Milady Standard Cosmetology 2012 Milady Publishing Company

Milady has evolved for over 85 years to become what it is today, the cornerstone of beauty and wellness education. We are very excited and proud to announce the latest edition of Milady Standard Cosmetology, the most commonly used resource in cosmetology education. For decades since our first textbook published, it has been our commitment to provide students with the foundation in the principles and skills needed to master the science and art of cosmetology, and with this latest version that commitment has not waivered. For the new edition, celebrity stylist Ted Gibson served as Creative Director on the project. The result is a brilliant new design with over 750 new photos and a gorgeous layout, providing a visually stunning resource to engage today's learner. We also recruited a team of twelve authors, made up of top professionals and educators in the industry, to provide the most current information on concepts and techniques. During our extensive peer review and development process, we were asked for a resource that placed emphasis on essential content needed for licensure success, and we feel confident that we delivered. Milady Standard Cosmetology will continue to be a source of education that students can count on, not only while in school, but throughout their careers. Milady's Standard Textbook of Cosmetology has led the way in cosmetology education for more than 64 years by changing to meet the evolving needs of students and the market. With this new edition, the changes are dramatic. The fresh new text layout, completely new and reorganized chapters, and all new photography and illustrations provide the open, easy-to-follow format that students need with the reliability that is the hallmark of Milady. By changing to meet the needs of today's students and educators, the Standard remains the number-one choice for cosmetology programs throughout the United States, Canada, and the world. The new Standard is organized into six parts containing 26 chapters, each written by an industry expert in the field, creating an immediate connection to the professional world. New chapters and content were decided upon after extensive research in the form of 600 surveys, two focus groups, and 36 in-depth reviews. With that as a starting point, Milady recruited 20 of the top experts in the field to contribute to the text, followed by a reworking of their material by a professional writer to ensure a uniform reading level throughout. Another three dozen reviewers were enlisted to evaluate the material, ensuring the accuracy and comprehensiveness of the content. The result is the most reliable cosmetology textbook available, one that covers all essential information in a contemporary, easy-to-use manner.
