**The Desire  
of Ages** New  
York Review of  
Books  
The specter of  
the marauding  
serial killer

has become a  
relatively  
common  
feature on the  
American  
landscape.  
Reactions to  
these modern-  
day monsters  
range from  
revulsion to  
morbid  
fascination--

fascination  
that is either  
fed by, or a  
product of, the  
saturation  
coverage  
provided by  
print and  
broadcast  
media, along  
with a  
dizzying array  
of books,

documentary films, websites, and "Movies of the Week". The prevalence in Western culture of images of serial killers (and mass murderers) has created in the public mind a consensus view of what a serial killer is. Most people are aware, to some degree, of the classic serial killer 'profile.' But what if there is a much different 'profile'--one that has not received much media attention? In

Programmed to Kill, acclaimed and always controversial author David McGowan takes a fresh look at the lives of many of America's most notorious accused murderers, focusing on the largely hidden patterns that suggest that there may be more to the average serial killer story than meets the eye. Think you know everything there is to know about serial killers? Or is it

possible that sometimes what everyone 'knows' to be true isn't really true at all?

Taylor & Francis  
Crafted with rare wit and humour, the poems in this book deal with a diverse range of themes such as political opportunism and sycophancy, war, the baffling paradox of god, the enchanting richness and beauty of

nature, and the fascinating yet sadly agonising and intractable nature of love. Spanning decades of experience and deep reflection by a veteran poet, this collection offers fresh and enriching insights into subjects that are of interest and concern to us all.

*Memoirs of a Revolutionary*  
Oxford University Press  
First performed in 1610, *The Alchemist* is one of Ben Jonson's

greatest comedies. Written for the King's Men—the acting company to which Shakespeare belonged—it was first performed in Oxford because the playhouses in London were closed due to the plague. It was an immediate success and has remained a popular staple ever since. The play centers around a con man, his female accomplice, and a roguish butler who

uses his master's house to gull a series of victims out of their money and goods. Jonson uses the play to satirize as many people as he can—pompous lords, greedy commoners, and self-righteous Anabaptists alike—as his three con artists proceed to bilk everyone who comes to their door. They don multiple roles and weave elaborate tales to exploit their victims' greed

and amass a small fortune. But it all comes to a sudden, raucous end when the master unexpectedly returns to London and all the victims gather to try and reclaim their property. *The Uncommon Reader* East African Publishers All Alan Dundas wanted, when he started digging into the ancient clay river bed on his land, was a watering hole for his stock. In 1900s

Australia, the land without a history, the last thing he expected to find was a dome of golden metal beneath his land. Or a series of traps barring his entrance, each deadlier than the last, which drove him in single-minded determination to get to the bottom of the mystery, heedless of what he might find, or what threats he might bring to life out of the silence of the past. This book likens writers' incessant focus on racism, negative ethnicity, patriarchy and social stratification in societies to a naïve physician who prescribes analgesics to treat symptoms while the underlying cause of the disease seethes in the blood. In the same way, persons who consistently blame their reckless conduct and shabbiness miss the point

if they do not transform the actual cause of the problem: the mind. While most literary scholars problematise gender disparities, racial and political othering, oppression, environment degradation, education matters, poor parenting and governance, they tend to disregard the root cause: modernism. This book finds a gap in this grey area to address the authentic cause of the symptoms

that most literary writers and scholars treat. Pertinent modernist tenets such as bureaucracy, the nation state, systematisation and rationality, and dualism are at the heart of racism, corruption and other aforementioned symptoms. It is the contention of this study that postmodernism offers a comprehensive understanding of modernism to mitigate its effects on

society.

East African Publishers Critics hailed previous editions of Visionary Film as the most complete work written on the exciting, often puzzling, and always controversial genre of American avant-garde film. This book has remained the standard text on American avant-garde film since the publication of its first edition in 1974. Now P. Adams Sitney has once again

revised and updated this classic work, restoring a chapter on the films of Gregory J. Markopoulos and bringing his discussion of the principal genres and major filmmakers up to the year 2000.

