This academically integrated text offers the first in-depth astrological/psychological guide to empower and transform one's life and perspective. All cross-disciplined and academic subjects that can be integrated into this philosophic

structure, are referenced and explained. This text is complete will all basic astrological signifiers delineated with new and expanded insight. A complete explanation of how we bring our early environment and beliefs into adulthood and create our reality and experiences, is explored and explained psychologically, metaphysically and pragmatically. This book blends many different philosophies and gives the message that using astrology can be a tool to self-understanding and transformation; that it is not a mysterious tool of divination but that it can be used to examine our existing beliefs, and that it is up to us what we do with that knowledge. The ideas in this book challenge the reader to look at the responsibility they have for their own

lives, and begin to teach how to do this using astrology. The individual interpretations of placements are basic. The author has delved to the core of the meanings of the archetypes from a psychological perspective. The results are dynamic, all-encompassing (yet specific to the placement) keys, with which to begin delineations. This is something that has been lacking in many other astrology books with more shallow definitions. There are several example delineations of charts which take the reader through the process of using this information in a complete chart, showing how the insight from the previous chapters can be used to "read" a chart. Definitely a work of text-book caliber, not a coffee-table book.

The Integrated Astrological Guide to Self-Empowerment - Volume 2: (The Integrated Guide Series) Weiser Books

A woman who struggles on the spiritual path needs validation, guidance, inspiration and practical advice. This handbook is to help her survive the transition of the past several centuries and come to her full empowerment. This is especially for she who needs to reprogram herself as the Warrior Priestess in what is still a mans world. It

is for the one who seeks to understand her place as the embodiment of the Divine Feminine Spirit because now it is time to uplift the wounded feminine consciousness to its rightful power, to transmute the negative results of ignorance and subjugation. This book is a call and a guide for the neophyte on the Path as well as for all the extraordinary women who are searching for a Friend in the dark, when they are feeling most damned and abandoned because of their Vision. It is for all the Spiritual Warrior/Priestesses who have forgotten some of the pitfalls, as well as the joys, of their Journey. This book will serve as an inspiration for those who have lost that Sight. In the playing field of womens spirituality, no one book or resource offers such a clear picture of

the magical destiny of the Woman of Tomorrow, especially for those with eclectic beliefs. THE WAY OF THE WARRIOR PRIESTESS addresses this need for self transformation by inspiring the reader with important quotations as well as the authors guidance, step by step direction, affirmations, useful astrological insights, as well as a section that asks questions that will push the reader into changing some tired perceptions. It is written to fire up the spirit of the sleeping Feminine Spirit in both women and men. It is a handbook and empowerment manual for the growing army of individuals born at this special time in Mother Earths history to help rebalance Her during certain changes. ...for all of those brave souls willing to go in an exciting new direction.

WHY THE READER SHOULD READ THIS BOOK This is not another book about the womens spirituality movement or about why women are goddesses. Rather it is a bridge between traditional magickal wisdom and the everyday challenges of the woman of the 90s. It is a call to transformation and will answer the intense desire for women of all ages and colors to heal their lives. It will give them permission and purpose to become what they really are: perfected beings. It will also bring on an almost-instant wakeup call for men. It embraces no particular theology, religion or mythology and is not a psychological treatise. It does not advocate any one path to take, nor is it anti anything except ignorance....It does come from a spacious metaphysical vision that many will relate to with a sigh

of relief. The average woman is still rather paralyzed and in partial ignorance of her power as a Magical Being...because she does not even have the voice or words to help herself. And most books on this subject are still either too academic or beyond the average womans experiences. This book will serve as a tool and a light to help her see herself. The Talking Stick section at the end of each chapter is to jumpstart some profound self questioning - as well as a handy starting point in teaching situations....ideal to teach self empowerment workshops all over the world. The extensive Resources section at the back of the book is to help locate the key material for the process. This book will be appropriate for several markets: Feminist, Goddess, Spiritual,

Metaphysical, Womens Self Help. It should be in metaphysical centers, universities, feminist study groups, and womens conferences and gatherings. It is for women ages 16-90 who seek inspiration and practical advice. It is for men who are trying to align with the female spirit, both in wom

The first in-depth analysis of how an individual's natal horoscope reveals the unique challenges and opportunities of midlife. Between the ages of thirty-seven and forty-one, something mysterious takes place within the psyche. Jung called this phase our "unlived life," assuming rightly that midlife did not inaugurate a time of rapid decay, loss of libido, and inevitable death—but rather ushered in a period in which one might

review one's life and build upon a strong foundation toward the next phase of adulthood. Acclaimed astrologer Erin Sullivan takes us through the vast changes that astrology reveals as we reach middle age. It is a moment in life that is characterized by the planet Uranus, one filled with opportunities to both rethink the past and move forward toward the future, "witnessing" our lives in the way Uranus connotes. There exist no maps of the terrain—except the natal horoscope.

The Integrated Astrological Guide continues with this second volume. This particular text deals with the encoding of information both astrologically and generally that interferes with and colors our critical thinking skills and ability for accurate foresight. Although myths are used to convey concepts, the running theme in all works is that neither astrology nor myths “cause” anything, and that each person’s reality is the result of free will effort and choices at every given moment. They do however; reflect engrained archetypal belief structures passed down over millennia. Those belief structures do affect reality.

Logical rules will be increased in this volume and fallacious thinking illuminated not only in traditional astrological principles, but in widely accepted social attitudes.

Astrology ascribes meaning to planetary events and assumes that the energy that moves the universe has a kind of inherent intelligence. The astrologer maintains that there is a natural

resonance between the evolving motion of the universe, and the development of the human soul. For the first time, Adrian Duncan shows how to empower clients and create transformation by harnessing horoscopes. Duncan has created an innovative manual that masterfully guides astrological practitioners and interpreters through every aspect of working with clients. Going beyond astrology simply as a diagnostic tool, *Astrology: Transformation & Empowerment* shows how to harness perception and sensory states to create positive change in one interpretive session! Part 1 - "Setting the Scene," explains how to read the client before reading their chart. Body language, mind reading, and the elements are touched upon. Part 2 - "The Major Players,"

depicts specific planetary combinations and what they entail in regard to emotional responses, relationships, and the future. Part 3 - "Transformation Methods," teaches ways to expand awareness of the problem at hand, reframe the reading, expand sensory skills, and discover new communications systems. Throughout, Duncan shares profiles and vignettes of clients that demonstrate his techniques.

In this inspiring guide to achieving happiness and wellness in life, work, and relationships, a “go-to life coach for those in the know” (InStyle) reveals how to use astrology as a roadmap to success. For thousands of years, people

have looked to the night sky for guidance. Yet these days it’s so easy to lose touch with the universe and the important direction it can provide. In *The Signs*, astrologer and life coach Carolyne Faulkner reveals how the ancient wisdom of the stars can empower you to get the most out of life. Faulkner’s method is not about nebulous predictions or fate. It’s about discovering the qualities, good and bad, associated with your natal chart—the position of the planets at the time of your birth—and using that knowledge to inform your decisions and relationships. Easy to use and designed as both an introduction for the cosmically curious and a deep dive for experienced spiritual seekers, this guide shows you how to interpret your chart, find balance, and reconnect with

yourself. Consult The Signs to learn what to do when: • You're an inflexible Taurus, resistant to change. (Create things. Even a home-cooked meal will heal you in wondrous ways.) • You live with an argumentative Aries. (Never fight fire with fire. Wait till your partner calms down to discuss your feelings.) • You have Capricorn influence. (Shed the need to conform. Structure is important, but it needs to be flexible enough to change as we grow.)
