### **DONNA WALLS**

*Business Ethics* World Scientific Publishing Company

*Business Ethics Through Movies: A Case Study Approach* examines a wide range of ethical dilemmas, principles and moral reasoning that arise in contemporary business through a series of popular films and real-world case studies. Engages readers in learning about ethical theory by using movies and both national and international case studies in business as the vehicle for analysis and reflection Facilitates comprehension of ethical issues by showing how characters in films confront issues, make choices, and face the consequences Draws from a variety of actual cases in *Business Ethics* ? from the 1982 Tylenol poisoning and the 1989 Exxon Valdez disaster to recent examples such as the Foster Farms salmonella outbreak and the chemical spill in West Virginia Reveals the important role that ethics plays in setting the moral foundation of a business or corporation Develops critical thinking skills through applying analytical checklists to ethical

dilemmas raised in films and in actual cases in *Business Ethics*

**Business Ethics: Ethical Decision Making and Cases** South-Western Pub

This accessible, applied text covers the complex environment in which managers confront ethical decision making. Using a managerial framework, the authors address the overall concepts, processes, and best practices associated with successful business ethics programs--helping students see how ethics can be integrated into key strategic business decisions. The Seventh Edition incorporates comprehensive and rigorous updates that reflect the ever-increasing academic and governmental attention being given to this area. The textbook program provides an abundance of real-world examples and cases, as well as exercises, simulations, and practice tests that provide plenty of opportunity for students to master the text material. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*Ethics in Marketing* Lexington Books

An innovative text that aims to deepen students' knowledge of business ethics through a multidisciplinary approach grounded in moral philosophy, management principles, business

history, and economics. The text aims to help students make ethical decisions, demonstrate integrity in the workplace, and advocate for moral business practices. It also features content on further trends and topics that will help students build a deeper understanding of business ethics: A section on Personal Integrity in the workplace, unpacks ethical dilemmas that face employees in the workplace including conflicts of interest, cheating, whistle blowing, and bribery. A section on Corporate Values and Responsibilities delves into ethical issues related to the financial industry, competition, safety, privacy, and intellectual property. A section on Global Capitalism examines the ethical issues related to culture, justice, the internet, and environmental issues around the world. All content is supported by 40 contemporary case studies that allow students to grapple with a wide range of moral issues and apply ethical frameworks to a variety of situations at real-world organizations, including GlaxoSmithKline (GSK) in China, Firestone in Liberia, and the Apple Encryption Controversy. The book is complemented by online resources for instructors and students, including: Test Bank, PowerPoint slides, an Instructor's Manual with extensive case notes, Exercises and Activities, Multimedia resources, Quizzes, Flashcards, and SAGE Journal Articles. Suitable reading for undergraduate students on Business Ethics courses.

### Case Studies in Business, Society, and Ethics Macmillan International Higher Education

Packed with real-life examples of business decisions gone awry, the 8th Edition of BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the common factors that push them over ethical lines they might not otherwise cross. A combination of short and long cases, readings, hypothetical situations, and current ethical dilemmas, BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS provides a stimulating and thorough basis for evaluating business ethics, and encourages stronger values in future business leaders. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

### Case Studies and Selected Readings Taylor & Francis

This open access book provides original, up-to-date case studies of "ethics dumping" that were largely facilitated by loopholes in the ethics governance of low and middle-income countries. It is instructive even to experienced researchers since it provides a voice to vulnerable populations from the fore mentioned countries. Ensuring the ethical conduct of North-South collaborations in research is a process fraught with difficulties. The background conditions under which such collaborations take place include extreme differentials in available income and power, as well as a past history of colonialism, while differences in culture can add a new layer of complications. In this context, up-to-date case studies of unethical conduct are essential for research ethics training.

### Engineering Ethics: Concepts and Cases Routledge

An important guide for senior management on structuring an organization to promote ethical behavior and enhance performance Designed for senior leaders of organizations—boards of directors; C-level executives; trustees; managing partners; government officials; and anyone tasked with a duty—Business Ethics: A Case Study Approach provides readers with an understanding of the human elements that drive ethical and unethical behavior and how to recognize indicators—both bad and good—of an organization's ethical make-up. Topics featured include: what drives individual decision making; how groups and environments influence decision making; the role of leadership; and much more.

