *The New Republic* as “the most profound and accomplished American novel since the end of World War II.”

Centaur Redemption Bluefire

For a bored, young princess of Xanth, there's nothing more exciting than a Quest. Especially when all you do is sit around Castle Roogna. But when Ivy uses the Heaven Cent, it takes her not to the top of Mount Rushmost, where the winged monsters gather, not to the sea where the merfolk swim--but to Mundania, a world much like our own (that is, boring). It is here that she meets a young college student so dull that he doesn't even believe in magic, or princesses, or Xanth! Does he have a lot to learn. Man from Mundania, the thrilling climax to the trilogy started in *Vale of the Vole* and continued in *Heaven Cent*. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

But Mare Imbrium had her own problems. Ever since she had gained the half soul, the night mare had begun to mishandle her job of delivering bad dreams. Now the night Stallion dismissed her, exiling her to the day world with a message for King Trent: Beware the Horseman! She had no idea what that meant. But that was the way with prophetic warnings—nobody could understand them until it was too late. Then she met the Horseman. And she discovered that one who would right a night mare was a master of a bit and spur, and not a man to surrender her. For the night mare, it all began to be a horrible nightmare!

*Heartache & Hoofbeats* Centaur's Life

Astraea, Zephyr, Pegasus, and Tryn turn to an old enemy to save them from a desperate situation in this third book in a new series from bestselling Pegasus author Kate O'Hearn, who masterfully blends mystery and mythology together. Jake, Nesso, and Emily have been captured by the Mimics. Their friends are determined to rescue them before it's too late, though that's easier said than done. Driven from their home and facing a constant stream of new attacks, Astraea, Zephyr, Pegasus, and Tryn are struggling just to survive another day against Mimics who can kill with a touch and take the shape of any friend or family member. While Jupiter is focused on returning to Titus, Astraea knows their only shot is to take the fight to the Mimic home world and stop the Mimic queen herself. To do that, they'll need to even the odds of seven friends versus an entire planet. So they come up with a plan to capture the one thing more terrifying than their enemy—the giant snake Lergo. Seeking out the serpent that almost killed them seems like a terrible idea. But it will take more than one unlikely ally to save their friends—not to mention the universe—and defeat the Mimics for good.

*Centaur Teen & Young Adult Epic Fantasy with Centaurs* House of Stratus

When a Nymph rides a Night Mare, Ogre beware! Smash knew all about ogres. After all, despite his having a human mother, Smash was an ogre himself. So what was he doing here with seven assorted females looking to him to guide them and save them? Even in Xanth, where magic made anything possible, why should Tandy the Nymph trust him and seem fond of him? And how could all that high-flown conversation be coming out of his mouth? But that, it seemed, was what he got for going to Good Magician Humfrey for an Answer—before he even knew what the Question was!
