Combined Statement of Receipts, Expenditures and Balances of the United States Government Teach Yourself

The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

Is this the right book for me? A jargon-free guide for the small business owner or manager  
Small Business Accounting is a jargon-free joy for the small business owner or manager, providing practical examples of real businesses to show the reader, step by step, how to record each transaction. This book does not assume that you know anything at all about business records and accounts and gives a system for real businesses to be operated by real business people who want a simple, easy and, above all, quick system of book keeping. Forget about debits and credits, journal entries, ledgers and day books. If you can read a bank statement this book will teach you how to prepare accounts, make cashflow forecasts and prepare a budget. And when you do need to use an accountant, it tells you how best to find a reliable one. Small Business Accounting includes: Chapter 1: Introduction Chapter 2: Your bank account Chapter 3: A simple cashbook Chapter 4: Analysis columns Chapter 5: Payments - filing Chapter 6: Payments - cheque-book Chapter 7: Payments - cashbook Chapter 8: Non-allowable expenses Chapter 9: Purchase of equipment Chapter 10: Credit cards Chapter 11: Petty cash Chapter 12: Receipts - filing Chapter 13: Receipts - paying-in book Chapter 14: Receipts - cashbook Chapter 15: Capital introduced Chapter 16: End of month procedures Chapter 17: VAT Chapter 18: Wages Chapter 19: End of year totals Chapter 20:

Adjustments for payments Chapter 21: Adjustments to receipts Chapter 22: Transfer to tax return Chapter 23: Trial balance Chapter 24: Final accounts Chapter 25: Budgeting and cash-flow forecasting Chapter 26: Costing and pricing Chapter 27: Computerization

Closing the Books gives you a complete understanding of how information is summarized into the financial statements, as well as the closing steps needed to create financial statements. It shows how to fine-tune the closing process to achieve a shorter close, and describes the variety of financial statement formats that are available. It even addresses financial statement disclosures, the soft close, public company reporting, and the controls and record keeping needed for the closing process.