### Business Ethics Through Movies Cengage Learning

This book comprises multiple finance and ethics case studies. The purpose of the book is twofold. First, the case studies teach readers how to evaluate and determine resolutions to ethical issues in finance. Second, the reader will enjoy a journey with the author, a woman, over her years working in finance, through the use of case studies. These studies focus on ethical issues in finance which the author encountered over nearly a 30-year career in the industry. There are 10 case studies extracted from different sectors of finance. This broad range is a consequence of the author's experience from almost all sides of the business: the buy side, the sell side, equity research in Asia, equity sales, mutual funds, hedge funds, the finance academy, and consulting. Each case study has an engaging narrative describing the background, transactions, players, and ethical issues. The ethical issue is analyzed and resolved using the appropriate theories of moral philosophy. Descriptions and analyses are rigorous yet comprehensible, approachable, and entertaining. Apart from ethics determinations, the material in the book covers and explains a variety of specific, and even complex, financial transactions. In every transaction there is an explanation of the roles of various players involved. In this way, readers will learn about the work of people in different positions in finance from investment bankers and equity traders to portfolio managers and equity analysts. Through these case studies, readers also will get an understanding of major financial transactions and activities such as IPOs, secondary offerings, equity trading, and equity valuations. The book will appeal to practitioners, college and high school students, and lecturers who can use it to supplement courses in finance or business ethics.

### Ethics for Behavior Analysts KTAV Publishing House, Inc.

Packed with real-life examples of business decisions gone awry, the book explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the common factors that push them over ethical lines they might not otherwise cross.

### International cases and perspectives Taylor & Francis

Providing a vibrant new four-color design, market-leading BUSINESS ETHICS: ETHICAL DECISION MAKING AND CASES, Eighth Edition, delivers an accessible, applied text that thoroughly covers the

complex environment in which managers confront ethical decision making. Using a proven managerial framework, the authors address the overall concepts, processes, and best practices associated with successful business ethics programs—helping students see how ethics can be integrated into key strategic business decisions. Thoroughly revised, the exciting new eighth edition incorporates comprehensive and rigorous updates that reflect the recent economic crisis and the ever-increasing academic and governmental attention being given to this area. It also includes nine all-new case studies, while all other cases have been completely updated. Packed with real-world examples, cases, exercises, simulations, and practice tests, BUSINESS ETHICS: ETHICAL DECISION MAKING AND CASES, Eighth Edition, gives students an abundance of opportunities to master text material through hands-on application. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

### Contemporary Issues and Cases Arden Shakespeare

Media Ethics: Cases and Moral Reasoning, Ninth Edition challenges students to think analytically about ethical situations in mass communication by using original case studies and commentaries about real-life media experiences. This market-leading text facilitates and enhances students' ethical awareness by providing a comprehensive introduction to the theoretical principles of ethical philosophies. Media Ethics introduces the Potter Box (which uses four dimensions of moral analysis: definitions, values, principles and loyalties) to provide a framework for exploring the important steps in moral reasoning and analyzing the cases that follow. Focusing on a wide spectrum of ethical issues facing media practitioners, the cases in this new Ninth Edition include the most recent issues in journalism, broadcasting, advertising, public relations and entertainment. *Case Studies in International Business Ethics* Business Expert Press

This highly effective text provides superior legal, ethical, and regulatory coverage while fully integrating practical business practices for tomorrow's business managers. Legal topics are explored and explained through real-world business examples (over 300 references to business are made in the text). In addition to a solid foundation in the law, students learn valuable legal and ethical reasoning skills through a variety of critical thinking exercises. Students receive -- and appreciate -- practical advice on when it is necessary to call a lawyer, how best to use legal aid services and how to avoid legal trouble in the first place. This text fulfills current curricular and AACSB accrediting standards.

### Business Ethics SAGE

The Business Ethics Workshop by James Brusseau focuses on reality and engagement. Students respond to examples and contemporary cases that touch on their own anxieties, desires and aspirations, and this textbook drives that without sacrificing intellectual gravity. It incites student interest and gets to the core of ethical issues.

### Case Studies in Jewish Business Ethics Springer

This collection of quality cases and essays on business ethics addresses some of the most pertinent ethical issues in today's business environment. It goes well beyond matters of fraud and public relations to consider standards of professionalism, corporate decision-making structure, the interface between ethical theory and economic practice, etc.; contains cases that deal not only with ethical failures, but with ethical successes.

### The Business Ethics Workshop Broadview Press

This book provides a basis for class discussion about the responsible conduct of social science research. These 16 brief research ethics cases describe situations in which ethical dilemmas arise and present the student with the opportunity to think through the different implications for researchers. The cases emphasize different types of ethical dilemmas involving faculty, students, participants, and stakeholders. Students can discuss what happened, why it was or was not unethical, and what should be the consequences for the actors. Included are the original cases complete with learning objectives, teaching notes, and questions for discussion.

