**Assessing Russian Activities and
Intentions in Recent Us Elections**
Teachers College Press
One of the most significant industrial
states in the country, with a powerful
radical tradition, Pennsylvania was, by the

early 1950s, the scene of some of the fiercest anti-Communist activism in the United States. Philip Jenkins examines the political and social impact of the Cold War across the state, tracing the Red Scare's reverberations in party politics, the labor movement, ethnic organizations, schools and universities, and religious organizations. Among Jenkins's most provocative findings is the revelation that, although their absolute numbers were not large, Communists were very well positioned in crucial Pennsylvania regions and constituencies, particularly in labor unions, the educational system, and major

ethnic organizations. Instead of focusing on Pennsylvania's right-wing politicians (the sort represented nationally by Senator Joseph McCarthy), Jenkins emphasizes the anti-Communist activities of liberal politicians, labor leaders, and ethnic community figures who were terrified of Communist encroachments on their respective power bases. He also stresses the deep roots of the state's militant anti-Communism, which can be traced back at least into the 1930s. *The Global Rivals* National Academies Press
This practical resource shows you how to

apply Sam Wineburg's highly acclaimed approach to teaching, "Reading Like a Historian," in your middle and high school classroom to increase academic literacy and spark students' curiosity. Chapters cover key moments in American history, beginning with exploration and colonization and ending with the Cuban Missile Crisis.

The American Yawp Perennial

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass*

The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the

common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past

informs the problems and opportunities that we confront today.

SALT II Agreement Simon and Schuster

This report includes an analytic assessment drafted and coordinated among The Central Intelligence Agency (CIA), The Federal Bureau of Investigation (FBI), and The National Security Agency (NSA), which draws on intelligence information collected and disseminated by those three agencies. It covers the motivation and scope of Moscow's intentions regarding US elections and Moscow's use of cyber tools and media campaigns to influence US public opinion. The assessment focuses on activities aimed at the 2016 US presidential election and draws on our understanding of previous Russian influence operations. When we use the term "we" it refers to an assessment by all three agencies. * This report is a declassified version of a highly classified assessment. This document's conclusions are identical to the highly classified assessment, but this document does not include the full supporting information, including specific intelligence on key elements of the influence campaign. Given the redactions, we made

minor edits purely for readability and flow. We did not make an assessment of the impact that Russian activities had on the outcome of the 2016 election. The US Intelligence Community is charged with monitoring and assessing the intentions, capabilities, and actions of foreign actors; it does not analyze US political processes or US public opinion. * New information continues to emerge, providing increased insight into Russian activities. * PHOTOS REMOVED

The Wise Men John Wiley & Sons

A comprehensive account of the 1973 Arab-Israeli war describes the military events of the conflict; the daily political actions of such principal characters as Anwar Sadat, Golda Meir, and Henry Kissinger; the high-stakes diplomatic maneuverings of the UN, the U.S., and the Soviet Union; and more. R

Is This Tomorrow Vintage

Drawing on his own diary as well as secret documents and transcripts of high-level meetings, Anatoly Chernyaev recounts the drama that swept the Soviet Union between 1985 and 1991. As Gorbachev's chief foreign policy aide for most of that period, he played a central role in efforts

to halt the arms race, discard a confrontational ideology, and open his country to the world. And as Gorbachev's confidant on many domestic issues as well, Chernyaev offers rare insights into the struggle over glasnost, the growth of separatism, and the rise of Boris Yeltsin. While admiring of perestroika's founder, Chernyaev is frank in faulting Gorbachev for his hesitancy in economic reforms, for his delay in decentralizing Union-republic ties, and above all for his misplaced faith in the reformability of the Communist Party. Altogether this book is essential reading for those interested in the Cold War's end, the USSR's collapse, and especially the role played by ideas, ambitions, and key personalities in these momentous events.

The Case against the Professional Managerial Class Oxford University Press

In August 1941 Churchill and Roosevelt met in a secluded bay off the coast of Newfoundland. It was the first of their wartime meetings and in many respects the most significant. The Atlantic Charter, its result, proclaimed the two leaders' vision of a new world order, a set of principles that would govern international

relations with the coming of peace. This remarkable collection of essays is the result of an international conference of American, British, and Canadian scholars held at Memorial University of Newfoundland that marked the 50th anniversary of the historic meeting. The essays discuss both the Charter's formulation and its long-term significance, and provide fascinating perspectives on the Second World War and its aftermath. Questions and Answers Palgrave Macmillan

"Herblock's History" is an article written by Harry L. Katz that was originally published in the October 2000 issue of "The Library of Congress Information Bulletin." The U.S. Library of Congress, based in Washington, D.C., presents the article online. Katz provides a biographical sketch of the American political cartoonist and journalist Herbert Block (1909-2001), who was known as Herblock. Block worked as a cartoonist for "The Washington Post" for more than 50 years, and his cartoons were syndicated throughout the United States. Katz highlights an exhibition of Block's cartoons, that was on display at the U.S. Library of Congress from October 2000.

Images of selected cartoons by Block are available online.

Document-Based Assessment Activities for Global History Classes Macmillan

Examines the major aspects of the relationship and rivalry between the U.S. and the Soviet Union

From Colony to Superpower ASCD

Presents a multifaceted model of understanding, which is based on the premise that people can demonstrate understanding in a variety of ways.

Revelations from the Russian Archives

Document-Based Assessment Activities for Global History Classes

The book examines the origins, development and contemporary significance of the Soviet doctrine of 'limited sovereignty' ('Brezhnev Doctrine'), with particular reference to the Doctrine's implications for the Soviet Union's relations with Eastern Europe. The author identifies and considers the multiple functions served by the Soviet Union's essentially dualistic or 'bi-axial' approach to sovereignty, which embraces notions derived from both general international law and from Soviet Marxist-Leninist doctrine. The book also includes a

comparative analysis of the US 'Monroe Doctrine'. The author argues that, although in the Gorbachev era of 'new thinking', the Soviet doctrine of sovereignty may be developing a 'third axis', Western predictions of the imminent or actual demise of the 'Brezhnev Doctrine' are premature.

