Designed to prepare
future educators for
practice, Science for
Children challenges
students and offers
practical classroom-
based strategies for
their science teaching
careers. It presents a
wealth of science

content across the
birth-to-12-years
continuum,
demonstrating how
science can come alive
in the classroom.
The Naked Emperor
Bloomsbury Publishing
There is a paradox in
American Christianity.
According to Gallup,
nearly eight in ten
Americans regard the
Bible as either the
literal word of God or
inspired by God. At the
same time, surveys

have revealed gaps in these same Americans' biblical literacy. These discrepancies reveal the complex relationship between American Christians and Holy Writ, a subject that is widely acknowledged but rarely investigated. The Bible in American Life is a sustained, collaborative reflection on the ways Americans use the Bible in their personal lives. It also considers how other influences, including religious communities and the Internet, shape individuals' comprehension of scripture. Employing both quantitative methods (the General Social Survey and the National Congregations Study) and qualitative research (historical studies for context), The Bible in American

Life provides an unprecedented perspective on the Bible's role outside of worship, in the lived religion of a broad cross-section of Americans both now and in the past. The Bible has been central to Christian practice, and has functioned as a cultural touchstone. From the broadest scale imaginable, national survey data about all Americans, down to the smallest details, such as the portrayal of Noah and his ark in children's Bibles, this book offers insight and illumination from scholars across the intellectual spectrum. It will be useful and informative for scholars seeking to understand changes in American Christianity as well as clergy seeking more effective

ways to preach and teach about scripture in a changing environment.

The Khoekhoen

Penguin Random

House South Africa

Lady Anne: A Chronicle in Verse by Antjie Krog is the first English translation of an award winning book published in Afrikaans in 1989. It engages critically and creatively with a key moment of colonial history—the time Lady Anne Barnard spent at the Cape of Good Hope, from 1797 to 1802. Usually mentioned merely as a witty hostess of fabulous parties, Anne Lindsay Barnard, the daughter of a Scottish Earl and the wife of a colonial administrator, was an independent thinker and a painter and writer of genius. She left diaries,

correspondence and watercolors documenting her experiences in this exotic land, the contact zone of colonizers and indigenous peoples. Antjie Krog acts as bard and chronicles an epic about this remarkable heroine's life in South Africa, and intertwines it with life two hundred years later in the same country but now in the throes of anti-apartheid anger and vicious states of emergency. Krog's powerful and eloquent bringing together of the past and the present, and the historical and the poetic embodies an experience that is as pertinent and compelling today in a democratic but still turbulent South Africa, as it is in the USA and other places where the

intersections of race, identity, power, and language lie at the center of civic life.

A New York Times bestseller, *Essentially Charli: The Ultimate Guide to Keeping It Real* is the official guide from TikTok Superstar Charli D'Amelio. "By the 16-year-old herself . . . all about social media, influencers, and body image."

—Cosmopolitan

Everyone knows Charli D'Amelio as the only TikTok personality to have—at age 16—surpassed 100 million followers. But who's the girl behind the posts? For the first time ever, Charli is ready to share the intimate details of her life: How she navigated challenges and stayed

positive in the face of cyberbullying Who she was as a little girl What family means to her How to navigate your social media presence and IRL friendships in order to develop a strong and confident identity Family and relationships Giving back And much more! Dancing, Halloween costumes, her sister Dixie, books and reading, everything that Charli loves is here. And you'll love her more as you read about her, her childhood, and her rise as a social media superstar. Charli writes, "I practically lived at the dance studio as a kid, but I did it because it was fun. I only recently set up my first private studio at home. I didn't have much of a social life early on, because if

anyone asked me to do anything other than dance, I'd be like . . . no thanks." Whether it's about dancing or her friends or family, you'll find what Charli has to write as fun and smart as Charli!

Packed with Charli trivia, exclusive photos, real talk from Charli, and writing prompts, this book is your go-to resource for all things Charli and is the only official book by your favorite teen role model and icon: Charli D'Amelio.

Science for Children
Bucknell University Press

How did Jews understand sacred writing before the concepts of "Bible" and "book" emerged? The Literary Imagination in Jewish Antiquity challenges anachronistic

categories to reveal new aspects of how ancient Jews imagined written revelation—a wildly varied collection stretching back to the dawn of time, with new discoveries always around the corner.

An African Elegy
Cambridge University Press

This best-selling textbook provides an

engaging and user-friendly introduction to the study of language. Assuming no prior knowledge in the subject, Yule presents information in short, bite-sized sections, introducing the major concepts in language study – from how children learn language to why men and women speak differently, through all the key elements of language. This fourth edition has been revised and updated with twenty new sections, covering new accounts of language origins, the key properties of language, text messaging, kinship terms and more than twenty new word etymologies. To increase student engagement with the text, Yule has also included more than

fifty new tasks, including thirty involving data analysis, enabling students to apply what they have learned. The online study guide offers students further resources when working on the tasks, while encouraging lively and proactive learning. This is the most fundamental and easy-to-use introduction to the study of language.

A New Laager for a New South Africa

National Library of South Africa
In this collection, scholars from diverse geographical locations revisit a cluster of five biblical texts: Ruth, Song of Songs, Qoheleth (Ecclesiastes), Lamentations and Esther. The volume presents various

viewpoints and contexts-geographical, communal, religious, social, economical and ethical. Matching scholarship with social awareness, the contributors keep asking themselves and their readers a dual-faced question: how does our life context influence our scholarly and non-scholarly readings of the Bible, and how does reading the Bible critically influence our life? To answer this question and to show it at work the contributors employ a range of contextual lenses. Geography is a major factor of the contributors' contexts - with contributors from South Africa, Argentina, Israel, the Pacific Islands - but not the only one to influence their

readings. Issues of society, culture and community are at the foreground for all contributors and their reading agendas with specific focus on the AIDs crisis in Africa, issues of migration and asylum, and feminist approaches to biblical texts.