### Cases in Business Ethics Springer Nature

This book provides students and practitioners with a comprehensive overview of the rules and principles associated with ethical advertising practices. With extensive research, and a variety of case studies, and expert opinions, it discusses why advertising ethics is important both to the consumer and the professional. The author presents the rules of ethical conduct recommended by the Institute for Advertising Ethics and demonstrates how these are applied in practice, examining why ethics is important; what the ethical dilemmas the industry faces are; and how to motivate better practices among professionals. The book uses real life stories of "native advertising,"

marketing to children, and diversity in advertising to show how professionals can be inspired to "do the right thing" for consumers and their companies. Readers will learn how they can solve ethical dilemmas to their personal satisfaction in the competitive work environment. This balanced perspective to the ethical issues that arise in the advertising industry is sure to resonate with students of advertising and marketing.

### Business Ethics Cengage Learning

Business Cases in Ethical Focus is a new collection of in-depth case studies from around the world, covering all major areas of business ethics. Cases address a broad range of topics such as the ethics of entrepreneurship and finance, the challenges that diversity raises for business, and whistleblowing. The cases are provocative yet complex, conveying the difficulty of moral dilemmas and the potential for reasonable disagreement.

### Maybe I Should... South-Western Pub

Behavior analysis, a rapidly growing profession, began with the use and application of conditioning and learning techniques to modify the behavior of children or adults presenting severe management problems, often because of developmental disabilities. Now behavior analysts work in a variety of settings, from clinics and schools to workplaces. Especially since their practice often involves aversive stimuli or punishment, they confront many special ethical challenges. Recently, the Behavior Analysis Certification Board codified a set of ten fundamental ethical guidelines to be followed by all behavior analysts and understood by all students and trainees seeking certification. This book shows readers how to follow the BACB guidelines in action. The authors first describe core ethical principles and then explain each guideline in detail, in easily comprehensible, everyday language. The text is richly illuminated by more than a hundred vivid case scenarios about which the authors pose, and later answer questions for readers. Useful appendices include the BACB Guidelines, an index to them, practice scenarios, and suggested further reading. Practitioners, instructors, supervisors, students, and trainees alike will welcome this invaluable new aid to professional development.

### Insights from International Case Studies South Western Educational Publishing

Understanding and appreciating the ethical dilemmas associated with business is an important dimension of marketing strategy. Increasingly, matters of corporate social responsibility are part of marketing's domain. Ethics in Marketing contains 20 cases that deal with a variety of ethical issues such as questionable selling practices, exploitative advertising, counterfeiting, product safety, apparent bribery and channel conflict that companies face across the world. A hallmark of this book is its international dimension along with high-profile case studies that represent situations in European, North American, Chinese, Indian and South American companies. Well known multinationals like Coca Cola, Facebook, VISA and Zara are featured. This second edition of Ethics in Marketing has been thoroughly updated and includes new international cases from globally recognized organizations on gift giving, sustainability, retail practices, multiculturalism, sweat shop labor and sports sponsorship. This unique case-book provides students with a global perspective on ethics in marketing and can be used in a free standing course on marketing ethics or marketing and society or it can be used as a supplement for other marketing classes.

### Case Studies on Ethics for Student Affairs Professionals Routledge

Resolving Moral Issues in Business. The ethical landscape of business is constantly changing, and the new edition of Business Ethics: Concepts and Cases has been revised to keep pace with those changes most effecting business: accelerating globalization, constant technological updates, proliferating of business scandals. Business Ethics: Concepts and Cases introduces the reader to the ethical concepts that are relevant to resolving moral issues in business; imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions; identifies moral issues specific to a business; provides an understanding of the social, technological, and natural environments within which moral issues in business arise; and supplies case studies of actual moral conflicts faced by businesses.

### Business Cases in Ethical Focus Pearson College Division

The fifth edition of Business Ethics addresses current, intriguing, often complex issues in corporate morality through 53 readings and 30 pertinent case studies. Now significantly updated, it includes new leading articles, related current cases, and mini-cases based on MBA student dilemmas. Addresses a broad range of the most current, intriguing, often complex issues and cases in corporate morality Provides impartial, point-counterpoint presentations of different perspectives on the most important and highly contended issues of business ethics Updated and significant case studies are included to reinforce student learning Now contains mini-cases based on actual MBA

student dilemmas Each author has substantial experience in teaching, writing, and conducting research in the field