Plum Bun CUP Archive  
An all-new, official prequel novel to The Battle for Azeroth, Blizzard Entertainment's next expansion to the critically acclaimed World of Warcraft. In

Before the Storm, Anduin Wrynn, king of Stormwind, and Sylvanas Windrunner, warchief of the Horde, are new to their positions of power, both ascending before they were truly prepared. As the Alliance and the Horde struggle to recover from the devastating war with the demonic Burning Legion, a terrible discovery will test both leaders, threatening to reignite the bitter enmity

between their factions and shake the very foundations of the world of Azeroth.

Reflecting current practices in the teaching of writing, the exercises in this compilation were drawn from the journal "Exercise Exchange." The articles are arranged into six sections: sources for writing; prewriting;

modes for writing; writing and reading; language, mechanics, and style; and revising, responding, and evaluating. Among the topics covered in the more than 75 exercises are the following: (1) using the Tarot in the composition class; (2) writing for a real audience; (3) writing and career development; (4) teaching the thesis statement through description; (5) sense

exploration and descriptive writing; (6) composition and adult students; (7) free writing; (8) in-class essays; (9) moving from prewriting into composing; (10) writing as thinking; (11) values clarification through writing; (12) persuasive writing; (13) the relationship of subject, writer, and audience; (14) business writing; (15) teaching the research paper; (16) writing in the

content areas; (17) writing from literature; (18) responding to literature via inquiry; (19) precision in language usage; (20) grammar instruction; (21) topic sentences; (22) generating paragraphs; (23) writing style; (24) peer evaluation; and (25) writing-course final examinations. (FL) The Burdens Chronicle Books Based on a people-tested and time-

tested system, this book gives readers detailed strategies to show them how to master their money by budgeting effectively, reducing debt, and investing wisely. It examines the reasons why people struggle with spending, borrowing, and saving, and how to get these habits under control.

Serge is one of the great men of the 20th century—and one of its great writers too. He was an anarchist, an agitator, a revolutionary, an exile, a historian of his times, as well as a brilliant novelist, and in *Memoirs of a Revolutionary* he devotes all his passion and genius to describing this extraordinary—and exemplary—career. Serge tells of his upbringing among exiles and conspirators,

of his involvement with the notorious Bonnot Gang and his years in prison, of his role in the Russian Revolution, and of the Revolution's collapse into despotism and terror.

Expelled from the Soviet Union, Serge went to Paris, where he evaded the KGB and the Nazis before fleeing to Mexico.

*Memoirs of a Revolutionary* recounts a thrilling life on the front lines of history and includes vivid

portraits not only of Trotsky, Lenin, and Stalin but of countless other figures who struggled to remake the world. Peter Sedgwick's fine translation of *Memoirs of a Revolutionary* was abridged when first published in 1963. This is the first edition in English to present the entirety of Serge's book. Black Mamba East African Publishers Bengt Sundkler's long-awaited book on African

Christian churches will become the standard reference for the subject. Ebrahim Hussein Bytes 4 the Heart The play is about Wamala, a simple teacher whose job was 'thumbing pieces of chalk', who on the eve of independence, miraculously finds himself as a minister with all the associated luxuries befitting the office. *Echoes of Silence* East African Publishers

Ebrahim Hussein is the best known Swahili playwright, and Tanzania's most complex literary personality. Known first and foremost as a dramatist, he is also a theorist whose dissertation on the theatre in Tanzania remains the standard reference work. His plays are a corpus of theatrical material with great significance to an understanding of Tanzania's

<p>political and social development in relation to the Swahili/Islamic coastal culture, of which he is a part. Alain Ricard is Research Professor of the CRNS of the African Studies Centre of the University of Bordeaux. In this sympathetic study of the man and the author, he corrects the neglect, by those writing in French and English, of the study of Tanzanian literature in</p>	<p>general, and Hussein's work in particular. <u><a href="#">A History of the Church in Africa</a></u> African Books Collective "A true classic of world literature . . . A masterpiece that has inspired generations of writers in Nigeria, across Africa, and around the world." —Barack Obama "African literature is incomplete and unthinkable without the works of Chinua Achebe."</p>	<p>—Toni Morrison Nominated as one of America's best-loved novels by PBS's The Great American Read Things Fall Apart is the first of three novels in Chinua Achebe's critically acclaimed African Trilogy. experiences of Okonkwo, a wealthy and fearless Igbo warrior of Umuofia in the late 1800s, Things Fall Apart explores one man's futile resistance to the devaluing of his Igbo traditions by British political and religious forces and his despair as his community capitulates to the powerful new order. With more than 20 million copies sold and translated into fifty-seven languages, Things Fall Apart provides