A Composer in Africa

The Literary Imagination in Jewish Antiquity

Oxford University Press
During the final years of the apartheid era and the subsequent transition to democracy, South African literary writing caught the world's attention as never before. Writers responded to the changing political situation and its daily

impact on the country's inhabitants with works that recorded or satirised state-enforced racism, explored the possibilities of resistance and rebuilding, and creatively addressed the vexed question of literature's relation to politics and ethics. *Writing South Africa* offers a window on the literary activity of this extraordinary period that conveys its range (going well beyond a handful of world-renowned names) and its significance for anyone interested in the impact of decolonisation and democratisation on the cultural sphere. It brings together for the first time discussions by some of the most distinguished South African novelists,

poets, and dramatists, with those of leading commentators based in South Africa, Britain and North America.

Essentially Charli

Oxford University Press Set in nineteenth-century rural Africa, *Fiela's Child* tells the gripping story of Fiela Komoetie and a white, three-year old child, Benjamin, whom she finds crying on her doorstep. For nine years Fiela raises Benjamin as one of her own children. But when census takers discover Benjamin, they send him to an illiterate white family of woodcutters who claim him as their son. What follows is Benjamin's search for his identity and the fundamental changes affecting the white and black families who claim him. "Everything a novel

can be: convincing, thought-provoking, upsetting, unforgettable, and timeless."—Grace Ingoldby, *New Statesman* "Fiela's Child is a parade that broadens and humanizes our understanding of the conflicts still affecting South Africa today."—Francis Levy, *New York Times Book Review* "A powerful creation of time and place with dark threads of destiny and oppression and its roots in the almost Biblical soil of a storyteller's art."—Christopher Wordsworth, *The Guardian* "The characters in the novel live and breathe; and the landscape is so brightly painted that the trees, birds, elephants, and rivers of

old South Africa are characters themselves. A book not to miss."—*Kirkus Reviews* *Teaching the Spoken Language* Human & Rousseau
 Once upon a time in a fairy tale world, There were magical mirrors and golden slippers; Castles and fields and mountains of glass, Houses of bread and windows of sugar. Frogs transformed into handsome Princes, And big bad wolves into innocent grandmothers. There were evil queens and wicked stepmothers; Sweethearts, true brides, and secret lovers. In the same fairy world, A poor boy has found a golden key and an iron chest, and " We must wait until he has quite unlocked it and opened

the lid . . ." A classic collection of timeless folk tales by Grimm Brothers, Grimm's Fairy Tales are not only enchanting, mysterious, and amusing, but also frightening and intriguing. Delighting children and adults alike, these tales have undergone several adaptations over the decades. This edition with black-and-white illustrations is a translation by Margaret Hunt.

Marginal Lives & Painful Pasts Theatre Communications Group
The search for a means to an end to apartheid erupts into conflict between a black township youth and his "old-fashioned" black teacher.

On stage, Finn is Thor. Angry and invincible. Yet for all his potential, people always leave him. Kayla is the only girl he's ever met who's worth loving. The only one he's ever wanted to be worth something for. Kayla knows she's weird and unlovable. But she

wants to believe there is no reason to be sad anymore. In each other Finn and Kayla find the only place they've ever belonged. Until the ghosts from the past come to break them apart.

The Hidden Life of Hanna Why AFRICAN SUN MEDIA

A young boy is shipwrecked on a deserted coastline of Africa. 9 yrs+
Sing Down the Stars
University of Chicago Press

This moving poetry collection from the Booker Prize-winning author finds strength and hope while reflecting on the complex issues that have burdened Africa. First published in 1992, Ben Okri's remarkable debut collection features poems that are now considered

classics and taught in schools and universities worldwide. Here he plays with the mystique of the African continent, countering simplistic narratives of suffering that have been imposed on it with vibrant, nuanced portraits of the traditions and resilience of African peoples. An invaluable window onto Okri's experiences as a Nigerian immigrant to the United Kingdom and as a writer discovering his calling, these poems also speak to universal truths about love, injustice, and the search for meaning. *The Choice Between Us*
Arcadia Publishing
In this book the authors examine the nature of spoken language and how it differs from written

language both in form and purpose. A large part of it is concerned with principles and techniques for teaching spoken production and listening comprehension. An important chapter deals with how to assess spoken language. The principles and techniques described apply to the teaching of English as a foreign and second language and are also highly relevant to the teaching of the mother tongue

Afrikaans Sonder Grense 3 Cambridge University Press
Lindbergh's own account of his historic transatlantic solo flight in 1927.

Sharkey's Son CRC Press
In this book, Doris Penka delivers a cross-

linguistic, unified analysis of the semantics and syntax of negative indefinites, as in the expressions nobody, nothing, no (as determiner), never and nowhere and their counterparts in other languages. While it is standard to assume that negative indefinites behave like negative quantifiers, the author argues that these expressions are not inherently negative and are only licensed by a covert negation. In an analysis motivated by three phenomena found in the structure and semantics of negative indefinites in different languages - namely negative concord (in which multiple occurrences of negative constituents express a single negation), split readings (in which

negative and indefinite parts take scope independently of each other), and the limited distribution of negative indefinites in Scandinavian languages - Doris Penka considers data from a wide range of languages and reviews

the most recent literature on the semantics and syntax of negative indefinites. Her book will interest all linguists working on negation in particular and the syntax-semantics interface more generally.