U.S. Foreign Relations since 1776 Walch Publishing

The Cold War and decolonization transformed the twentieth century world. This volume brings together an international line-up of experts to explore how these transformations took place and expand on some of the latest threads of analysis to help inform our understanding of the links between the two phenomena. The book begins by exploring ideas of modernity, development, and economics as Cold War and postcolonial projects and goes on to look at the era's intellectual history and investigate how emerging forms of identity fought for supremacy. Finally, the contributors question ideas of sovereignty and state control that move beyond traditional Cold War narratives. Decolonization and the Cold War emphasizes new approaches by drawing

on various methodologies, regions, themes, and interdisciplinary work, to shed new light on two topics that are increasingly important to historians of the twentieth century.

The European Union Walch Education

In *Reagan and Gorbachev*, Jack F. Matlock, Jr., gives an eyewitness account of how the Cold War ended, with humankind declared the winner. As Reagan's principal adviser on Soviet and European affairs, and later as the U.S. ambassador to the U.S.S.R., Matlock lived history: He was the point person for Reagan's evolving policy of conciliation toward the Soviet Union. Working from his own papers, recent interviews with major figures, and archival sources both here and abroad, Matlock offers an insider's perspective on a diplomatic campaign far more sophisticated than previously thought, led by two men of surpassing vision. Matlock details how, from the start of his term, Reagan privately pursued improved U.S.—U.S.S.R. relations, while rebuilding

America's military and fighting will in order to confront the Soviet Union while providing bargaining chips. When Gorbachev assumed leadership, however, Reagan and his advisers found a potential partner in the enterprise of peace. At first the two leaders sparred, agreeing on little. Gradually a form of trust emerged, with Gorbachev taking politically risky steps that bore long-term benefits, like the agreement to abolish intermediate-range nuclear missiles and the agreement to abolish intermediate-range nuclear missiles and the U.S.S.R.'s significant unilateral troop reductions in 1988. Through his recollections and unparalleled access to the best and latest sources, Matlock describes Reagan's and Gorbachev's initial views of each other. We learn how the two prepared for their meetings; we discover that Reagan occasionally wrote to Gorbachev in his own hand, both to personalize the correspondence and to prevent nit-picking by hard-liners in his administration. We also see how the two men were pushed closer together by the unlikely characters (Senator Ted Kennedy and François Mitterrand among them) and by

the two leaders' remarkable foreign ministers, George Shultz and Eduard Shevardnadze. The end of the Cold War is a key event in modern history, one that demanded bold individuals and decisive action. Both epic and intimate, Reagan and Gorbachev will be the standard reference, a work that is critical to our understanding of the present and the past.

Psychology of Intelligence Analysis

Simon and Schuster

Praised by instructors and students alike for its readability and attention to everyday life, the thirteenth edition of *A History of Western Society* includes a greater variety of tools to engage today's students and save instructors time. This edition features an enhanced primary source program, a question-driven narrative, five chapters devoted to the lives of ordinary people that make the past real and relevant, and the best and latest scholarship throughout. Available for free when packaged with the print book, the popular digital assignment options for this text bring skill building and assessment to a highly effective level. The active learning options come in LaunchPad, which combines an accessible e-book with

LearningCurve, an adaptive and automatically graded learning tool that--when assigned--helps ensure students read the book; the complete companion reader with quizzes on each source; and many other study and assessment tools. For instructors who want the easiest and most affordable way to ensure students come to class prepared, Achieve Read & Practice pairs LearningCurve adaptive quizzing and our mobile, accessible Value Edition e-book, in one easy-to-use product.

[Khrushchev: The Man and His Era](#) W. W.

Norton & Company

Covers all significant eras of global history. Encourages students to analyze evidence, documents, and other data to make informed decisions. Develops essential writing skills.

The Soviet Concept of 'Limited Sovereignty' from Lenin to Gorbachev

Oxford University Press

The European Union (EU) is a political and economic partnership that represents a unique form of cooperation among sovereign countries. The EU is the latest stage in a process of integration begun after World War II, initially by six Western European countries, to foster

interdependence and make another war in Europe unthinkable. The EU currently consists of 27 member states, including most of the countries of Central and Eastern Europe, and has helped to promote peace, stability, and economic prosperity throughout the European continent. This report serves as a primer on the EU. It also discusses U.S.-EU relations

Greenwood Publishing Group

Enhances the world history curriculum through analysis of primary and secondary sources. Features 23 new and revised document-based questions covering

significant eras. Teacher support includes scoring rubric and tips for implementation. *My Six Years with Gorbachev* Houghton Mifflin College Division

A denunciation of the credentialed elite class that serves capitalism while insisting on its own progressive heroism Professional Managerial Class (PMC) elite workers labor in a world of performative identity and virtue signaling, publicizing an ability to do ordinary things in fundamentally superior ways. Author Catherine Liu shows how the PMC stands in the way of social justice and economic redistribution by promoting meritocracy, philanthropy, and other self-serving

operations to abet an individualist path to a better world. *Virtue Hoarders* is an unapologetically polemical call to reject making a virtue out of taste and consumption habits. *Forerunners: Ideas First* is a thought-in-process series of breakthrough digital publications. Written between fresh ideas and finished books, *Forerunners* draws on scholarly work initiated in notable blogs, social media, conference plenaries, journal articles, and the synergy of academic exchange. This is gray literature publishing: where intense thinking, change, and speculation take place in scholarship.