one of the most illuminating and permanent monuments to African experience. Achebe does not only capture life in a pre-colonial African village, he conveys the tragedy of the loss of that world while broadening our understanding of our contemporary realities. *Out of the Silence Annotated* East African Publishers What if you could live again and

again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on

towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original: this is Kate Atkinson at her absolute best.

From one of

England's most celebrated writers, a funny and superbly observed novella about the Queen of England and the subversive power of reading When her corgis stray into a mobile library parked near Buckingham Palace, the Queen feels duty-bound to borrow a book. Discovering the joy of reading widely (from J. R. Ackerley, Jean Genet, and Ivy Compton-Burnett to the classics) and

intelligently, she finds that her view of the world changes dramatically. Abetted in her newfound obsession by Norman, a young man from the royal kitchens, the Queen comes to question the prescribed order of the world and loses patience with the routines of her role as monarch. Her new passion for reading initially alarms the palace staff and soon leads to surprising and very funny consequences

for the country at large. With the poignant and mischievous wit of The History Boys, England's best loved author Alan Bennett revels in the power of literature to change even the most uncommon reader's life. *Things Fall Apart* Farrar, Straus and Giroux Los Angeles high school students look at photographs of the ruin and destruction of human life and property caused by the Germans

during WW II. A docent of the Martyrs Memorial of the Jewish Federation Council recounts for them how the Nazis separated Jews and then sent them to death. It is important, she tells them, to learn how to live with persons of diverse cultures and beliefs so that such mass extermination may never happen again. **Mission to Kala** The Feminist Press at CUNY This book is the first major

study in several decades to consider Uganda as a nation, from its precolonial roots to the present day. Here, Richard J. Reid examines the political, economic, and social history of Uganda, providing a unique and wide-ranging examination of its turbulent and dynamic past for all those studying Uganda's place in African history and African politics. Reid identifies and examines key points of

rupture and transition in Uganda's history, emphasising dramatic political and social change in the precolonial era, especially during the nineteenth century, and he also examines the continuing repercussions of these developments in the colonial and postcolonial periods. By considering the ways in which historical culture and consciousness has been ever present - in

political discourse, art and literature, and social relationships - Reid defines the true extent of Uganda's viable national history. *Postmodern Reading of Contemporary East African Fiction* Veritas Press  
In this quietly powerful and eminently readable novel, winner of the prestigious Sinclair Prize, Kenyan writer Marjorie Macgoye deftly interweaves the story of one young

woman's tumultuous coming of age with the history of a nation emerging from colonialism. At the age of sixteen, Paulina leaves her small village in western Kenya to join her new husband, Martin, in the bustling city of Nairobi. It is 1956, and Kenya is in the final days of the "Emergency," as the British seek to suppress violent anti-colonial revolts. But Paulina knows

little about, about city life, or about marriage, and Martin's clumsy attempts to control her soon lead to a relationship filled with silences, misunderstandings, and unfulfilled expectations. Soon Paulina's inability to bear a child effectively banishes her from the confines of traditional women's roles. As her country at last moves toward independence, Paulina manages to achieve a kind

of independence as well: She accepts a job that will require her to live separately from her husband, and she has an affair that leads to the birth of her first child. But Paulina's hard-won contentment will be shattered when Kenya's turbulent history intrudes into her private life, bringing with it tragedy—and a new test of her quiet courage and determination. Paulina's

patient struggles for survival and identity are revealed through Marjorie Macgoye's keen and sensitive vision—a vision which extends to embrace the whole of a nation and a people likewise struggling to find their way. As the Weekly Standard of Kenya notes, "Coming to Birth is a radical novel in firmly asserting our common humanity." Building the Nation and
